
Before the introduction of Old Age Pensions, baby bonuses, etc., there was a certain independence of personal maintenance that has since been lost. We would be very much surprised to find any recipient of the taxpayer's largesse who would not feel badly done by, should this monthly income suddenly be shut off. It has, in fact, taken a very short time to regard this measure of social security as something to which the recipient is entitled without fail. Succeeding generations will probably have such a rightful claim, by virtue of the compulsory contributions to the fund. We are not unhappy in the thought these monthly payments are being made because, in many instances, they are vital to the maintenance of the individual. It is a fact, however, that many receiving O.A.P. had adequate resources without it, but these are the people who generally complain about being hard up, and unable to support anything that would make this a better world to live in for everybody.

We could learn a lesson in Financial independence, thinks the Montreal Gazette, from West Germany where full deductions are permitted from taxable income for all medical expenses and for all life insurance and Annuity payments. "Social Security, it is true, has its important place. But it ought not to grow to such an extent as to obscure the social fact that the care of any person should remain, first and foremost, his own responsibility. Nothing that weakens such motives can be to the public good. Yet there is a dangerous hypnosis that official organization is a substitute for personal effort, and that a State benefit (paid for by compulsory exactions) is a substitute for income well earned. In these two tax concessions the West Germans have a sound principle. It seems important, that Canada, the very country where self-reliance ought to be the greatest, should not carry social security to such a length that the acceptance of compulsory dependence shall itself become compulsory.

SHOULD HAVE GOAL

A number of our boys and girls give no thought whatsoever to a career or what they would like to take up for their livelihood after completing their term at school. We hope that those who may be graduates this year, have made up their minds what they would like to do and how they intend to achieve their goals.

— Huntingdon (Que.) Gleaner

The Township of Walpole has entered an Appeal against it's equalized Assessment in the County of Haldimand. The Appeal is to be heard by a Board appointed by the Provincial Government at a date not yet set.

Inasmuch as an appeal has been launched it means that every municipality in the County will be drawn into the fight. Inasmuch as it proved impossible for the members of County Council to agree among themselves in the matter of equalization the conclusion must be assumed that they are ready to defend their rights to the limit. If this is the attitude of the representatives of the taxpayers in Haldimand, then it appears to us that the taxpayers of the County of Haldimand can prepare themselves to pay a tremendous amount of money in legal fees that, in our opinion, might better be spent on better roads, or a new Registry office.

We do not believe that a Board, appointed in Toronto should be better able to arrive at a sensible and justifiable equalization than the men elected by the municipalities to represent them in County Council. It is reasonable to assume there should be some changes in the equalization. Certainly every municipality has not progressed in the same degree over the years, or since any major change in the equalization was made. The taxpayers have a perfect right to expect their county representatives to correct any such inequalities that now may exist without resorting to the costly procedure now underway.

The hearings can be avoided if the County Councillors face this problem sensibly. It will, no doubt, be impossible to reach a perfect agreement, but let no one suppose a perfect agreement can be reached through the decision of a Board. There will have to be some give and take before the matter is settled, but it can and must be settled by the County Councillors themselves.

An agreement reached at an early date will avoid the unnecessary expenditure that will develop unless the Councillors get their teeth into the problem and iron it out. Nothing else will be acceptable to the taxpayer who, in the long run, will foot the bill.

On The Farm Front

BRIEF NOTES FOR THE BUSY FARMER

— By Haldimand Harry —

Winter wheat growers should be especially careful of the seed that they use in order to avoid getting a dose of Dwarf Bunt. If you are having to change your seed for any reason be sure to get registered or Certified seed as no seed contaminated with the disease can be registered. A new circular on Dwarf Bunt has just been issued by the Department of Agriculture and you would be well advised to secure a copy from your Agricultural Representative. In addition to giving some pertinent information about the disease the circular also gives six methods to be followed in keeping Dwarf Bunt off your farm.

-oOo-

Scarcely a day goes by without one hearing about some member of some farm family having suffered an accident in the operation of farm machinery. As time goes on and farms become even more mechanized it becomes even more important that "Safety" be practised at all times where power equipment is involved. The tractor just does not seem to understand you when you shout "Whoa !" to it. The hazards are tremendous and for that reason let us be doubly careful every time we are in charge of any machine on the farm. There is a new circular on the subject and every farmer should have one. It is entitled "Safety in Machinery Operation" and it is well illustrated by actual photographs and also with cartoons ably drawn by Jack Cockburn of Junior Farmer fame. Be sure to pick up a copy at your Agricultural Representatives office.

