

Pen, Scissors and Pasted

Chris. Montague paid us a compliment one night last week. He was the first person to ask us why the Record didn't arrive last Thursday, as usual. When we told him that it was tooting in the Hagersville Band at Port Dover on our usual publishing day (Wednesday) which was a holiday, he concluded that maybe we were entitled to be a day late. But, he said, don't let it happen again. I look for the Record every Thursday noon and, by gosh, I missed it. We always did like Chris, but now we know he is one fine fellow.

Fred Fish is really getting his teeth into the present election campaign. We saw him on Tuesday standing on the corner handing out election literature for a certain candidate.

It seems a long time since the idea of a new Community Hall was first talked about. We believe it was the late Mrs. J. J. Parsons who first time there has been much talk and we have reason to believe that we will see some action this week. Certainly the great majority of our citizens want a new Community Hall with some of the facilities that modern day living permits, as well as a building that is sound structurally. There is one important factor that must not be overlooked. Such a

Church Notes

building will have to be paid for and from our point of view — the sooner the better. Finding the money for this project will be a big job, but if everyone will do their part it will be made much easier for the committee responsible for this phase of the undertaking. Each individual in the community must recognize a responsibility in this connection. It can't be left to just a few.

The tree men have been at work on the maple lining our main streets these past few days and not many will suggest that their efforts have not resulted in great improvement. They have cut down enough limbs to start a saw mill and have cleaned them up just as fast as they cut them down. Five large trees were cut down on Talbot street just east of main that had been standing there for possibly one hundred years. Some of them were rotten and it makes one wonder how many more of our beautiful trees are in the same condition. The face of Jarvis would be materially changed without the trees but we may see it changed someday.

A certain school teacher over in Brantford has directed our attention to what is sometimes described as a slip that passes in the type. Last week we said something about the children of milk producers that sent a shiver to the local milk plant. It does sound funny, but how else could it be said? It is nice, anyway, to know he is still reading the Record.

We Print Letterheads

Church Notes

by agricultural scholars of Vineland Experimental Farm, Ontario Agricultural College, and County Representatives. The evening session will be held at the Kohler Youth and Amusement Centre.

All Church members interested in agriculture are asked to reserve the date for this important function, it is hoped that the men and their wives will support and gain a great deal from such a gathering. The Reverend and Allan Road of Mono Mills, a leading authority in the Canadian Church on the Town and Country Church Movement will deliver a lecture on Conservation and the Church, and will show some educational slides on the subject. Remember the date, Wednesday, October 21st.

CAMP ARTABAN
On Sunday Junior Boys journeyed to Camp Artaban for their two week camping period and are having a marvellous time. Jim Miller and Bud More from St. Paul's, Jarvis, are carrying the standards for this camp. Other boys and girls will be attending their respective camping periods. There are still a few vacancies in the Senior Boys Camp which is held from August 16th to 20th. Anyone wishing to register who has not done so, should phone the Rector immediately to be assured of a camping experience.

Church Notes

PARISH PICNIC
The Annual Parish Picnic of Saint Paul's for Church members, parents and Church School scholars will be held on Thursday, July 20th at 10:00 A.M. and will be opened by the Bishop of the Diocese. Lectures will be given

TOWN AND COUNTRY
Last week the Town and Country Committee of the Diocese met at the Church House. Those present were the Rt. Rev. W. E. Bagnall, Reverend Norman Green, Milton, J. E. Maxwell, Norval, E. Taylor, Jordan, K. Richardson, Jarvis, D. Powell, Harrison, R. Noble, Rotherham and Messrs. A. Baldwin, Hagersville and R. Butler, Vineland.

CHURCH SCHOOL EXAMS
The recent Church School examination papers have been returned and the results are very gratifying to the Church School Superintendent, the Teachers and the Rector. Margaret Winstanley and Bud More are to be commended for their efforts were outstanding, 90 per cent and 85 per cent respectively. Also doing very good papers were Ruthann Miller, Keith Lynch, Lois Fleming. Such results are very encouraging to the Church School staff who sacrificially give of their time and talents.

CLIFF LEATHERDALES FIFTY YEARS MARRIED

Jubilee Island on Gloucester Pool on the Severn River was the scene of a happy event on Tuesday, June 20th, when Mr. and Mrs. Clifford Leatherdale of Brantford, formerly of Coldwater, celebrated their 50th wedding anniversary.

Members of their immediate family, four children, 11 grandchildren and one great grandchild, were present for the celebration. The four-generation group were centre of interest. It was made up of the celebratory couple, daughter Marion, now Mrs. Lorne McCordale, of Winnipeg; her daughter, Carol, now Mrs. Ronald Taylor, of Winnipeg; and her infant daughter, Robyn Ruthann.

