NOTES FOR THE BUSY FARMER

By Haldimand Dairy

Butterfat has already made appearance in Haldimand County and it is possible the infestation of the pest will be a serious one this year. The reason for this is that the pest has been found in the past few years to build up to a sufficient population to hold the tent caterpillar in check.

If you are interested and want something to help control this pest you may use DDT 50 per cent wettable powder. For quick sale, do you offer? Terms Cash. Let-tington Rd. Haldimand, Ont. L7C.

A total of eighty contestants, including Junior Farmers and students from Hagersville and Caledonia High Schools took part in the annual Junior Farmer Live Stock Judging Contest on Friday, May 13th. Ten classes were judged throughout the morning and the practice of the group returned to the Rural Youth Centre for the complete details of the program in the next issue of the Jarvis Record.

Jarvis Dairy Sold to Port Dover Firm

Announcement is made this week to the effect that the Jarvis Dairy, owned by Stanley Doughty, has been sold to the United Dairies Limited, Port Dover. The change-over will take place next Monday morning.

The distribution of milk on a delivery basis has been made from the same farm since milk was first delivered in Jarvis. Before Mr. Doughty started in the business his father-in-law, the late William Henning, delivered milk. Prior to that the Abraham family carried on the business.

It is understood Mr. Doughty will continue to make deliveries to the Village for United Dairies Limited. The steps outside the Village limits will be handled by a delivery wagon direct from Port Dover.

The Haldimand Dairy Ltd. has been pasteurizing and bottling milk for Mr. Doughty since the compulsory pasteurization of milk in Ontario became effective about fifteen years ago in Jarvis. This year it is to be processed in their Port Dover Plant.

Hagersville High School Notes

By Donald Miller

This coming Friday night, May 22 is the date for Hagersville High's Open Night. The program will consist of a new type of fashion show which will feature the girls of first and second forms and some cheerleaders. The work of the students will be on display in the rooms and in the auditorium. The school will be open for inspection at eight o'clock on Friday night. Everyone is welcome.

Last Friday a group of students from our school went to Caledonia and to a few surrounding farms to judge cows and hogs. Mr. E. Smith supervised the group and we hear that some of our students were quite successful in the judging.

The different forms have been having farm parties of late. What we have heard they have been lots of fun. We heard about several of them and Third Form's which were at Lake and Fourth Form's which was a theatre and house party and is likely First and Fifth Forms will be cooking something up very soon. We hope that they have as good a time as we had.

RD OF THANKS

Like to express my sincere thanks to all my neighbours and friends for their many visits of cards, fruit and flowers. My special thanks to Mrs. George E. Marshall for extending our sincere regards to the many who have been so kind and sympathetic and bear the burden of our dear friends and neighbours. My special thanks to Mrs. E. Marshall for her generous contribution of a beautiful bouquet of flowers. My special thanks to Mrs. E. Marshall for her generous contribution of a beautiful bouquet of flowers.

Victoria Day Celebration Postponed Until Saturday

For the second straight year a postponement of the Jarvis Lions Club Victoria Day Celebration has been necessary due to rainy weather. The celebration was postponed until Saturday, May 23rd.

The Lions Club will meet in the Church Hall on Thursday, May 21st. All ladies are invited to the Gypsy Party. The evening service on Sunday, May 24th will have a musical back-ground with a talk on "The Influence of Music".

News of the postponement was made in every way possible in such short notice. In view of this there was a sizeable crowd on hand to watch the parade on Monday afternoon. These people apparently had not heard that the celebration had been postponed. As far as possible, the streets to watch the parade go by, were frantically enough the sun began to shine just as the parade was getting underway. The parade was all the more for it. The parade was all the more for it. The parade was all the more for it.

Dairyman Pioneers New Way To Control Production Costs

If you had only 23 acres of pasture land, would you dare to undertake to raise 189 head of dairy cattle on that small tract of land? This is the problem that Mrs. E. G. Wind of Lennox, Massachusetts, did just that by involving the old proverb of taking the mountain to the mole. Mrs. Wind's Jersey herd has been on an outdoor pasture for years. In the winter she feeds her cows almost the year round, feeding them field-chopped grasses and legumes harvested from the 23 acres of pasture with a field chopper equipped with a 14-acre "round-up" padlock. In a 14-acre "round-up" padlock she produces 120 tons of hay per year. The animals are pastured in a 14-acre "round-up" padlock. In a 14-acre "round-up" padlock she produces 120 tons of hay per year. Attend Service At United Church

Members of Silver Star Rebeek Lodge and Jarvis Lodge, J.O.P.F. attended service at Wesley United Church in a body on Sunday evening. The special service was arranged by Rev. Arthur Packman and Miss Marie MacMurey, Choir leader and organist.

Due to the heavy downpour of rain, it was impossible to walk in a body from the Lodge to the Church. The members gathered in the Church School Rooms and entered the Church in a body when the service started. There was a splendid turn out considering the weather conditions.
