

Pen, Scissors and Pastepot

Congratulations to the Jarvis Hockey Club on winning the O.R.H.A. Intermediate "C" Crown. They won the best of five in the final game at the Simcoe Arena on Friday night against Plattsville. Last year Plattsville won the finals against them which made the victory doubly sweet.

The best hockey player in the world Leonard (Red) Kelly was for the third year in a row, the unanimous choice for the all-star National Hockey League Team. To top it off he won the Lady Byng Trophy as the most gentlemanly player in the league.

The Simcoe Reformer Editor seems to have reversed his opinion of the Jarvis Gunners between April 20th and April 27th. On April 20th the Gunners had taken Collingwood in the first game of the finals. Great news. By April 27th the Collingwood team had done one up on the Gunners and both were very disappointed.

in their decisive scores. The Simcoe Editor tells the team to pick themselves up off the floor for the fourth game or else pack up their equipment in nothaback. The team took a severe beating on Tuesday night and evened the count.

Last Friday night was hockey in Jarvis. Through the efforts of Rev. Kenneth Richardson and the Boys Club, which he organized, a former hockey great Harold (Duke) Cotton was the guest speaker at a banquet in the Parish Hall. The Nanticoke boys competed in the New and Barham League at Port Dover last winter and were ripe to hear the voice of hockey experience and Harold Cotton did not let them down. It was a great night for the Nanticoke boys and one that will be remembered.

A few years back the chain letter craze hit the country. The receiver was supposed to sign his name at the bottom, strike off the name at the top, and send it on to another five or ten superstitious miscreants. Break the chain was supposed to bring hell and high water down upon the heads of those with the courage to do it. In time, however, intelligence came to suppress this evidence of mass degeneration of the intellect.

Now it has started again. Within the past few weeks several of these letters came to our attention, and just as quickly have been destroyed. The latest seems to us to be one of the worst yet. It not only asks to send the letter on to a few other people, but it has a merchandising angle. Send so much money and you get in return two pairs of something. When the other people you send the letter on to send in their money, you get an additional premium. It all may be proved legal but it is one of the most glaring examples of misleading merchandising ever to hit this town. Let's hope that every such letter arriving in Jarvis goes straight to the waste paper basket, and maybe these addled-brained yahoos responsible for their kind thoughtfulness in sending me cards and well wishes on the occasion of my birthday.

FROM GRILLES TO GLASS

New ideas in bank premises are designed to give you speedier, more convenient service. They are part of the easy, informal way you like to do your banking. Canada's chartered banks — built on sound banking practice — continually adapt their services to meet changing, expanding needs.

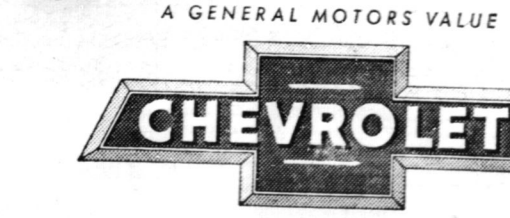

THE BANKS SERVING YOUR COMMUNITY

Important gasoline savings!

The Thrilling New 1953 "Two-Ten" 2-Door Sedan. You go much farther on every gallon of gas in this great new Chevrolet... and you save on over-all operation and upkeep, too!

Now — as owners of new 1953 Chevrolets are discovering — you get even more miles per gallon of gasoline, save money every mile you drive! Ask new Chevrolet owners about the substantial dollars and cents savings they enjoy. Ask them how this great new car squeezes extra miles from every gallon of gas — and regular gas at that! For it is true beyond any question. The new 1953 Chevrolet brings you the most important gain in gasoline economy in Chevrolet's 40-year history. Of course, there is a good, sound reason for this wonderful increase in economy. That reason is Chevrolet's new high-compression power. The new 115-h.p. "Blue-Flame" engine in Powerglide models is the most powerful engine in its field, with a compression ratio of 7.5 to 1. And there's a new "Thrift-King" engine in gearshift models — 108-h.p. with 7.1 to 1 compression ratio. Both engines bring you new economy, with a remarkable increase in power and performance, as well. Yet, with all its advantages, Chevrolet for 1953 is the lowest-priced line in its field. See it at your Chevrolet dealer's. "Combination of Powerglide automatic transmission and 115-h.p. 'Blue-Flame' engine available in 'Two-Ten' and Bel Air models at extra cost.

A GENERAL MOTORS VALUE MORE PEOPLE BUY CHEVROLETS THAN ANY OTHER CAR

SERVE CANADA

Soldiers like those of the airborne infantry are helping to guard Canada, ready to drop into action wherever danger threatens. The young man who joins the Army and has completed his Infantry training may then volunteer to start training for the proud wings of Canada's "Soldiers of the Sky."

AND YOURSELF

How does a man choose a job? He examines the pay; the working conditions; the opportunities for advancement; the financial security. From every one of these aspects an Army career is excellent. And more — no monotony of being stuck for years in one place; pension plans after 20 years service; medical and dental care whenever needed — without regard for cost or time. Opportunities for training and advancement in the Army today are truly outstanding.

IN THE ARMY

Soldiering is a man's life! There are challenges and dangers. But whenever you go, in the Army, you know you can rely on your comrades, trained fighting men who share with you the action of military life. If you think an Army career is for you, enquire about the opportunities for service with the Infantry — the most important men in the Canadian Army.

You are eligible to join the Army if you are 17 to 40 years of age and able to meet Army test requirements. Applicants should bring birth certificates or other proof of age when reporting for interview.
