STATEMENT BY T. H. ATKINSON, PRESIDENT OF THE CANADIAN BANKERS' ASSOCIATION Montreal, March 27 - The increase in charges on savings accounts was recently put into effect. This school, which also serves as a day-care centre for children, was opened in the summer months, provides services such as residential treatment for children who require intensive therapy; out-patient treatment for those within the locality and a parent education program conducted by a mobile unit in hard-to-get-at areas where treatment facilities do not exist.

Mr. Atkinson's statement noted that, generally speaking, Canada is a country where the rate of interest is running at the rate of more than one hundred million a year and the increase in the service charges was an attempt to meet part of the mounting cost of the bookkeeping involved. The increase in service charges will not exceed \$2,000,000 and a parent education program conducted by a mobile unit in hard-to-get-at areas where treatment facilities do not exist.
