Hockey News

— By Allan Awde —

Happy New Year ! hockey fans, we're back with the hockey news of the past week. Since our last column, four games have been played in the Ellis League and Selkirk seems certain of clinching first place Another sure thing seems to be that Garnet will take the last spot. The other two positions look like a toss-up. The line of Cec. Weaver, Russ Steele and Charles Cox are the pick of the League at the present time. In the last two games they have picked up six goals and six assists. Cec. Weaver is top scorer in the league having picked up three goals and three assists this past week. He now has a total of nine goals and eight assists. Monday night was Weaver night in the game against Garnet as Cec. picked up three goals Glen two and Cliff one.

Kohler is playing a very good game at the present time as they are really flying - both ways. Fisherville is still on the skids and may yet give Garnet a race for the cellar.

Garnet team appears to need more reserves. Monday night they iced only a nine man team, and we may say, those nine boys turned in a very good performance. We thought Gord Miller and Jack Phibbs turned in an outstanding game. We have a suggestion where Garnet could pick up some extra players — the one we heard, has Charlie Graham and "Timmy" Hazlett on a line with ourselves. That line would be called the "Equator Line" — not hot, just imaginary. On defense they could have Bill McMurchy and Herm Fess, while Norm. Graham could play goal, either standing up or lying down - it wouldn't make much difference as to height.

Just when things got dull "Mocker" always does something to create a little excitement. In a game against Kohler recently, Bruce was clipped on the head and immediately returned the compliment. In an argument after the game with Soggy Green, he drew a one game suspension, and as a result, missed the Selkirk game. We can't say as we blame him, if someone informed us they were going to clip us over the head as that chap did and which he has done to other players this year, we'd blow our top too.

Well, we guess we had better tell you a bit about the Monday night games.

In a two period opening game, Selkirk defeated a short-handed Garnet team by a six to two score. Gord Miller drew the only Garnet penalty of the game at the 40 second mark when he grabbed a loose puck. At the 5.05 mark Cec. Weaver scored unassisted and at 8.55 Glen Weaver made it two to nothing on a pass from Cec. Weaver. At 10.30 Meenfchefder was chased for tripping and at 16.15 Jack Phibbs scored to make the score two to one. In the second and last period, Selkirk scored four goals in a little over four minutes. Cec. Weaver from Cox at 1.10, Cliff Weaver at 4.53, Glen Weaver from Cliff Weaver at 5.15 and Cec. Weaver from Steele at 5.30. Jack Phibbs scored the other Garnet goal on a pass from A. Phillips at 9.37. The only two penalties in this period were to Steele at 6.55 for charging and Cox for tripping at 8.27.

In the nightcap, Kohler scored three fast goals in the first period and then hung on to win by a six to four score. Richardson opened the scoring at 1.15 with S. and G. Meadows drawing assists. Shank scored on a pass from Johnson at 6.45 and C. Nagel from Rickert at 7.25. Four penalties were handed out in the first, two apiece of Fisherville and S. Meadows of Kohler for roughing at 9.50, Ross Schurr of Fisherville for elbowing at 10.40, and Werner of Fisherville for tripping at 19.59.

In the second Kohler made it four to nothing at 2.03, Richardson from the Meadows brothers. Fisherville scored their first goal at 2.50, Paiz on assist. John Gee scored their second goal at 11.20 unassisted. Two penalties were issued in that period, Schurr for charging at 13.25 and Johnson for tripping at 14.20.

In the third, Paddon scored from Booker at 2.55, but Kohler came right back to score at 3.25, Shannon from Johnson and Nagel and Lint from Johnson and Nagel and Sheldon Meadows scored their final goal at 4.55. Willis Gee was waved off for interference at 7.10 but Fisherville scored while short handed. John Gee from Otterman at 8.37. Only other penalty in that period was to Baird of Kohler at 10.55 for interference.

