\$20,000,000 SUMMER-CITY PLAN FOR ERIE
 A \$20,000,000 summer-city on the shores of Lake Erie near Port Dover will be built within six years, Donald Ivey, president of Lake Erie Resort Development Co. announced recently.

Mr. Ivey said work had already started on the first part of the development—more than 150 cottages selling at some \$3,000 each. They would be completed in seven months. The project would include a community-owned lake front park.

JARVIS GIRLS DEFEAT LOCALS
 14 TO 13
 (Grand River Sachem)

Saturday evening, we saw some rubber in its natural wild state. So which, you say? Well, the rubber was in the form of the good right flipper of Sonja Bain, who, it must be confessed, was off form somewhat. So too, we take it, was the Jarvis hurler, Saunders. True, they both received shoddy support, the Eagles making eleven miscues, the Jills six. All this mind you in five innings. It went like this. The ball went up in our half of the fourth, as, with Jarvis leading 5 to 5, the Eagles showed their claws (or come to think of it, in this case (rum) it was batting power. However, they jumped all over Saunders for eight big runs, and a 13-8 lead. Now comes the gritty part. Never mind what happened. Those of you who were there saw it, and those of you who weren't at the ball game, as it turned out. All this time it got darker and darker. Chief Umpire Lawrence (there were four arbiters, by the way) called the game in the top of the sixth. Almost immediately the rain began to fall. It was a good thing, because as the local stalwarts raced for shelter, they proved that they were still alive.

Final score: Jarvis 14, Caledonia 13.

The batteries: Saunders (1-0) and Jacques. Bain (1-2) and Thomas. The Eagles play two games this week. Thursday evening they open the Hamilton Juvenile League, doing battle with Slim Wilson and his Siscoe nine. Provincial Juvenile Champions. Game time—6:30.

Saturday night here, we expect to play the new Burlington Juniors, game time 7:00. One and all are welcome.

PERSONAL SATISFACTION
 Despite the admittedly routine nature of farming, there is a far greater satisfaction, and a definite achievement in the fact that the products of the land are the most vital necessity to the human race.
