

How to put wheels on a Wish

"It's Simple When You Know How." And by a coincidence, that's the title of the Commerce booklet telling women the why and how of day to day banking. Get your copy at your branch of The Commerce today.

When you know and understand how to bank efficiently, then the thought of Savings becomes second nature to you. You can put wheels on your wish, whether it's a vacation trip next year, or a bicycle, or even a car... if you get into the important habit of saving. You'll discover that just a little each week builds up surprisingly.

It's simple when you know how!

Ask for your copy at your local branch, or write to Frances Terry, Head Office, The Canadian Bank of Commerce, Toronto.

Haldimand County's Fair and Norfolk County's Fair are both going to take up the time of a lot of local people from now until the end of next week. Caledonia Fair opens today and runs through until Saturday night. Since it is the only annual fall fair in Haldimand County, it can rightly claim the title of Haldimand County's Fair.

Despite everything that has been said in recent years about the extinction of a certain political party there is cause for some hope among the faithful of that clan by virtue of the result of the recent provincial election in New Brunswick. In Canada's ten Provinces we now have quite a diversity of political faiths. We sometimes wonder what difference a name makes. Certain it is that if individuals minded their political business as they should there wouldn't be so many political parties.

Our congratulations to the many provincial champions in our locality in the field of sport. It is a fine thing to hold a championship - at least it used to be. Sport competition, however, is now divided up into so many categories permitting so many Provincial championships that it is difficult for the layman to comprehend it all.

The Board of Trade did some analyzing the other night on how to promote trade in Jarvis. The fact that the Nanticoke sidewalk has not been in the best possible condition these past few years was not mentioned as a factor; nor was the lack of enterprise on the part of individual merchants in promoting communal activities discussed. Alan Aude has been doing a pretty fair job in the latter respect for a few years but he might not last forever as a good samaritan.
