however. A few days ago Harry King and Charlie Butts were up at

ducks. Some really fine specimens were seen approaching and, said

Charile, "by gosh they're geese." Whereupon the two hunters let loose with a barrage that rocked the boat.

aim was accurate and two o

JUST NATURALLY, the car that started first, is the car that's ahead right now in the march of motoring progress! Yes, Oldsmobile brings you the benefits of its extra experience in such revolutionary advancements as Hydra-Matic Drive*-the pioneer no-shift drive that's finest because it was first in the field, and has been proved and improved through actual billions of miles of driving in

The great new Oldsmobile "Rocket" Engine is another first from the continent's most experienced car maker. Pioneered two years ago, it has already started a major automotive trend toward valve-in-head engines of much higher compression-but the "Rocket" is by far the greatest because it's first, it's backed

by many more years of research, development and perfecting! And all through every model of the 1950 Oldsmobile "88" and the '76", powered by its improved "Big Six" Engine, there's example after example of Oldsmobile quality leadership . . . advantages that come to Oldsmobile owners because Oldsmobile, the car that was first in the field of all cars made on this continent today, has the good habit of keeping the lead!

So, go ahead-go years ahead-with an Oldsmobile! *HYDRA-MATIC DRIVE . . . The truly automatic drive that outmodes the elutch pedal entirely! Proved by billions of miles of driving since Olds pioneered it more than 10 years ago. So simple, so relaxing . . . such a thrill! Standard equipment on Rocket-Powered Olds "88", optional at extra cost on "76" 6-cylinder models.

THIS FALL : . .

Thousands of people are still enjoying the beauties of the Canadian north. Holidayers everywhere are marvelling at the wealth of scenery and the abundance of wild creatures.

This natural heritage is yours to enjoy. it becomes depleted, it can never be replaced. If we all obey the rules of conservation we will be assured of even finer holidays in the years ahead. Think of tomorrow-Canada, with her forests and wildlife, streams and lakes, is yours to protect