As we already have a lengthy column, we won't bother with the line-ups, but the following is the league standing:

	P	W	L	T	F	A	Pts
Selkirk	7	5	2	0	32	12	10
Kohler	7	3	2	2	26	30	8
Fisherville	7	3	4	0	23	29	6
Garnet	7	1	4	2	23	33	4

SELKIRK BLANKS FISHERVILLE

GARNET, KOHLER TIE

Vern Weaver, veteran goalie for the Selkirk team, scored his second shutout of the season on Thursday, December 28th in Cayuga, when his teammates rapped in six goals against Selkirk. Selkirk, greatly improved team since the early part of the season, had little trouble after the early part of the second period, as they were in on top of Yager most of the time. The game was free of penalties and no scoring was done in the first period. In the second, C. Kinsly took a pass from Cec. Weaver and scored at the :35 mark. At 12:- G. Weaver scored from Cec. Weaver. At 17:20, Cox scored from Cox at 12:57 and scored again unassisted at the 14:08 mark. John Gee looked best for Fisherville and missed their best scoring chance when he broke away and then shot wide of the open corner.

Fisherville—Goal, Yager; Defence, Otterman and Booker; Centre, L. Smith; Wings, G. Naker and W. Gee; Subs, Paddon, J. Gee, Campbell, Held, Kinnear, Schurr and Bacher. Selkirk—Goal, V. Weaver; Defence, Kindy and I. Weaver; Centre, Cec. Weaver; Wings, Cox and Steele; Subs, Abbott, Hedge, G. Weaver, Cliff Weaver, R. Weaver and Lindsay.

In the second game of the evening, Garnet and Kohler staged a nip and tuck battle and ended up in a four all tie which was about the way it should have ended, on the night's play. Kohler took the lead in the game at the 4.05 mark when Shank scored on a play with G. Meadows and Penrose. Bob Nixon tied the score on assists from Opersko and A. Phillips at the 6.20 mark. One penalty was issued in the first, Baird of Kohler being chased at 15.45 for high sticking. In the second, C. Penrose put Kohler one up at 2.40 on a pass from Shank. A. Phillips tied the score at 13.15 on passes from Meehan and Thomas At the 19.40 mark Meehan was chased for tripping. The third period was just under way when J Phibbs was sent to the cooler for tripping. This penalty came at 1.03 which left Garnet two men short. Seventeen seconds later Kohler took the lead. Shank scoring from Baird. At the 5.10 mark C. Nagel was chased for boarding, but no harm was done while he was off. Reg. Anderson drew a penalty at the 9. minute mark when he dumped a Kohler player over his skates. Ten seconds after he returned to the ice, Jack Phibbs scored the tying goal, unassisted. At 14.40 Kohler scored what looked to be the winning goal when Richardson scored from Baird. Only twenty seconds remained to be played as the last period are only of fifteen minutes duration. However A. Phillips who was flying all night, tore in the Kohler end and as he crossed in front of Mehlenbacher, fired the tying goal. This goal came at 14.53 and the Garnet fans almost raised the roof. In the absence of Goal Miller, Ken Opersko teamed up on defence with Anderson, while Meehan and Carpenter played together. The Garnet team are improving; the line of A. Phillips, Nixon and Walker should form a good line while the other line of R. Phillips, Phibbs and Thomas are dangerous as well as being good checkers.

The lineups for the second game were: Garnet—Goal, Stallwood; Defence, Meehan and Carpenter; Centre, A. Phillips; Wings, R. Phillips and Thomas; Subs, A. Phillips, Walker, Opersko, Anderson and Nixon. Kohler—Goal, Mahlenbacher; Defence, Johnson and Baird; Centre, G. Meadows; Wings, Richardson and S. Meadows; Subs, Shank, Penrose, R. Link, B. Link, C. Nagel, Rickert, S. Lint and K. Meadows.

