## AVOID CROP DAMAGE

AIRCRAFT DUSTING is the efficient, modern way of controlling insects on red clover and alfalfa. There is no injury to crops from machinery — costs no more than ground dusting or spraying — is fast and effective.

LEAVENS BROTHERS have dusted more than 40,000 acres over a period of five years. Qualified Pilots and experienced fieldmen assure accurate and thorough application.

C.I.L. 7½% D.D.T. DUST, specially formulated for aircraft application and the control of seed destroying insects is used by LEAVENS BROTHERS.

Early morning and late evening applications insure maximum protection for bees and wild pollinators.

This Fall have the leaders in insecticide manufacture and insecticide application increase YOUR seed yield.

WHAT ARE FATHERS MADE OF?

A father is a thing that is forced to endure childbirth without an anesthetic.

A father is a thing that grows when it feels good — and laughs loud when scared half to death.

A father never feels worthy of the worship in a child's eyes.

He's never quite the hero his daughter thinks — never quite the man his son believes him to be — and this worries him, sometimes.

So he works too hard to try and smooth the rough places in the road for those of his own who will follow him.

A father is a thing that gets very angry when the first school grades aren't as good as he thinks they should be.

He scolds his son — though he knows it's the teacher's fault.

Fathers are what give daughters away to other men who aren't nearly good enough — so they can have grandchildren who are smarter than anybody's.

Fathers make bets with Insurance Companies about who'll live the longest.

One day they lose — and the boy's paid off to the part of them they leave behind.

I don't know where a father goes when he dies.

But I've an idea that after a good rest — wherever it is — he won't just sit on a cloud and wait for the girl he loved and the children she bore.

He'll be busy there too — repairing the stairs — oiling the gates — improving the streets — smoothing the way.

— (Paul Harvey)

The power of the Press must be terrific. We wrote a slightly scorching piece for this week's paper concerning the uncut weeds around the Village.

On our way to the office to place the copy on the book for the linotype machine, we noticed the weeds had been cut, or at least some of them had been cut.

The only thing to do under the circumstances was to throw the copy away and dig up something fresh.

But it just goes to show how influential a newspaper can be.

Attorney-General Warner of British Columbia announces that his Province is going to start cracking down on slow-poke drivers.

It will be an offense, hereafter, to drive at such slow speed as to impede traffic.

We have long been of the opinion that slow drivers on main highways are indirectly responsible for more accidents than the so-called speeders.

Our two lane highways were never meant for pleasure driving especially so since the tourist traffic has increased to its present heavy flow.

The average tourist, travelling hundreds of miles, is not inclined to drive much below the speed limit and we can think of no good reason why he should.

The slow driver encourages risks in passing that would never otherwise arise and it is at such times that accidents occur.

The No. 2 man at the fire the other night was our sports editor and it wasn't his nose for news that got him there so early.

Neither was he returning home from work, that is to say certainly not from a paying job.

We are wondering what he was doing out at 3 A.M. if he wasn't in company with some female.

## ANNOUNCEMENT

We have purchased the stock of a monument dealer, who is retiring from business, and will have this, together with our present large stock, on display by Friday, July 21st.

If you are considering the erection of a monument or Grave marker, in time for your Cemetery Decoration Day, we would advise you to see this complete line before making your final decision. Orders will be filled according to the date received.

We are open every day except Sunday, but for your convenience evening appointments may also be arranged by simply mailing a card stating what night you would like to come to the shop.

## News of the Countryside

From The Record's Correspondents

ERIE

Messrs. Bert and Ted Mitchell and Mrs. Leslie Keen attended the wedding of Miss Barbara Waterhouse held in Hamilton on Friday, August 3rd.

Miss Annie Keen of Leamington is spending a week with relatives here.

The Women's Missionary Society will meet at the home of Mrs. Wilson McBurney on Thursday afternoon, August 14th. Quitting will be the work.

Mrs. Edward Cole and family have returned to their home at Burgessville after spending a week with Mr. and Mrs. Henry Kohl.

Editing a newspaper must be a healthful occupation. Harmon E. Rice has announced his retirement from the Editor's chair of the Huntsville Forester after serving the paper in that capacity for fifty-two years.
