## Report From Parliament

By A. Earl Carter, M.P.

Well over two months of the present session has come and gone and looking ahead with the possibility of seeing its completion it does seem as though July will be here and Parliament still in session if the legislation already introduced to come before the House is any criterion of the length of the session.

## Port Dover United Church Choir Present Fine Program

By A. Earl Carter, M.P.

The choir of the Port Dover United Church Choir on Tuesday evening, when they gave a very well arranged concert of choir and instrumental numbers together with interesting readings by the minister, Rev. George Morley.

## Women's League Formed By Ladies St. Patrick's Parish

By A. Earl Carter, M.P.

The women of St. Patrick's Parish, Port Dover, and the adjoining mission of Hagersville and Walpole, met in St. Patrick's Parish Hall, on the evening of May 7th to form a subdivision of the Catholic Women's League.

## High School Notes

By Diane Miller

The "Open Night" has been decided and it will be held on Thursday night, May 22nd. A varied program is promised with individual dances, including a fashion parade, choruses, skits and class plays. The fashion parade will be of great interest as the girls have made some very attractive summer dresses this term. Nearly everyone has a part in the program so be sure to make it a date to attend Opening Night at Hagersville High School.

## CARD OF THANKS

I would like to thank all my neighbours and friends for cards and letters and friends and flowers sent to me while I was in the hospital. I would especially like to thank Miss Helen Marr who called on me several times while I was there.

— Mrs. Joe Hunt

## NANTICOKE WOMEN

The May meeting of the Nanticoke Women's Institute was held in the basement of the United Church, the Super Club girls and their mothers being our guests.

The meeting was opened with the singing of the Ode followed by the reading of the minutes.

Gordon Jackson then gave a word of welcome to the girls. Dorothy Vokes introduced a 3-act play in which the girls showed us the right and wrong way of producing and in the second case where there are too few buildings or the buildings have too small an area to properly store the produce, stock or machinery.

## INDUSTRIAL BUILDINGS

Industrial property is some what in the same category as farm property. It has its greatest value when it is enjoying its best use. If the buildings are not suitable for the type of manufacturing being carried on, the cost of production is naturally increased and therefore the industry finds it difficult to meet competitive prices.

## NOTICE

All owners of dogs are given final notice herewith that a tag to be worn by dogs is required by the provisions of By-Law No. 168 which prohibits dogs from running at large during the months of May, June, July, August and September. Prosecutions will follow.

## PETER BANKS, Constable

have been opened up in a nearby area have attracted the trade. Unfortunately, these conditions are not as applicable to residential property. (In the next article, you will be told the steps you may take to obtain a reliable impression of the community and of the local Christian Reformed Church and paragon.

ENROUTE TO KOREA

## Lions Club Finalize Plans For May 24th Celebration

PRIVATE MAX McMillan, R.C.A.M.C. is on his way home after four months in Korea. Mr. and Mrs. Brad McMillan have been notified by the Department of National Defence that Max left Yokohama, Japan two weeks ago in a group of 800 Canadians and is due to arrive at a west coast port on May 15th.

The regular meeting of the Lions Club this week was given over almost entirely to finalizing plans for the big May 24th celebration next week end. The Lion Club, Albert Pond, received reports from all committees to check on progress in arrangements for one of the biggest and best shows ever sponsored by the Lions Club.

He expressed his satisfaction with the efforts of the various committees and said he was satisfied that the public would appreciate the tremendous effort put forth to provide entertainment on the celebration of Queen Victoria's birthday.

The club members were asked to do everything they could to make the celebration a parade and a success. The parade will start the day's proceedings at 1 o'clock. The parade will form up at the C.N.R. station yard and proceed down Main Street, to Talbot and thence to the park. The Hagersville and Jarvis Lions Clubs will lead the parade and several professional drum majorettes will take part.

There will be three bands during the afternoon and one game at night. In addition there will be dancing in the evening. The usual games will be set up in the lower part of the arena which will operate both afternoon and evening and there will be a candy scramble for the kids in the afternoon as well as pony rides. Of course there will be refreshments and the chairman of the parade, Bert Johnson, has every facility this year with his new refreshment booth to provide the best kind of service.

The evening show has been changed this year and the features will be the Amateur Show which has heretofore been held in the afternoon. The Amateur Show promises to be really worthwhile. Already many entries are in and many more will be better than ever and not many will want to miss this spectacle.

The deceased was a member of the Chesapeake United Church and an active worker in the W.A. and W.M.S.

The funeral was held from her late residence with service at the Port Dover United Church. Rev. L. A. Knox, officiating. Interment was made in the adjacent cemetery. The pallbearers were: Russell Hare, Ralph Lefebvre, Rodney Lefebvre, Austin Ford, Amos Bartlett and Craig Werner. Flower bearers were: Albert Sheppard, Stanley Sheppard, Chris Smelser and Sanford Schwyer.

Four members of the Jarvis Lions Club have a perfect attendance record since the Club was chartered in 1947. This means that they have attended every semi-monthly meeting of the Club. This record was presented to Geo. W. Walker when they were presented with 100 per cent attendance buttons.

The four members are David Banks, Albert Pond and Robert Porc. The presentation was made by Lion Glen Reichel.

Other perfect attendance buttons were presented to Geo. W. Walker with perfect attendance since 1948: Bill Adams, Alan Auld, Bill Bray, Jim Doughty, Fred Fish, Les May, Neil Marshall, Ted Montague, Stan Moore, Rusty More, Stan Smith, Albert Pond and Lorne Porc. In presenting the buttons Lion Glen Reichel complimented the members and pointed out that few clubs could point to such an outstanding record as the Jarvis Club in the matter of Club meeting attendance. This was a factor in the success of the organization since it was chartered.

The regular monthly meeting of the Jarvis Fireside Club will be held in the Sunday School Room of Wesley United Church on Thursday evening at 8:15 P.M. in the form of a "Hobo Party". Everyone is requested to come in costume and bring a "White Elephant".

The following names were omitted from previous lists published: Tomlinson, Shed JARVIS \$1.00 Mitchell, John J. \$3.50 Pond, N. R. 25.00

APPOINTED PRINCIPAL  
Mr. William Duxbury, son of Mr. and Mrs. James W. Duxbury of Walpole, has been appointed Principal of the Cayuga High School commencing in December. Mr. Duxbury is presently on the staff of the Cayuga High School.

Mr. B. Jan Nydam, son of Mr. and Mrs. D.V. Nydam, of Port Dover, was married at 8 P.M. in the local Christian Reformed Church this week Thursday evening. The marriage was originally planned for last week, but was postponed for one week due to the illness of the bride. The service will be in the Holland Islands.

Then we have farms which are termed overbuilt or underbuilt where the first case there are too many buildings or the buildings are too large for the amount of acreage. It is a question of the value of the land and the value of the buildings. The same would apply to a farm in an area where the climate conditions caused a short growing season. For instance, while the soil texture in areas of Northern Ontario is similar to that of some of the Southern Ontario Counties yet the short growing season prevents the raising of certain crops. This is an example of how location affects the value of the land.

While it will cost over \$20,000 to build a house (including the land) on a 100 acre general purpose farm, yet the farm will only sell for an average of from \$7,000 to \$10,000. If the soil on a farm is poor, hard to work or too wet to work until late in the spring this lessens the value of the farm, no matter the cost of the buildings.
