CARD OF THANKS

I would like to express my grateful thanks to the Jarvis Fire Department, neighbours and others who assisted in any way during the fire at my home last week. It was most gratifying to know such willing assistance was at hand at that time.

Our prediction of a higher tax rate last week was verified by the Council in special session on Tuesday night. Six and a half cents in one year when most tax rates are leveling out, is hardly conducive to happiness among the ratepayers. However, if anyone can figure out a way of administering the Village business at less cost their opportunity will come at the end of the year when nominations for a new Council is held. Unfortunately the only time anyone is concerned about the tax rate is when they go to pay their taxes.

Time marches on. Jarvis must be progressing in some direction. We can remember when less than \$10,000 operated the Village nicely. We doubt very much if double that amount will discharge all the obligations this year. The notable increase in costs comes from the additional room at the public school. But it must be remembered that this additional cost will only apply for four months of the year. Will there be another increase in taxes next year?

IN EVERY PROVINCE OF CANADA... TRUCK USERS BUY MORE CHEVROLET TRUCKS THAN ANY OTHER MAKE!

No matter the size or type of truck you need—what better proof could there be that a Chevrolet truck is your best buy!

According to registrations (obtained from sources subscribed to by the industry and considered to be reliable) truck users in every single province bought more Chevrolets again in 1952, than any other make.

And so year after year Chevrolet's popularity proves beyond any question of doubt that Chevrolet and only Chevrolet provides the sturdy durability, trouble free performance and long low-keep life that means real satisfaction to truck users.

Yes, it is difficult to imagine more convincing proof of Chevrolet's superiority, for such clear-cut and overwhelming preference can lead to but one conclusion:

Chevrolet trucks must be better, must enjoy solid ad-

vantages over other trucks. Such preference must rest on a firm foundation of good, sound value. And, of course, it does — as owners of Chevrolet trucks can testify.

Chevrolet trucks are widely known for their ability to hold hauling costs down. They are known for their power, their stamina, for their exceptional gas and oil economy, as well as their low-keep upkeep. And on these same counts, you can expect 1953 Chevrolet trucks to be even more outstanding.

So before you buy any truck, see how much more Chevrolet trucks offer you. Stop in and see us soon.

EVENING AUXILIARY

The regular meeting of the Stone Church Evening Auxiliary, Walpole, was held at the home of Mrs. Earl Mackey on Thursday night, April 9.

With the President, Mrs. Norris Noper in the chair, the meeting opened by singing HYMN 274, followed by the Lord's Prayer in unison. Following the reading of the minutes, the correspondence was dealt with. Several items of business were discussed. The expense account was given by Mrs. Lloyd Rutherford.

Each member present answered the roll call by expressing an Easter thought. Following the singing of hymn 274, Mrs. Ralph Sligh, who had charge of the Devotional period, very ably read a chapter from our study book entitled "Education in Africa."

Mrs. Margaret Biggar read the scripture lesson and Mrs. Lorne Porter led in prayer. The meeting closed by repeating the Mizpah Benediction.

Mrs. Lloyd Rutherford and Mrs. Wilfred Roth served a delicious lunch. A voice of thanks was extended to our hostess and lunch committee.

it's **IMPORTED**

...So what?

Side by side on the merchants' shelves — Canadian materials and "imported" goods. Do you get any advantage when you go for "imported" products?

In textiles, at least, the answer is simple. Canadian mills turn out fabrics and yarns that match or better the production of any other textile country of the world in quality.

They are made by Canadians who are paid good Canadian wages; they are designed to please Canadian tastes, meet Canadian needs.

This is no plan to shun "imported" materials. They should be considered along with domestic products by every Canadian consumer, but on a strict what-do-I-get-for-my-dollar basis.

Ask for Canadian textiles if you want the best for your money.