RECORD BREAKER

The newly-reconditioned flagship of the Canadian Pacific's Atlantic fleet, the 26,000-ton Empress of Scotland is pictured above as she passed Father Point on the St Lawrence River just 120 hours and 36 minutes out of Greenock, Scotland, to establish a trans-Atlantic record between those two points on her post-war maiden voyage completed recently. Plying between Liverpool, Greenock and Quebec City, the three-fun neled speciaster carried on her first voyage the All-England Football Team (lower left). Lower right inset shows the skipper of "Scotland", Captain E. A. Shergold, who was largely responsible for the record passage.

BIRTH

PARSONS—At Wyandotte, Mich. U. S.A., on Saturday, December 30th, 1950, to Mr. and Mrs. John Lundy Parsons, a son, Christopher John.

Champion Canadian Plowmen Leave for Abroad January 5

Herbert Jarvis Hugh Leslie

The fourth team of champion Canadian plowmen in as many years will sail January 5th to take part in matches and to observe agricultural methods and conditions abroad.

The champion plowmen are 28-year-old Hugh A. Leslie of Georgetown, Ont., and 37-year-old Herbert Jarvis of Agincourt, Ont., gold medallists in the Esso Trans-Atlantic tractor and horse plowing classes respectively at the International Plowing Match held near Alliston last October. V. C. Porteous, former member of parliament and past President of the Ontario Plowmen's Association, will accompany the plowmen as team manager.

The three sail from New York aboard the Queen Mary for a month's tour of the United Kingdom as guests of Imperial Oil, sponsors of the Trans-Atlantic plowing classes. Before taking part in the British matches they will spend two weeks on the continent at their own expense.

For all members of the plowing team this will be their first overseas trip. All are anxious to see how things are done on the other side of the Atlantic and to visit the many points of historic interest there. They will fly back to Canada about February 16th.

REV. J. M. CAMERON MOVED TO LYNN

At St. Paul's Sunday School concert the opening ceremonies took place as a farewell to a beloved Rector and his family. The Rev. J. M. Cameron has been moved to a new parish at Lynn, Ont., in the Diocese of Ontario. A pot luck supper was enjoyed, after which the People's Warden, Mr. Leighton Holmes, acted as chairman and called upon Mr. John Fleming, Vice President of the Sunday School Club. John called on John and Fred Cameron and on behalf of the Sunday School, presented each with an autograph book. Also to Mr. and Mrs. Cameron, the Sunday School presented them with a desk address book.

Mr. Holmes then on behalf of the congregation, presented Mr. and Mrs. Cameron with a purse. Each responded fittingly and spoke of their pleasure in their work at Jarvis. Mr. and Mrs. Cameron with John and Fred will be greatly missed and their place hard to fill.

After supper the Sunday School concert took place. Mr. Fred Weir, Superintendent, acted as chairman and the following short program was presented: Piano Solo, Miss Glenda Reichelt; Stories, Miss Janet Buttle From Elliott School, Miss Edna Dove with her pals, gave a five act play entitled "A Mouse to the Rescue," Santa Claus arrived and gave out gifts to all present.

Trains travel faster than you think!

New Post Office For Jarvis Machell Property to be Site

IN MEMORIAM

WRIGHT—In loving memory of dear Sister and Aunt, Mary Jane (Jennie) Wright, who passed away December 31st, 1949.

One year has passed since that sad day.
When you so quietly slipped away.
We miss you so, and your empty chair.
In the home you left is hard to bear.
Ever remembered by The Family.

Mr. Stanley Burditt, local Post Master, advised The Record today that he plans to build a new building to accommodate the Jarvis Post Office just as soon as weather conditions will permit construction to begin.

The New Building will be located on the Machell Property three doors north of the Bank of Commerce on the west side of Main Street. It will be of cement block and brick construction and will provide in excess of 1,000 square feet of space inside. New screen line boxes will be installed with facilities for a lobby which will be open from 8 A.M. until 6 P.M. daily, except Sunday.

The decision of Mr. Burditt to construct a new building for the Post Office followed a demand from the Post Office Department for additional space to that afforded in the present premises. Mr. J. M. Williamson is the owner of the present Post Office Building and it is understood he could not provide the required facilities there without a major re-construction job being undertaken.

