To honour public spirited citizens, engineers and builders, Ontario Hydro is now naming its large projects after men who have in great measure been responsible for the important position occupied by your Hydro in the industrial, commercial, rural and home life of the Province.

Pictured are men whose service in the field of hydro-power was so recognized at the 42nd Joint Annual Meeting of the Association of Municipal Electrical Utilities and the Ontario Municipal Electric Association, held in Toronto, February 26th, 27th and 28th. Listed below are the projects which will perpetuate their names.

THE HYDRO-ELECTRIC POWER COMMISSION OF ONTARIO

The closest we have ever been able to come to a name for an ailment that has been plaguing us for the past ten years is "peptic ulcer". We are indebted to the American Orthopsychiartric Association for a diagnosis of the cause of the disease and also for a sure cure.

The studies carried out by the Association support the old theory that emotional conflicts cause peptic ulcer. The scientists found that ulcer patients tend to come from households containing alcoholics and other ulcer patients. (Nellie never told me she had ulcers). The studies also indicated that a man sometimes gets an ulcer to "save face." He develops physical symptoms ra-ther than admit he can't take res-consibility. Well, we'll have to acMitchell
