PERSONALS

Mr. and Mrs. Keith MacDonald and family are presently visiting with friends in Windsor, Ontario.

* * *

Mrs. Helen Caldwell of Toronto, visited with Mrs. Maude Barnes over the past week end.

* * *

Robt. Smith, of Benny, accompanied by two of the guides at his fishing Camp at Lake Onaping, spent the week end at his farm home here.

* * *

Mr. and Mrs. Arlof Belbeck of Hamilton, spent Tuesday of last week at the home of Mr. and Mrs. A. L. Belbeck.

* * *

Mr. and Mrs. Thompson, of Selkirk called at the home of their son, Mr. and Mrs. Fred Thomson on Tuesday evening of this week.

* * *

Mr. Ivan W. Holmes is able to be around again after being confined to his bed for a couple of days last week end.

* * *

Mr. and Mrs. E. M. Stubbs and daughter Janet, of Toronto, were recent visitors at the home of Mrs. J. M. Stubbs.

* * *

Mrs. Ben Johnson and daughters Myrtle and Ruby and Mrs. A. L. Belbeck spent Wednesday of last week at the home of their brother, Mr. and Mrs. Herbert Roberts in Toronto.

* * *

Mr. and Mrs. Victor McKenzie, of Detroit, Miss Grace Elmore of Westminister, B.C. and Mr. Fred Elmore of Detroit, spent a few days last week with Mrs. Maude Barnes and other relatives in the district.

* * *

Mr. and Mrs. Newton Marshall and daughter, Joan, expect to leave this week end on a motor trip to Winnipeg where they will visit their son Garry, who is stationed with the R.C.A.F. at Stevenson Field.

* * *

On Wednesday of last week callers at the home of Mrs. A. V. Rounton were Pastor Edgar Swift of Bealton Mrs. N. Henry and Miss Florence Henry, also Mr. and Mrs. Ross Van Loon from Hartford. All had a most pleasant afternoon and evening at Woodlawn Park, Lake Erie. The latter remained until Sunday evening.

ON THE FARM FRONT

(continued from page five)

most common variety being grown in Haldimand is Grimm, a variety that has some faults but in the long run seems to be yielding just about as well as any other and in a good many cases much better. Some farmers are still using the older variety, Dawson's Golden Chaff, and finding it very satisfactory. The one great difficulty with this latter variety is that it seems to be so susceptible to loose smut. Cornell on the other hand has some resistance and for that reason is a better variety. Genesee is the newest variety on the market and will no doubt have a big run during the next few years.

So about 12,000 bushels of Registered seed of this variety available in Ontario this year.

-oOo-

While Bunt does not seem to be quite so prevalent this year there is no telling what may happen next year. For that reason it is always good business to treat the seed with one of the commercial materials now on the market. If it is not possible or convenient to do this at home there are now commercial treating plants in the country that can do this for you at a very nominal cost per bushel. The cost is actually negligible compared with the results that are obtained.

-oOo-

Fall or Winter Wheat seed prices have been established by the Ontario Marketing Committee of the Soil and Crop Improvement Association. These are expected to be minimum prices. They are as follows: Commercial No. 1, $2.25 per bushel; Registered No. 1, $2.50; No. 2 Registered No. 1, (Genesee Variety) $2.50; Commercial No. 2 Rye, $1.75; Commercial No. 1 Winter Barley, $1.60. The differential between Commercial No. 1 and Registered seed is so low that many farmers will no doubt be buying the latter. There is a saving in what limited quantity and for that reason it would be wise to get your order in now.

-oOo-

During the month of July a total of 4.49 inches of rainfall was registered at the Haldimand Rural Youth Centre. This seems to be quite a bit of water in spite of the fact that July may be generally considered as a "dry" month. The joker is that almost half of this came within one 24 hour p.riod, to be exact, Wednesday, July 29th. During this 24 hours 2.24 inches fell and of this 1.75 inches came in one storm of very short duration in the afternoon. One inch of rainfall is the equivalent of 100 tons of water per acre.

Adlets

Adlets in this column 35 words and under 35c per insertion. 1 1/2c. for each additional word.

