"It makes such a difference"

Mrs. Helen V.... was so pleased by the courteous treatment she received from a bank teller during a holiday trip that on her return home she wrote:

"It was really a pleasure to transact my modest banking affairs with you and I think the bank is very lucky to have such a charming and welcoming young woman with them. It makes such a difference when one is travelling to feel so at home."

At your own local branch, at any branch of any bank, you will find bank people going out of their way to look after you, efficiently and courteously. That is the way the chartered banks compete with each other for your business.
