

Will YOU be BUYING OR SELLING when egg prices are UP next fall?

Will you be buying eggs next fall, when egg prices are up again, or will you have eggs to sell? Top-priced October is only a trifle over 4 months away - but with these well-started 3-to-4-week-old pullets of the fast-growing, early-laying, big-egg Bray stock you can have eggs to sell by then.

These started pullets are particularly low-priced if you take them "Shipper's choice" - and remember, they save you 3 to 4 weeks feed and time, gain you 3 to 4 weeks of the top fall egg prices. Come - or phone.

LOOK: New Low Started Pullet Prices

(Our choice of breed or cross)
3 WEEKS, \$25.00 per 100 4 WEEKS, \$30.00 per 100
If you are particularly interested in some one breed or cross, ask for "customer's choice" price - a little higher, but still mighty reasonable. Day-olds available, too.

Let's get down to the Solid Facts!

Chevrolet Trucks Can Save You Money
All Along the Line

RUGGED
and Thrifty
too!

A GENERAL MOTORS VALUE

Fact No. 1

More Truck for Your Money

Check the comparative value of Chevrolet trucks, and you'll see for yourself how Chevrolet gives you far more for your money. In design, in craftsmanship, and in every last detail of their construction, Chevrolet trucks are engineered and built to unsurpassed standards of value.

Fact No. 2

Rock-Bottom Operating Costs

Many thousands of truck users have proved to their own satisfaction that Chevrolet costs the least of all to own and maintain! Valve-in-head economy, in the 92 h.p. Thriftmaster, 105 h.p. Loadmaster, 114 h.p. Torquemaster and 120 h.p. Workmaster saves on gas. Chevrolet's special 4-way engine lubrication system reduces wear, keeps oil costs low.

Fact No. 3

Engineered and Built for Your Loads

Chevrolet trucks are engineered to your payload requirements. You don't waste money by buying "too much truck" - you don't risk work interruption or slow downs by buying "too little truck." Frame, axles, springs, body, brakes, and power are part of a well-balanced team that does the job at lowest cost.

Fact No. 4

Lower, Slower Depreciation

Records show that Chevrolet trucks consistently bring more money at resale or trade-in than any other make of trucks which cost about the same when new. Chevrolet's market value stays up because the value stays in. Here is further evidence that Chevrolet is the best truck buy - and that's why more truck users buy them!

It is going to take a lot of space for us to tell Sam Morris what we think of his most recent opinions on hyphenation and the editor of the Jarvis Record, to say nothing about his suggestion about gold being responsible for the mystery land deal.

Our worst fears were realized with respect to the weather last Saturday. It couldn't have been any wetter under Niagara Falls. The plans are going ahead for this coming Saturday and naturally we are hoping for the same public support.

Right now we have got to start to work again on a float for the Calthamian parade. We hope a lot of our fellow citizens are like minded because we have got to have a real parade to get the show started on the right foot.