The present plans are for construction to start just as soon as possible with a view of having the project completed and ready for occupancy not later than June 1st.

The location is regarded as favorable in view of the fact it is centrally located in the Village.

Merchant Suffers Heart Seizure

Andrew A. Miller, local merchant, suffered a heart seizure about 2.30 P.M. on Saturday afternoon which necessitated his removal to St. Joseph's Hospital in Hamilton. Latest reports are that he will have to remain in Hospital for two or three weeks and will be confined to his home for several weeks after that.

The attack struck him as he was returning to his store from the home of Mr. J. A. Duncan where he had delivered an order. He fell to the sidewalk in front of Munroe's Restaurant. Mrs. Munroe called for assistance and Ted Jeffs, J. A. Duncan and Arthur Phillips carried him back to the Duncan home. An unidentified nurse who was in the restaurant at the time rendered assistance until the arrival of the Doctor.

He was removed by ambulance to the Hospital about 7.30 o'clock in the evening.

We are pleased to report that his condition yesterday was as good as could be expected.

On The Farm Front

BRIEF NOTES FOR THE BUSY FARMER

— By Haldimand Harry —

Do not use lime on manure ! In spite of the fact that this column has repeatedly emphasized the warning, we still hear of some farmers who are continuing to use ordinary agricultural lime in their stables, on the floor, and in the gutters There is little doubt but that the lime will do a job in so far as making the premises look cleaner and more wholesome. At the same time the lime combines with the nitrogen in the manure and goes off in the form of ammonia gas. The result is the loss of all of the nitrogen in the manure. This can amount to a considerable loss in a year's time.

-oOo-

It is true that lime is cheap and probably considerably cheaper than stable-phos, but the stable-phos will do the same job that the lime will do in making the premises cleaner and at the same time will do much to absorb the liquid manure and disinfect the premises generally as well as fortifying the manure with phosphate, the one element in which manure is low.

There is plenty of evidence to show that manure fortified with phosphate will do a much better job on the field than manure not so treated. Phosphorus used in this way should be considered as an investment and not an expense.

-oOo-

If lime is needed on the soil, it should be applied to the soil and not through the manure. Applying it in this way is most expensive and will offset any value that it would have on the soil.

-oOo-

Seed prices for 1951 have recently been recommended by the Seed Marketing Committee of the Ontario Crop Improvement Association. The following minimum prices have been given:

Oats, Commercial No. 1, $1.50 per bushel.

Oats, Registered No. 1, $1.75 per bushel.

Barley, Commercial No. 1, $2.35 per bushel.

Barley, Registered No. 1, $2.60 - $2.75 per bushel.

All prices are based at the farm or local shipping points and with the bags included.

-oOo-

It would appear that the quality of seed is excellent this year, although there have been some cases where there has been some discoloration has taken place. However, if the germination and purity are satisfactory, a slight discoloration is not harmful, and there will likely be a good demand for such seed at a slight discount from the above prices.

-oOo-

Recent reports indicate severe damage to open pollinated varieties of seed corn by reason of an early freeze-up. However, it is expected that there will be sufficient quantities of hybrid seed corn available for the 1951 requirements.

-oOo-

If you see alfalfa seed that has been red stained, you can figure that it is a danger sign. For the first time in a number of years, alfalfa seed is being imported from France and some from the Southern States. The hardiness of this seed is in doubt and the Federal authorities are requiring it to be stained for this purpose. The differential in the price of domestic alfalfa and the stained seed may run as much as 20c per pound.

-oOo-

Farmers are urged however, to purchase Canadian grown alfalfa if at all possible even though they may have to shade their usual rates of seeding by a pound or two. It would be better to be assured of a crop at the slight extra cost of $1.25 - $1.75 per acre than to take a chance on stained seed. In cases where stained seed is used, the rate of seeding should be increased by about 25 per cent.
