Now that our contention that the only gold in the hills of Norfolk is contained in the top soil, has been confirmed, we will expect our worthy contemporary in Port Dover to recognize the words of wisdom to be found in this column.

The Lions Club learned a valuable lesson as a result of their May 24th celebration. The lesson was that things are never as bad as they may seem. It will be appreciated how the members felt on May 24th. The problem was to know what to do about it. But with the energetic leadership of Lion Chief Albert Pond, it was decided to run the event a week later. The result? The most profitable celebration ever conducted by the Lions Club.

We have heard many very nice things said about the Lions Club Anniversary Show. There can be no question that it provides a type of entertainment quite different than anything folks in this day and age are accustomed to. The Lions Club is trying to do something for the children and young people in the community by conducting these shows each year and feel that so far some-thing has been accomplished. We know, however, that they would welcome any suggestions or ideas to make the show better and if any of our readers are interested, we would like them to write to the secretary of the Lions Club and let him know your interest in this regard would be a big help in the future.

**Have You Been Watching EGG PRICES?**

On May 29, Toronto was quoting country shippers 37c for A Large. On June 10, Toronto was quoting country shippers 50c. There's a rise of 13c in 12 days!

Not being prophets, we can't say how long or how far this is going to go! But it certainly adds point to the question we've been asking, "When egg prices are UP next fall are you going to be buying or selling?" If you are going to have laying room vacant, it might be mighty good business to order some of these well-started, fast-developing, early-laying, big-egg Bray pullets.

**LOOK: Low June Started Pullet Prices**

(Our choice of breed or cross)

3 WEEKS, \$25.90 per 100 4 WEEKS, \$30.90 per 100

If you are particularly interested in one breed or cross, ask for "customer's choice" price...a little higher, but still mighty reasonable. Day-olds, too, of course.
