Pastepot

We should be rewarded some day considering the number of students we have helped through College. But it seems our generosity in this direction will not be called on in the future. The Canadian Central Registry of Subscription Representatives has been established for the express has been established for the expression of purchased with the sales ladies). We frankly admit we were never too generous with the salesmen who were putting themselves through College via the magazine subscription method but for some reason or other our resistance always weakened whenever the opposite sex put in an appearance. After all who could refuse a poor little girl who needed only one more subscription to guarantee her degree. The C.C.R.S.R. members whose salesmen get out of line, in the future, will be subject to a fine up to \$500. How are the girls ever going to get through College now?

It is about a hundred years ago

It is about a hundred years ago that Abraham Lincoln gave voice in various addresses to the substance of

lar more work for the dollar we receive, we would all come pretty near getting back the one-half dollar we are losing because our dollars are only worth one-half as much."

Early in May, Finance Minister Abbott expressed the same thought in his appeal to Canadians to work an extra forty minutes daily "to help slay the dragon of inflation." The extra forty minutes, he pointed out, are required to produce the additional 10 per cent worth of production needed to avert the grave danger, the calamity of run-away inflation. In inch-and-a-quarter headlines, the Communist Newspaper, The Canadian Tribune delicately answered, "NUTS TO YOU, MISTER ABBOTT".

Surely Canadians need no further evidence that Mr. Abbott was giving them sound advice.

We so far have found the cost of living here very reasonable. We get paid in American dollars and each one of those is worth 2½ pesos. Some of the foods that we buy at the commany and the price is held down. Trices in the city of Barranca are very reasonable unless the goods are imported from U.S.A. A boy came to school today with a good watch, much better than mine. It was a present and had cost 75 pesos which in the commandation of the foods that we buy at the commany and the price is held down. Trices in the city of Barranca are very reasonable unless the goods are imported from U.S.A. A boy came to school today with a good watch, much better than mine. It was a present and had cost 75 pesos which in the use of the language of the local market for you. Fruits and very sell everything and even have barbers on the market. There are in the school boards of the County and each one of those is worth 2½ pesos. Some of the foods that we buy at the get paid in American dollars and each one of those is worth 2½ pesos. Some of the foods that we buy at the commandation of the foods that we buy at the commandation of the foods that we buy at the commandation of the price is held down. The commandation of the foods that we buy at the commandation of the school boards of the County and each o

place is an experience to visit. They sell everything and even have barbers on the market. There are innumerable bars and little cafes right on the market.

We are not accomplished linguists in Spanish yet. We get by and that is about all. We have learned how to get around our difficulties with the strange language but so far we have not worked hard enough at learning to speak Spanish which would be the correct way around our troubles. When school closes on the fifteenth of June both Jean and I are to take Spanish lessons. We shall likely be working in the offices during our summer vacation. It all adds to the experience angle and that was one reason we came.

To a preson have been donated throw silver cups have been donated and will be presented to the Senior Girl with the most points. The Senior Girl wint the most points. The Senior Girl with the most points was the Senior was points and Earl Drinkwater of Hagersville Public School, with ten points was the Senior was points and Earl Drinkwater of Hagersville Public School, with ten points. The Senior Girl with the most points was the Senior Will with the most points and Earl Drinkwater of Hagersville P

likely be working in the offices during our summer vacation. It all adds to the experience angle and that was one reason we came.

To a person brought up in flat old Walpole, it is quite an experience to live down in a valley surrounded by mountains. We are actually low where we are but there are high mountains all around us. When you go any place from Barranca by plane you really see some interesting country. Between us and the mountains is jungle. It comes quite close and is filled with everything we learned about in school.

While working at the blackboard today I stepped backwards and crushed a small lizard. He was only about five inches long and quite harmless but that did not increase his popularity any. There are a lot of iguanss in the camp here They are flizards which grow up to four feet in length. They live on insects and young plant leaves and are more afraid of humans than the humans are of them. We have one around our house about two feet long. The only time we see him is when we are sitting by the window quietly reading. I have some pictures of him taken from the patio.

This has turned out—to be a real narrative. We have, and will, enjoy the Record. Give our regards to Nellie and the family. Denton will likely want the stamps. The one marked Cruz Roja is the Colombian way of supporting their Red Cross. It is used only for this mon th. The one marked A is the Avian ca stamp and the others are government stamps. The yellow orchid one is new.

Yours sincerely,

Yours sincerely,

Sawyze; 3rd, Beessie Prince.
