Selkirk has won the Intermediate "A" championship in rural softball. It is not the first rural softball to come to Selkirk in recent years. One on the outside looking on it has been noted that Freddy Hodges is usually, if not always, associated with these championship teams. It was Hodges who was the manager and coach of the team this year. We know that Fred has been associated with sport for a long time and realize something of what he has done for the game. He surely deserves the credit of being the man who put in the game. No matter how good the players are, their part in the game is mostly enjoyable. The excitement of competition is rewarding to youth to say nothing of the plaudits of the spectators. But there is much more to winning a championship than merely participating in the game. Freddy Hodges has been worrying himself with this phase of sports activity in Selkirk. Someone has to organize the team, arrange for league schedules and transportation. It is an exasperating responsibility at times. So when we note that Freddy Hodges is still producing a champion team, we think back those many years and realize just what he has done for sport in his adopted village. He surely deserves the credit of being the man who put in the game. No matter how good the players are, their part in the game is mostly enjoyable. The

HARVEST SERVICES

On Sunday, September 27th St. Paul's Jarvis celebrated the Annual Old English traditional Harvestings of the Harvest. The church was tastefully adorned with a Harvest Bounty of fruits, flowers and vegetables from the garden of Man and given thanks to God the merciful Giver of all. The services were attended by a large number of members and friends of the community. The choir rendered special music of a Harvest nature for the occasion. In the evening the Reverend David Blackwood, Rector of Christ Church, Wainfleet was the Officiant and Preacher. At Christ Church on Sunday, October 4th, the guest at the Evening Service was the Venerable A. H. Laik, son of a former Rector of Nanticoke, and now Archdeacon of Lincoln and Wolland. He related that he preached his first sermon in Christ Church when he was only sixteen years of age. This Harvest Festival was a home coming for him and he stated very simply the attributes of being a thankful person.

At the morning service in the mutually adorned Church, which included the solemn first presented bread and Grapes, symbols of God's goodness and mercy, and Agriculture, a fish on a silver dish, symbolic of the early Christian movement and livelihood, and of the Fishing Industry of Lake Erie. Both services were supported by a large number of worshippers.
