SHE'LL SOON be back - her cheque cashed, her deposit made, her bank book written up.

Mrs. Johnson's is one of the 3,200,000 new bank accounts opened during the past ten years. Like most people nowadays, she relies on her bank to safeguard her money; she expects her bank book to show how she stands; she finds bank cheques convenient to pay larger bills.

The chartered banks appreciate - and depend on — the confidence of depositors like Mrs. Johnson. For the money which Canadians keep in 8,000,000 bank accounts provides the basis for bank lending. Safeguarding these funds is the banker's first concern.