Double Garage, just like new and a brooder house approx. 12x36. Just an ideal spot for some lucky person. The price is right and terms can be arranged. Apply Russell J. Moore, Real Estate Broker, phone 37, Jarvis, Ont.

NEGROES CELEBRATE EMANCIPATION

An estimated 150,000 persons from many parts of Canada and the United States visited Windsor this week for Emancipation Day celebrations which included everything from a fashion show to a barbecue.

The three-day program in Jackson Park has been staged by the British-American Association of Colored Brothers, organized at Windsor more than 22 years ago. August 1st was named Emancipation Day to celebrate passage of a law in 1834 declaring slavery unlawful in the British Empire. United States slaves were freed in 1863.

One of the main attractions was a giant barbecue pit behind the grandstand where spare ribs and chicken were prepared, but the fashion show, billed as the greatest ever presented by the Negro race, drew the largest crowd of spectators.

WANTED
TAX COLLECTOR

The Township of Walpole requires a Tax Collector, duties to commence October 1st. Kindly state qualifications and Salary expected. Applications will be received in writing until August 31st.

BRIEF NOTES FOR THE BUSY FARMER

By Haldimand Harry —

Despite of the fact that a few are still refuse to use any fertilizer on their wheat fields, it has been pretty well proven that a good early application of the right amount will take most of the gamble out of the crop. Like most everything, it is the "extra" (in this case bushels) that you get, that provides the profit. It is the extra that has received the right application of the right kind of fertilizer that will give you those "extra" bushels.

-oOo-

Possibly sure way of knowing whether or more correctly speaking what analysis of fertilizer to use is to have your soil tested. This is a very simple operation and you will get complete information on the soil sample and other factors to follow from your agricultural representative. The only thing that must be kept in mind is that it takes at least from ten days to two weeks to get the results from the test, so don't take your soil sample today and expect to know what fertilizer to use to-morrow.

-oOo-

Permits are required to purchase agricultural limestone except where the transportation is by rail. You have to do is get your lime supplier bring or send the invoices to the office of the agriculture representative and make application for the subsidy. The usual procedure is to place an order for the lime with one of the truckers in the area and he will look after getting the necessary papers for you. Some have the facilities you can truck the lime yourself and receive the subsidy on it. Ask your agricultural Representative about it.

-oOo-

Most dairy farmers tell us that they have to make money in dairying follow certain rules all of which is a definite benefit to the cow but we make any money. In the rules are as follows: 1st, enough to keep her healthy and in good worthwhile. 2nd, make her produce efficiency of operation; the only one that pays. 3rd, you can afford to improve production.

If you are a member of the Farmers' Institute and attending Unit this should be simplified; 3rd, Use more high roughage and less expensive. Top quality hay and wider ensilage properly made will help to solve this problem.

-oOo-

Other rules are: 4th, Make wider use of labour saving devices and machinery. Some machinery, etc., etc. would come under this heading; 5th, Put into operation every practice of good pasture. This means the use of the right crops and rotation. This means the use, improved soil fertility program, get rid of the poor cows and make expensive pets and shoulder responsible this country. It told that must be kept in mind is that if and last but not least in order to increase the efficiency of our crops we have to use just enough but George Drew is living it down, management, increased fertilizer has lived it down to a great extent. use of the right crops and right It appears to us, from experience crops from fewer acres. To that the best way to silence a miserable slander as to the personality or by is a tall order but it performance of the Conservative leader is to quickly ask the slanderer, "Have you ever met the man ?" Almost invariably the answer is a sheepish "No."

-oOo-

Records show that one farmer Unfortunately assassins of character are as slack-mouthed and brainless as most other gossipers, and their tribe is quite numerous. Defamation of character should be on the alert, for them.

As to Mr. Drew's capacity for leadership, it has been amply demonstrated. No thoughtful citizen can forget or lack appreciation of what he accomplished as Premier of Ontario.

Mr. Drew is as capable as any of recouping losses in the Prairie Provinces and British Columbia. He possesses gifts as a party leader, as he has amply demonstrated to the satisfaction of any fair-minded appraiser. He deserves the gratitude, confidence and support of his party. Let it be remembered that it was not under his direction that Conservatism fell on such hard times in the post-Bonnett period ! Rather it was he who was called in to lead the party out of the political wilderness — an assignment that demands time, resolution and patience.

