

These great shopping centers seem to be having their day at the present, but if the human race continues to submit to the punishment that goes in pushing through the crowds that attend these places, all we can say is "there is no hope left."

Warden George W. Walker will soon complete his term as chief magistrate of the County of Haldimand. The final meeting of the year will be held on Friday, December 10th, and, according to tradition, the Warden will entertain county officials and friends at a dinner in the evening. The Warden's Banquet is one of the big social events of the year looked forward to annually by those fortunate enough to attend. Tribute will be paid to the Warden which is the reward for those who give unselfishly of their time in civic service.

Warden Walker has indicated his intention of retiring from municipal politics this year. If he does there will have to be some new blood in the Village Council ranks. There are no definite announcements from members of the present Council, but even if they do all remain at least one new name will have to be added. It points up the importance, therefore, of giving this matter consideration well ahead of the nomination date which is the last Monday in the month. This is a matter that should be of concern to every citizen.

"In his will your late employer has named you as a beneficiary," said the lawyer. "Mr. Smith," said the girl.

C.G.I.T. MEETING

(Intended for last issue)

The regular meeting of the Merry Maidens was held in the Sunday School Rooms of the United Church on Tuesday, November 23rd. The meeting opened with the devotional period led by Mrs. Doughty and song, the theme being "Be Pure in Heart".

We sang "Jesus Meek and Gentle" and "The Hare in Heaven". Mrs. Doughty led us in prayer and read a chapter from "Mary Jones and Her Elbow". We repeated our purpose and Eleanor Johnson took up the offering.

The business period followed, led by Vice President Vicky Hoover. The minutes were read by Jill Peresky and there were twenty-one members present. We decided to take our candy for the play to Mariene Howden's to get sorted and taken to a stand. We are also to have a stand at the bazaar on Saturday and sell candy and white elephant things. The crafts period followed with work on our needle cases finished and a game of charades was played during this period. Then "Papa" closed the meeting for another week.

What's new with Chevrolet? Everything!

And look what you see from the driver's seat

**New Outrigger Rear Springs**

Rear springs are longer - and they're attached at the outside of the frame - spread wider apart, outrigger-fashion, to give you greater stability in cornering.

**A ventilating system that really works**

Chevrolet's new High-Air Ventilating System takes in air at hood-high level, away from road heat, fumes and dust.

**Three drives, including Overdrive**

Take your choice. Powerlide teamed with the new V8 or the new "Blue-Flame 136". (Power-glide and Overdrive are extra-cost options.) Or a new standard transmission offered with either the new V8 or the "Blue-Flame 123".

**Tubeless tires as standard equipment**

Proved tubeless tires give you a greater protection against blowouts... deflate more slowly when punctured... and are much more resistant to other causes of tire failure.

Chevrolet and General Motors have started something - by taking a whole new look at the low-cost car. Here are young ideas that are all rolled up in the most glamorous package that ever wore anything like a Chevrolet price tag!

This is the car that began with a great idea - the idea that a low-priced car should be built that would have the style, the performance, the comfort and convenience features, and the fine quality "feel" of high-priced cars.

Lots of car buyers have dreamed about such a car. But until Chevrolet and General Motors sat down and tackled the job it couldn't be done. It took a long time but they designed and built a car to fit the dream... the motoramic Chevrolet for 1955.

When you think about it, it makes sense that only the world's largest motor car producer could have done it. Chevrolet and General Motors have what it takes - plus a desire to make your dreams come true.

Come in and meet the motoramic Chevrolet - more than a new car - a NEW CONCEPT of LOW-COST MOTORING.