-oOo-

Of interest to seed producers in Haldimand is the announcement that the United States has placed a restriction on the amount of Alsike seed that can be imported from Canada. Under the change only 1,500,000 pounds of seed can be imported at the two cent tariff. Anything in excess of this amount will have to carry the regular six cent rate. Under the old agreement the U.S. agreed to accept alsike at half of the old four cent rate with no limitation on the quantity. This will make quite a difference to Canadian growers as a total of 5,200,000 pounds were exported to the U.S. during the year ending May 31st, 1954.

-oOo-

While this announcement will not affect many growers in Haldimand as very little alsike seed is now being produced in the county, it does point up the fact that other seeds can come under the same treatment if sufficient pressure is brought to bear on the U.S. government. The change in the alsike situation was brought about because of pressure from producer interests in Oregon. Haldimand produces large quantities of alfalfa, red clover, timothy and bluegrass seed, and would certainly feel the pinch if anything were to happen to the export market for these seeds.

-oOo-

Creamery butter production in Haldimand took another flop in June with a reduction of almost 25,000 pounds from the same month a year ago. The total production for June of this year was 236,011 lbs. as compared with 249,480 lbs. for the same month in 1953. The production for the six months ending June 30th now stands at 1,210,715 lbs as compared with 1,332,042 lbs. for the same period a year ago. Provincial production for the month showed an increase of 1.09 per cent while it was off .5 per cent for the six month period.

-oOo-

Don't forget to watch those bins of wheat for weevil damage. Prevention has been taken care but in many cases the bins are now full. If the necessary precautions have already been taken there is little to worry about, other than to check back on the bins occasionally. If there was no clean-up carried on your farm then it would be wise to examine the grain frequently. If there is any rise in temperature look immediately for the cause. If weevils are found then one of the many treatments on the market must be given at once in order to avoid serious losses. Even though wheat prices are down we can not afford to be careless. Every bushel destroyed means that much less income for the farm.

Corner Brook, Nfld. — When young Carl Barry cleaned a large codfish caught off a town wharf he found a set of gold ear-rings shaped like crowns in the fish's stomach.

Canfield Couple Married 50 Years

Fifty years ago, at the home of the bride's parents, Mr. and Mrs. Alex. Moodie, Canfield, on August the 10th, their youngest daughter Nettie Agnes May, was united in marriage to James, son of Mr. and Mrs. Neil Campbell, Cayuga, by the Rev. Leslie L. Howard.

Their attendants were Miss Elizabeth Moodie, sister of the bride and Dr. Hatton Robertson. Both are deceased.

They lived for four years after their marriage at the home of Mr. and Mrs. Neil Campbell until they purchased their own farm one mile north of Canfield, where they farmed successfully until twenty years ago when they moved to the Village of Canfield.

Both Mr. and Mrs. Campbell have taken an active part in community affairs and they attend the Canfield United Church.

They have two children Nellie and Howard. There are two grandchildren Barbara and Jimmy Campbell of Toronto.

To mark the occasion of their anniversary a family dinner was held at their home on Tuesday.

A table centre of fifty golden roses and baskets of gladioli formed the theme for the 50th Wedding Anniversary reception held in the Community Hall on Tuesday evening.

Receiving with their parents were Nellie, Edythe, Howard and John. Out of town visitors arrived they were welcomed by Mrs. Norma Sutor, where they signed the guest book in the care in charge of Barbara and Jimmy Campbell.

The table was attractive with an Italian embroidered cloth centered with a decorated tiered wedding cake and set with silver appointments and white candles.

Those pouring tea during the evening were: Mrs. I. Reid, eldest sister of the bride, and Mrs. S. Best, eldest sister of the groom, Mrs. O. Walker, Mrs. S. Bisbee, Mrs. D. Taylor, Mrs. F. Charlton, Mrs. R. Haney, Mrs. T. Hedley, Mrs. C. Mehlenbacher and Mrs. R. Hedley.

The Women's Association of the Canfield United Church had charge of and served the refreshments.

Many friends called to extend their best wishes to Mr. and Mrs Campbell on this very happy occasion.

It is interesting to note that both of their parents had celebrated their fiftieth wedding anniversaries with Mr. and Mrs. Neil Campbell celebrating their 59th and Mr. and Mrs. Moodie their 60th.

—O—

BROAD KNOWLEDGE NEEDED

Life on a modern Canadian farm is certainly no place for the backward boy . . . Farmer must requires a thorough knowledge of natural growth allied with chemistry, mathematics, economics, salesmanship and a few dozen minor skills.

Trinity Lutheran Church Will Mark Anniversary

Fisherville - August 22nd - 25th, Trinity Lutheran Church, Fisherville, will celebrate the Centennial of the congregational organization.

