Every year we grieve a little every time we take a look at the once beautiful boulevards that used to line our two main streets. We grieve especially at this time of year because they are usually in their worst condition. We mentioned this trour Reeve the other day and he fully agreed with us that it was a shame they presented such a plowed-up appearance. In discussing the matter we even came to a conclusion that it is doubtful if the dogs roaming around town (sans leash) could possibly do as much damage in the gardens and flower beds (to say nothing of the upset garbage cans). We pondered a little on the advisability of licensing the individuals responsible for cutting up the boulevards.

of izing the Village Constable to impound them, if they were found roam ing at large after midnight. After much serious thought the Reeve felt such a by-law would be impossible to enforce. And we agreed with him. He pointed out that in the case of Comments of the constant of the consta Mr. and Mrs. Harold Porritt and

Further justifying anyone's opinion that "Red" is a good hockey player came with the Lady Byng "Gentlemanly conduct" award announced a few days ago. Both of these awards carry with it \$1,000. bonus, all of which should make "Red's" 1950-51 season a very successful one and it couldn't come to a better guy.

According to the latest figures just issued, there was subsidy paid on the transportation of 5,684,965 tons of agricultural limestone during the year ending March 31st, 1951. Those figures are for Haldimand County a-lone and represent an increase of 3,-ol19615 tons as compared with the amount for the previous year. In other words the amount of lime ap-plied during the leat wear was a long to the same and the premium of 6% all adds up to fairly cheap cost for this product from a-cross the line.

-OOAdded to this is the fact that local

other words the amount of lime applied during the last year was over twice as much as was put on during the previous year.

-OOSome may say that Haldimand is fast reaching the saturation point in so far as lime application is concerned. Actually we are only scratching the surface. During the past four years subsidl has been paid on 12,252,855 tons coming into Haldimand County. In reality the farms of the county could take this amount the low to which it has dropped. county could take this amount the low to which it has dropped