Others in the family are another daughter, Jean, (Mrs. A. J. Gurney) of Brantford; and two sons, Jack Leatherdale, a veterinary surgeon of Montreal, and Don of Renton, Ont. Mr. and Mrs. Leatherdale were married at Warrimater by Rev. William McConnell, who also married the bride's parents. The best man was Robert Leatherdale, now deceased. The bridesmaid, who was Miss Lily McCordale, is still living.

MEYERSONE TOWNSHIP BIRTHPLACE
William Clifford Leatherdale, the groom, was born at Barratt's Corners son of the late William John Leatherdale and his wife Emily Melissa Boyd, both of pioneer Medonte families.

The bride was Laura Margaret Ball daughter of Joseph Ball and his wife Sarah McDonald Ball, of Warrimater. The couple came to Coldwater after her marriage and settled in the Epworth street residence now occupied by Dr. A. E. Hughes. They moved to Winnipeg in 1920 and after 10 years returned to Renton, Ont., where they opened a store. It is now carried on by their son, Don.

Mr. and Mrs. Leatherdale moved to Dunnville in 1937, where they resided in Brantford. Mr. Leatherdale is in employ of Canadian Industries Limited for fifteen years. The well known couple now enjoy their summer home on Jubilee Island, a famous landmark on the Pool, which has been in the Leatherdale family over seventy years.

Many congratulatory messages were received by the happy couple during the midst of their family reunion.

Mr. and Mrs. Wray Dabry and family of Nolar, visited on Sunday with Mr. and Mrs. Henry Kohl, Mr. and Mrs. Thomas Henderson, Mr. Edward Mitchell, Mr. James Mitchell and son Grant, all of Guelph. He Koen during the past week and Mrs. Ben Green and children spent the week with the former's mother in Hamilton.
Mr. and Mrs. Wray Dabry attended the annual Koli picnic held at the home of Mr. and Mrs. Wilfred Kohl, near Nolar, on Sunday.
Members of the Young Women's Evening Auxiliary sponsored a "Hot Bo Party" at the Stone Church Hall on Thursday afternoon. Members of the group called at the homes of the party to go with them at once in whatever garb they were wearing to the party. If the lady was unable to go, she was a fine of 50c. If she was a very happy afternoon was spent by the large number who attended. The Young Ladies added a beautiful sum to their treasury by this novel method of raising money for the party a group picture was taken which will be very much in demand.

On the Farm Front
BRIEF NOTES FOR THE BUSY FARMER
— By Haldimand Harry —
How far apart should tomato plants be put in a commercial field? That is one of the questions that is being answered in the test plots visited by the members of the Boys' and Girls' Tomato Club last week. Incidentally the results of the work thus far would seem to indicate that the best distance seems to be four feet apart in the row with the rows five feet apart. This type of planting costs a little more to produce but it gives an increase in yield of close to one third. This means a 12 ton acre would be increased to 16 tons. At present prices this would be profitable.

These tomato test plots operated by one of the larger processors would be a good place for any grower to visit. Not only have they a large area devoted to the test mentioned above but other tests include variety plots, fertilizer tests, disease control, etc. etc. It would be an excellent idea for a group of Haldimand growers to charter a bus and see this place. It would pay them to take a day off, even in the middle of a busy week.

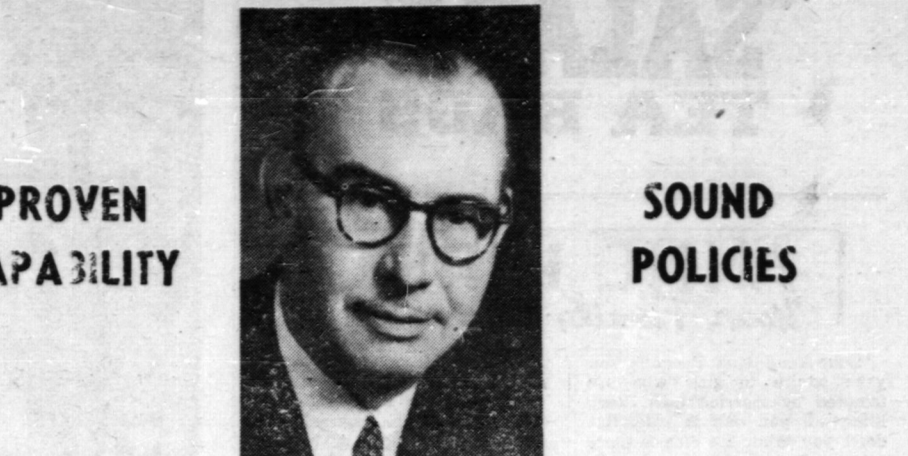

The butter supply in Canada on April 1st amounted to 52 1/2 million pounds according to the latest report. This is an increase of about 12 million pounds or almost twenty-five per cent as compared with last year. This could prove a threat to the market and as producers of dairy products we should be interested in our own campaign to keep the food supply of dairy products before the public.