-oOo-

CARD OF THANKS

Mrs. J. Thomas Hallam thanks her many friends for the lovely gifts of fruit, flowers, cards, etc. she has received during her illness. Thanks also for the promptness of friends and the Jarvis Firemen last Tuesday morning.

Holiday: No Paper Next Week

In order to provide the staff with a holiday there will be no issue of the Record next week. Missing one issue during the year has become a habit with most weekly newspapers. We don't like to be an exception. In addition this seems to be an ideal time for a paper holiday. Things are pretty quiet on the local news front and we hope nothing serious develops over the next week. Many people are on holidays too and above all the Canadian National Exhibition will be an attraction for many during this period.

Schools To Re-open Sept. 8th

The official school opening date is September 8th, the Tuesday following Labour Day. This was announced to-day by Donald Young, B.A., B. Paed., Inspector of Public Schools for Haldimand County. Any uncertainty regarding the time of school opening is thus cleared up, and parents may prepare their children for school following the Labour Day week end.

Pupils and teachers have been blessed by the longest summer vacation possible under the terms of the Public School Act, since the Act states that the schools shall be closed on the preceding Friday when the 29th day of June is a Monday, as was the case this year; Labour Day coming as late as possible in September lengthened the summer vacation. Thus the vacation period extends from June 26th to September 7th, including Labour Day. In view of the rather late start in September, all parents are urged to have their children prepared for regular attendance on the opening day of school.

-o-

Former Residents Contribute To Community Hall

Three contributions are noted this week from former citizens of Jarvis who, apparently, recognize the value of a community center here. They are Frank A. Rodgers, of Toronto, Donald Mowat, of Toronto and Wilfred Willis, of Hagersville.

Mr. Frank's father served as Clerk of the Village of Jarvis for many years. He spent his boyhood here before entering the Banking business. Don Mowat was on The Marshall Dairy Ltd. staff for several years before going to Toronto and joining the Imperial Oil Co. Wilfred Willis was in the Electrical Appliance business in Jarvis before going to Hagersville to operate the same type of business. He is now devoting himself strictly to the Insurance business.

It is extremely gratifying to the Community Hall Committee to see this evidence of interest in the new Hall by former residents.

-o-

Mr. Drew's Leadership

(An Editorial from the Brantford Expositor)

It is quite reasonable that, following the failure of Conservatism to make substantial gains, in point of parliamentary representation, in the recent election, consideration should be given to the party leadership.

This will actually be confirmed, no doubt, at the next meeting of the Progressive Conservative Association of Canada. If there is a session of Parliament before that — a distinct possibility — Hon. George Drew will be all likelihood, seek an interim vote of confidence from his parliamentary caucus.

Some cries of "Drew must go !" have been raised already but only by small and angry elements within the party and political provocateurs and axe-grinders outside. Certainly the latter !

The wickedly misrepresenting legend of Drew as a nasty fellow disliked by his own following and defeated by the people has been carefully nurtured by unscrupulous plotters — and thoughtlessly accepted by a great many folk who should know better. Such calumny has never been so bare-faced or so contemptible in this country. It told considerably against the Conservatives in the 1949 election, and it was a factor in the one just concluded.

Grotto Band Give Fine Concert Here

The famous Hindoo Koosh Grotto Band, of Hamilton, presented a fine concert in the Jarvis Park on Sunday night. More than three hundred persons were in attendance for this event sponsored by the Jarvis Lions Club.

Lion President Lloyd G. Holmes introduced the Master of Ceremonies Mr. Alex. McDougall, of Hamilton Mr. McDougall expressed his pleasure in having a part in bringing the Grotto Band to Jarvis and said he knew for sure their musical offerings would bring pleasure to the large crowd.

The Band was under the direction of Mr. Albert Taylor who has been leader of the Band for many years. He introduced the numbers during the program.

Lunch was served to the Band members following the program.

-o-

AUGUST MEETING
SANDUSK W.I.

Mrs. Wilfred Krouse was hostess to twenty-one members and four guests for the August meeting of the Sandusk W.I.