Located in this little Village of some 200 residents, Trinity congregation serves a wide area and numbers among its membership people residing in Hagersville, Dunnville, Jarvis, Cayuga, Caledonia and a few families living as far away as Hamilton and Fort Erie. It ministers to the spiritual needs of more than 800 souls.

Since 1857 Trinity congregation has been affiliated with the Lutheran Church - Missouri Synod, a Church body which has gained international acclaim for its radio production of the Lutheran Hour, the "Bringing Christ To The Nations" series of religious broadcasts, and for its TV production of the "This Is The Life" series, one of the most televised programs in the world, shown as a public service by over 200 stations in the United States and Canada.

This congregation had the first resident pastor of the Lutheran Church Missouri Synod in Canada, The Ontario District of this Church body, which this year is observing its 75th Anniversary, today lists 89 congregations with more than 20,000 communicant members.

The congregation still worships in the Church erected in 1874. In conjunction with the Centennial celebration the congregation will launch a program which has as its goal the collecting of sufficient funds to erect a new house of worship in 1964. The present congregational property also includes a pastor's and teacher's residence, a parish hall erected in 1929, that has an auditorium with a seating capacity of 300, a spacious basement and kitchen.

Trinity has the distinction of being one of three Lutheran congregations in Onario and one of few Protestant congregations in Canada which maintains a Christian Day School. The first school house was erected in 1879, and for a number of years the school was a part-time institution with the pastors serving as teachers and with instruction in the German language. Since 1890 it has been operated as a full term parochial school, including all the branches demanded in the public school curriculum. The Christian philosophy permeates all instruction. Noteworthy is the fact that the congregation has never requested and receives no governmental or municipal grant or subsidy for the maintenance of the school. The doors of the school have always been open to the children of non-members and no charge has ever been made for tuition.

Since the organization 11 pastors have served in the Church, 12 teachers in the school. The present pastor is the Rev. Carl A. Lantz, the present teacher, Miss Lois Hoover.

Services scheduled for the celebration are Sunday, August 22nd, Rev. H. W. Brege in the morning, at 10.30 Rev. W. O. Rathke at 2.00 in the afternoon, and Rev. W. D. Bauer at 8.00 in the evening; Rev. Robert Brege will deliver the sermon on Christian Education and the congregational societies on Monday evening at 8.00; Rev. A. Lantz will deliver the Memorial sermon on Tuesday evening at 8 00; Rev F. Malinsky will preach at the District Jubilee service on Wednesday evening at 8.00.

TREASURER'S SALE OF LAND FOR TAXES COUNTY OF HALDIMAND

By virtue of a warrant issued by the Warden of the County of Haldimand under his hand and the seal of the said Corporation bearing date the 19th day July, A.D. 1954, sale of lands in arrears of taxes in the County of Haldimand will be held at the Court House in the Village of Cayuga at the hour of 10 o'clock in the forenoon on the 9th day of November, A.D. 1954 unless the taxes and costs are sooner paid Notice is hereby given that the list of lands for sale for arrears of taxes was published in the Ontario Gazette on the 7th day of August, A.D. 1954 and that copies of the said list may be had at my office.

Treasurer's Office, Court House, Cayuga, the 7th day of August, 1954.

LEIGHTON B. HOLMES,
13TC—43 Treasurer.

NOTICE

TAKE NOTICE that the Municipal Council of the Corporation of the Township of Walpole will take into consideration at the passing and, if approved will pass at its meeting to be held on the Tenth day of September, 1954, at the hour of one o'clock in the afternoon at the I.O.O.F. Hall in the Village of Jarvis a By-Law for stopping up and selling

(1) The Brooklyn Side Road (being a given road between Lots 16 and 17, Con. 1, Township of Walpole) between the Old and New Lake Shore Road, and being approximately one hundred and eighty-one (181) feet in length;

(2) The Old Lake Shore Road in the South West Portion of Lot 17, Concession 1, between the Brooklyn Side Road and the junction with the new Lake Shore Road, and being approximately one thousand and twenty-nine (1029) feet in length.

(3) The Old Lake Shore Road in the South East Portion of Lot 16, Concession 1, between the Brooklyn Side Road, and the North-east corner of Lot 120 in the Edsall Park Survey, and being approximately six hundred (600) feet in length;

and the Council will, at that time and place, hear in person or by his Counsel, Solicitor or agent, any person who claims that his land will be prejudicially affected by the By-Law and who applies to be heard.

DATED this Fifth day of August 1954.

J. J. PARSONS,
Clerk.
Arrell & Arrell, Caledonia, Ont. Solicitors for the Township of Walpole.
