EVENING GRANDSTAND

The evening Grandstand Show is booked through Geo. A. Hamid, Inc., of New York City who brought us last year's wonderful performance. Thrilling, spectacular, funny, beautiful. Franchise Volante, the daring Miss on the cloud swing; Johnny Welle's astounding trained bear act; Coco, Steve and Eddie, a comedy tumbling and teeter-board stunt trio; Shirley Lavallo, with a surprising contortionist act; Bob Bruce, harmonica virtuoso; Don Francisco, the sensation on the slack wire and Jean Wilkins at her electric organ. Don't miss this magnificent night performance.

Pen, Scissors and Pastepot

The proof reader on a weekly news paper was a woman of great precision and extreme propriety.
One day a reporter succeeded in getting into type an item about "Willie Brown, the boy who was born in the west end by a live wire."
On the following day the reporter found in desk a first night note, asking: "Which is the West end of a boy?"
It took only an instant to reply: "The end the son sets on, of course."

The weird wonder of the skies on Sunday caused great consternation among the people. Some thought it was the end of the world; others thought the third world war had really started and that the dropping of atomic bombs somehow blotted out the sun. Others probably didn't think very much about it. In any event it was a rare phenomenon — something we will probably never see again in a lifetime.

A fifteen year old girl out in California shot and killed a seventy-five year old man because, as she said, "she wanted to kill someone awful bad." It is to be hoped her disease is not catching.

Even according to the weekly road bulletin sent out by the Ontario Department of Highways the only stretch of highway between Windsor and Fort Erie listed as rough is that section between Simcoe and Jarvis. It would seem therefore, that the Simcoe Board of Trade is on sound ground in asking for some action to put this section of No. 3 Highway on a par with the rest of the route.

Periodically Tom McCall, Ontario's Deputy Minister of Travel and Publicity takes time out to tell the Tourist Camp operators and others catering to the Tourists some of their weaknesses. It is to be hoped they listen to him and do something to ward putting their houses in order if Ontario hopes to remain the mecca for tourists it has been in the past and which by reason of its location, future. It is a recognized fact, however, that some of those catering to the tourist trade are so far below reasonable standards it has an extremely detrimental effect on the overall increase in tourist travel the department is striving to obtain.

This is the time of year when cattle feeders should watch Sudan Grass. This is one of the good emergency pasture crops but it would be well to avoid pasturing a stand that has been severely frozen. While no authentic reports have been received in Ontario, there have been cases across the province where the livestock have been poisoned by feeding on frozen Sudan Grass.

Miss Dorothea Hudson of Niagara Falls and Mr. W. Reynolds of Hamilton, spent the week end with the former's mother, Mrs. Edith A. Hudson in Jarvis.
Mr. and Mrs. Earl Marr and daughter Helen returned home on Friday of last week having visited with relatives and friends in Blenheim and the state of Michigan.

THIS FALL . . .

Thousands of people are still enjoying the beauties of the Canadian north. Holidayers everywhere are marvelling at the wealth of scenery and the abundance of wild creatures.

This natural heritage is yours to enjoy. But once it becomes depleted, it can never be replaced. If we all obey the rules of conservation we will be assured of even finer holidays in the years ahead. Think of tomorrow—Canada, with her forests and wildlife, streams and lakes, is yours to protect.