Grandmothers were honoured at the start of the meeting by the presentation of a lovely corsage. The usual opening was followed by the reading of the minutes and correspondence, the distribution of tickets to those expecting to attend the A.C.W.W. Convention.

Thanks were expressed by Mrs. Hartley Mattice and Mrs. Esther Makey for cards and gifts received during their convalescence.

Roll call proved very interesting, bringing to light such treasures as a sunburst quilt and cross-stitch tablecloth, hand made by our Presidents grandmother in her Eighty-third year, a tiny cup and saucer cherished by Mrs. Wm. Wilson since childhood which was a reward for an act of bravery. A sampler belonging to Mrs. Russell Pond bore the date January 15. 1848.

Six grandmothers in costume of the horse and buggy days sang "Put On Your Old Gray Bonnett" under the leadership of Mrs. Leo Mulkins. Grace Wilson then presided for the remainder of the meeting.

The Motto "The Years Teach Much The Days Cannot Know" was present ed by Mrs. Byron Pond, who received a prize as the oldest grandmother present. Mrs. Marshall was youngest grandmother, and her mother, the lady with the most grandchildren.

A poem "My Granny" was read by Miss Janet Mattice. Mrs. Wm. Lett read a humorous account of her household duties and local. Shirley Weaver and Janet Mattice took us along memory lane with the old time duet "I Don't Want to Play in Your Yard." Some old, some new riddles read by Grace Wilson and answered orally helped to sharpen our wits for the contests which followed. In this department Esther Makey proved the fastest with a whistle, Marie Marshall the most "wordy" and Mrs. Lorne Dougherty the best guesser.

An amusing and informative paper on "The History of Sandusk School" was given by our Historical Research convener, Mrs. Lorne Dougherty. As a former pupil of the original school, which was built by Mr. Wm. Tyrrell at a cost of $50.00, Mrs. Dougherty was able to recall many incidents of interest to Sandusk residents.

During the lunch period a bank book was presented to Mrs. Esther Makey as a gift to her infant son from the Sandusk W.I. On behalf of her son and herself Esther thanked the members and Mrs. Krouse who made the presentation. Mrs. Wilson then moved a vote of thanks to our hostess and lunch committee and the ladies who participated in the evenings entertainment, bringing to a close a memorable occasion.

$20,000.00 Mark Passed In Community Hall Appeal Fund

The citizens of the community are going forward toward reaching the $30,000.00 objective of the Community Hall Fund Appeal. This week the contributions passed the $20,000. mark and Lea Marshall, the Chairman of the Building Committee, is highly optimistic that the objective will be reached in due time. There is still a long way to go and the last mile will probably be the hardest, but with a continuance of the present trend, his hopes will be fulfilled.

The following contributions were reported this week:

Previously reported	$19,217.32
Anonymous	$343.20
Anonymous	2.00
Anonymous	5.00
Abraham, Mrs. Harvey	50.00
Bray, Mr. and Mrs. Wm.	40.00
Cripps, Mr. and Mrs. Jas.	5.00
Coatie, Mrs. Laura	2.00
Doherty, Mr. and Mrs. Lorne	10.00
Doughty, Mr. and Mrs. A. E.	20.00

Rodgers, Frank A.	50.00
Mowat, Donald J.	25.00
Johnson, Mr. and Mrs. V.	25.00
	$20,328.02

OBITUARY
DR. T. H. LEWIS

Dr. Thomas Henry Lewis, who practiced Dentistry in Jarvis for more than fifty years, passed away at his home, 34 Victoria Street, in Simcoe, on Friday, August 21st, in his Ninety-second year.

A native of Raglan, Monmouthshire, England, Dr. Lewis was the last in a family of three of Henry Lewis and Elizabeth Mayberry. Educated in England, he received his L.D.S. degree at Birmingham. He came to Canada at the age of twenty one and established a dental office at Jarvis where he carried on the practice of dentistry until 1940 when he retired and moved to Simcoe.

Dr. Lewis was a highly respected citizen of the Jarvis Community and his dental practice extended far beyond the boundaries of the Jarvis area. He was recognized as a plate maker of exceptional skill and many people sought his services after his retirement.

The Lewis home in Jarvis, which has since been demolished to make why for a service station, was a show place in the community. Dr. Lewis took great pride in the flowers and lawn and neat hedge that surrounded the home.

