We are glad we mentioned letters to the Editor in this column a few weeks back. We have been doing right nicely in that department lately. The letters to the editor column in other newspapers is our favorite reading and while some may think the letters portray a lack of understanding in certain respects they are, at the same time, bound to clarify matters under discussion if the writers participate in the exchange in the proper spirit. Criticism is one of the finest things in our way of life although it may be hard to take sometimes.

The Jarvis Lions Club has lined up a series of summer events that should prove attractive to the public. On Sunday evening, July 27th there will be a Band Concert in the Jarvis Park. The Hagersville Band and supporting artists will provide a program that everyone for miles around should not fail to see and hear. During August Club activities include an evening of dancing at the Summer Gardens in Port Dover and on the 21st the Annual Family Night will be held at the Jarvis Park. On Monday, September 1st, the Club will sponsor a ball tournament at the Ball Park which will be followed by a Dance in the Arena the same night. Further Sunday evening Band Concerts are being planned for August and announcements in this regard will be made later.

In order to provide a site for a county park the County Council apparently found it necessary to pay approximately \$500, per acre for the land. That surely sounds like a lot of money at first glance and so far as our own personal desires are concerned we would just as soon see the sandy beach grow up with seaweed. But there is no denying the fact that the average citizen likes to have the benefit of a sea breeze particularly on hot summer days like these. And, as things stand

at present, he has a pretty hard time, particularly on week ends, to find a place to even get near the water. We think a public park along the lake will serve a useful purpose even though the cost may be high. The initial cost of the property could easily be insignificant if the park is developed in an attractive manner and from our point of view there is no point in having it if it is not developed. If any of our readers have any thoughts in this regard we would remind them that the letters to the editor column is not too crowded yet.

Although we don't see as much of them as we would like in the Jarvis Park, it is a good thing that the writers participate in the exchange in the proper spirit. Criticism is one of the finest things in our way of life although it may be hard to take sometimes.

A significant development in labor affairs in Canada is the announced strategy of the heads of the steel workers union to attempt to force industry-wide negotiations in their new wage contract. The basic steel mills in Canada are located in Hamilton, Sault Ste. Marie and Sydney. The United Steelworkers of America have formed a committee consisting of union representatives from the three widely separated mills and

approve findings of conciliation boards attempting to settle individual contracts at the three mills. In the United States, where the steel union has industry-wide bargaining, there appears to be a growing sentiment that such a concentration of power is not in the public interest. A bill has been introduced to the House of Representatives in Washington to make union subject to the federal anti-trust laws. Pur-

pose of the bill is to make employees at such plants do their bargaining with that plant's management. It is assumed that since this is a presidential election year, the bill will be vetoed by President Truman if it is passed; on the other hand, it might become law next year. It will be a curious situation if steelworkers in Canada succeed in enforcing industry-wide bargaining at a time when steelworkers in the United States lose that power.

Want to Keep YOUR Freedom?

We like to sing about this Canada of ours being "the true North rising free." It is a fine sentiment, and on the whole it has been quite true.

But our freedom is a thing which needs constant care lest it die here as it has died in so many other countries throughout history.

We cannot enjoy true freedom as a people unless we insist upon personal freedom. We lose personal freedom, and so contribute to the downfall of all freedom, every time we ask Government to plan or regulate our lives.

Collective bargaining; the right to dispose of our services and our property as we see fit; the right to freedom of assembly, speech and worship — all these we enjoy because freedom-loving individuals fought and, if necessary, died for them.

If we want to keep our freedom we must have the same courage and resolution.

Church Notes

ANGELICAN CHURCH NOTES

VISITOR
This Sunday, July 27th, the seventh Sunday after the Trinity, the visiting clergyman at St. Paul's and Christ Church, will be the Reverend J. C. Friker, B.A., L.Th., of the Church of St. Augustine-of-Canterbury, Hamilton, Mountain. Rev. Friker will deliver the sermon at both Churches.

GUESTS
The son of a former Rector of St. Paul's, Mr. L. Spencer of Port Arthur, and his sister-in-law, Miss Edwards of Toronto, paid a visit to Jarvis last Saturday. Mr. Spencer inspected his old "nec" the Rectory and recalled many of his boyhood memories. His father was the Rev. P. L. Spencer who was Rector from 1899-1907.

VACATION SCHOOL
During this past week at 2:30 P.M. in the afternoon, the Jarvis Vacation School has been held at Christ Church, Nanticoke. A large number of boys and girls have been enjoying it, in spite of the very warm weather. The school will hold its closing festivities and display on Monday evening at 8:00 P.M. in the Parish Hall. Parents and friends are invited to see the display on the evening of the 28th.

HOLY COMMUNION
The daily celebration of the Holy Communion at St. Paul's for Sunday will be held at 8:15 A.M. this Sunday in order that the Incumbent can exchange with Rev. Friker.

CHURCH SCHOOL PICNIC
The Teachers and pupils of St. Paul's Church School will hold their Annual Picnic at Norfolk County Park on Thursday afternoon, July 27th. Cars leave Jarvis at 2:00 P.M. The members of the congregation are cordially invited to the Church School picnic.

SERVICE OF HOLY COMMUNION
At 10 A.M. at St. Paul's 11 A.M. at Christ Church, Nanticoke.

Further proof of the value of inoculating legume seed comes in a quote from one of the American farm papers to the effect that the inoculation of soybean seed has been known to increase the yield as much as 30 per cent. That seems like a tremendous increase for such little cost. It does indicate, however, the need for this treatment especially where the legume crop has not been grown before. There is still time to treat your soybean seed providing it has not been planted.

Cutting small patches or the spraying of them with any one of the chemicals that are on the market is certainly to be recommended. As a matter of fact the latter method may be the more popular and may also be the more effective. The use of the selective weed killers can be safely followed on grain fields that are not seeded down. Fields that are seeded down to be destroyed.