A keen churchman, he was active in the affairs of St. Paul's Anglican Church during his residence here. He served as Churchwarden for more than thirty years and also as lay delegate to the Niagara Synod. Since moving to Simcoe he was a member of Trinity Anglican Church, Simcoe. He also served on the Jarvis Council a number of years and on the School Board. He was a member and Past Master of King Solomon Lodge No. 329, A.F.&A.M., Jarvis and a few years ago was presented with a 50-year Jewel.

His wife, the former Hannah Robinson, whom he married in Jarvis 69 years ago, predeceased him in 1942. Surviving are three daughters, Mrs. D. F. Aiken (Edith) of Simcoe, Miss Grace Lewis of Simcoe and Mrs. Alfred Terry (Ellen) of Hamilton; also three grandchildren and two great grandchildren.

The funeral was held from Walsh's Funeral Home, in Simcoe, on Monday afternoon with Canon D. J. Cornish, of Port Dover, officiating. Interment took place in Oakwood cemetery.

-o-

NANTICOKE UNITED CHURCH W.M.S. MEETING

Mrs. J. Henning was hostess to the members of the Nanticoke Auxiliary of the United Church Women's Missionary Society for the August meeting, on Tuesday the 18th the theme of which was "Untrodden Ways." Mrs. Robert Doughty opened the worship service with the hymn "All Things Bright and Beautiful." This was followed with Meditation, read by Mrs. Arthur Vokes. Psalm 96 was read responsively, after which Mrs. Doughty closed the worship service with pray er.

"Over the Air Waves" was the subject for the skit which was presented by Mrs. Albert Doughty, Mrs. Howard Dennis, Mrs. Ken Vokes and Mrs. Robert Doughty. It presented a realistic conversation commentating on current radio programs and gave information about radio work being sponsored by the United Church of Canada. Also suggestions were given for arranging a local broadcast of Missionary Monthly News from an overseas field, or an interview with a Missionary on furlough or a student from overseas. Mrs. Barlow presided for the business period. In the absence of the Secretary, Mrs. Atherton, the minutes were read by Mrs. H. K. Saunders. Plans for the September meeting were discussed. It was decided to hold the meeting on the evening of the regular date, Septemebr 15th at the basement of the Church. Members of the C.G.I.T. and the Anglican W.A. to be invited. It was also decided to send for the new study book for next year. Following the business, Mrs H. K. Saunders gave highlights of her trip to Tampa, by T.C.A., in June as along memory lane with the old time duet "I Don't Want to Play in Your Yard." Some old, some new riddles read by Grace Wilson and answered orally helped to sharpen our wits for the contests which followed. In this department Esther Makey proved the fastest with a whistle, Marie Marshall the most "wordy" and Mrs. Lorne Dougherty the best guesser.

An amusing and informative paper on "The History of Sandusk School" was given by our Historical Research convener, Mrs. Lorne Dougherty. As a former pupil of the original school, which was built by Mr. Wm. Tyrrell at a cost of $50.00, Mrs. Dougherty was able to recall many incidents of interest to Sandusk residents.

During the lunch period a bank book was presented to Mrs. Esther Makey as a gift to her infant son from the Sandusk W.I. On behalf of her son and herself Esther thanked the members and Mrs. Krouse who made the presentation. Mrs. Wilson then moved a vote of thanks to our hostess and lunch committee and the ladies who participated in the evenings entertainment, bringing to a close a memorable occasion.

FIFTIETH WEDDING ANNIVERSARY

Mr. and Mrs. Alvin Sitter, of Rainham Township, will observe their Fiftieth Wedding Anniversary on Sunday, September 6th. They will receive their friends at their home from 2. to 4. and from 7. to 9. o'clock P.M.

-o-

W.I. Members Attend Meeting

A chartered bus with thirty-one members of the Jarvis group of Women's Institutes on board left Jarvis last Friday morning. The ladies were attending the Canada Day celebration of the Associated Country women of the World in the Maple Leaf Gardens, Toronto. Over twelve thousand ladies were in attendance including delegates from twenty-seven foreign countries and representing a world membership of over six million women.

The newly elected World President Mrs. Alice Berry is from Australia, and the next Triennial Conference will probably be in Edinburgh, Scotland.

Jarvis ladies were thrilled to see the women of other lands in their native costumes and to hear their greetings. The evening session took the form of a pageant depicting the growth of Canada from its earliest beginnings under the title "Dominion of Destiny." About 200 took part in this wonderful display including singing stars Evelyn Gould, The Volkoff Ballet, Samuel Hersenhoren, David Ouchterlony, Kathleen Stokes, members of the Army, Navy, Airforce, Royal Canadian Mounted Police, Scouts, Guides, Y.M.C.A., Y.W.C.A and other ethnic groups.

Church Notes

UNITED CHURCH NOTES

On Sunday, August 30th, Missionary Sunday, Paul Sharma, one of the boys from the Rev. J. W. E. Newbery's School in Trinidad, will speak to the Sunday School. Open classes at 10 A.M. Parents are especially welcome.

-o-

The flowers last Sunday were placed in the Church by Mr. Ted Jeffs, 2X, in memory of Donald Saunders.

-o-

Dr. and Mrs. Packman arrived home from Quebec on Wednesday, August 19th. On the way down they visited Paul who is nearing the end of his stay in Algonquin Park. To their great delight and pleasure, ladies of the Church were at the Parsonage to welcome them with a usually attractive "lunch", the house swept and garnished, flowers in most rooms and the lawn nicely trimmed. It was good to go away, it was an equal joy to return to such friends and kindliness.

-o-

TOWN MEETINGS

(Town) meetings should be held regularly in all municipalities. Citizens who have something on their mind regarding the conduct of their municipal affairs and who don't turn out to meetings of this type to speak their mind have forfeited their moral right to carp.

—Hudson (Que.) Gazette

This Week - -

Specially Written for the Record
— By Harry Eccles —
Canadian Press Staff Writer

The Ontario Municipal Association meeting this week at Hamilton was told politely but firmly that it needs new ideas. James Berry, association president who is city clerk of Hamilton, said in his opening presidential address:

"I do not wish to be too critical, but to me every convention has been more or less a repetition of former years, and I believe we need new ideas injected into the organization. To do this, registration fees should be increased to enable us to have luncheon meetings with qualified speakers to give constructive ideas on business management and the science of local government."

Mr. Berry also told the 500 delegates from all parts of the province that he believes the location of the association's administrative headquarters - at Kingston - is inconvenient. He urged they be changed to York County, as being more central and handy to provincial government departments.

The executive committee recommended that the poll tax be collected from women as well as men, between 21 and 60 years old. It was approved without discussion. The recommendation calls on the province to amend its statutes enabling municipalities to levy an annual tax known as "Citizen (non-household-ers) tax" of not less than $1.00 and not more than $10.00. It would be collected from persons not otherwise assessed.

MINERS' STRIKE

Northern Ontario watched with close interest developments in the strike of 1,600 miners just across the boundary at Noranda, Quebec, where the big Noranda copper and gold plant was shut down. Two smaller mines shut down early this week — Powell-Rouyn Mines and Elder Mines, which do not own their own mills and have all their ore treated at Noranda. About 80 of 130 employers at Powell-Rouyn were laid off, and 60 of 90 were released at Elder.

For the first time since the Noranda strike of 1946 there was no smoke coming from the giant stacks above the Noranda smelter after furnaces were allowed to go out last Saturday. The United Steelworkers Union (CIO-CCL) maintained picket lines around the property.

The union is seeking a reduction in working hours from 48 to 44 a week, with no loss in take-home pay, plus an across the board increase of 30 cents an hour and the check-off for union dues.

Company spokesmen said "the strike will end sometime and the settlement will not include the check-off. We are ready to resume negotiations with union representatives at any time. As we have made abundantly clear we are prepared to discuss wage increases."

HAILSTORM DAMAGE

A hailstorm which pelted out of Western Ontario skies following week-end thunderstorms is believed to have caused heavy damage to the flue-cured tobacco crops from Delhi to Vittoria. Full extent of the damage however will not be assessed until the insurance companies receive claims from the farmers. Insurance company officials at Tillsonburg said they had received many telephone calls from clients.
