Congratulations to the Simcoe Reformer and the Delhi News-Record for awards in the annual newspaper competitions conducted by the Ontario-Quebec Division of the Canadian Weekly Newspaper Association. The awards were well merited, but for the purpose of the record, should be pointed out that the Jarvis Record and the Port Dover Maple Leaf did not compete.

In reciting the teams competing in Jarvis this year in softball we neglected to mention the most important of the Jarvis Pee-Wees. This group is made up of about twenty young fellows full of vim and vigor who will help to make things exciting on the local sandlot within the next decade. Walt Cassidy is devoting his time and talents to this team and should be congratulated for his initiative. Players are made at this age.

- - - - -

We have heard it said that the Jarvis Intermediate team hardly represents Jarvis, inasmuch as most of the players reside outside the limits of the municipality. That is most decidedly true, but it is easy to understand when it is realized that softball has been a dead issue locally for the past two or three years. It does reflect credit, however, on Larry Pond who has worked hard to develop a team to play under the Jarvis banner. And, it can further be said that the aggregation he has brought in should make most fans happy to have them wearing the Jarvis uniform. Howard Showers, the eminent sports scribe from Simcoe, warns this week that Jarvis will be the team to watch in the O.A.S.A. playoffs. We agree.

All the daily newspapers and one large town weekly had glaring headlines a couple of weeks ago about a new $20,000,000.00 tourist development east of Port Dover, in Norfolk County. One would have thought that a development of such magnitude would have rated a special edition of the Port Dover Maple Leaf.

A Civil Servant at Deep River, Ontario relates a new example of bureaucracy and Government Red Tape. He mailed some superannuation forms to Ottawa. Many days later back they came. No, there was nothing wrong with the way they had been made out, and the official Department stamp showed they had been received in good time. But, explained an accompanying letter, a new regulation said such forms could not be received by the superannuation office unless they had been registered at the Post Office to ensure delivery. Would he please mail them back and this time would he please register them? He would and he did, but he thinks the Government's going pretty far to make up that Post Office deficit.

Ottawa AS I SEE IT

by John A. Charlton, M.P. for Brant-Haldimand

Parliament may not find it easy to finish its work by the Government's prorogation target date of June 18th. There are several pieces of legislation on the order paper virtually untouched and quite a number of bills have not yet been introduced.

Conservative-minded Liberals in the Senate are again expressing concern at the continued high level of Government spending. The Senate Finance Committee which almost invariably rakes the Government fore and aft for waste and extravagance, was not set-up this session but it is reported that it will be functioning when the next session gets under way. The probability is that it will again be under the Chairmanship of the veteran Liberal Cabinet Minister Senator T. R. Crerar. Senator Crerar was suggested by Opposition Leader Drew as a possible chairman of the Canadian version of the U.S. Hoover Commission he has been trying (unsuccessfully) to persuade the Government to set-up.

o—o

The popularity of Justice Minister Garson has dropped slightly amongst the Common's Liberals lately. The parking problem on Parliament Hill has long been acute but Members of Parliament who parked outside their areas were rarely bothered. Mr. Garson, however, is said to have inaugurated a "get-tough" policy recently and Members of Parliament were not to be excepted. Since then the R.C.M.P. constables on parking patrol duty have been issuing parking tickets with a free hand. Cars that in some cases even been towed away and put in storage. On the receiving end have been some prominent Liberals.

o—o

Gossip on Parliament Hill is that Defence Minister Claxton has decided to go after the Liberal party leadership when Prime Minister St. Laurent vacates the post. The latter's retirement plans (if any) remain unknown except possibly to a select group of Cabinet colleagues at least three other possible contenders

MIDGETS DROP SECOND GAME

The Jarvis Midgets lost to Rainham Center in the second start of the season last Friday night. Coach Bill Clark has a healthy roster of youngsters to draw from and feel that as the season progresses they will give a good account of themselves

The score on Friday night was 18 to 7 with the visitors showing plenty of strength at bat.

The next game will be on Friday night when the Fisherville Midgets will be playing Jarvis on the local diamond.

O

WOLF CUBS CLOSE SEASON

The Jarvis Pack of Wolf Cubs held their closing meeting of the season down at the lakeside on Monday evening. Seventeen howling cubs and one scout enjoyed the cool breezes of Lake Erie and a refreshing dip in the water.

The camp fire was supervised by Wayne Mitchell and many hot dogs dipped in sand, mustard and some well charred in most cases, became the victims of the various cub's digestive systems. The dogs were completely consumed ere the rain began to fall and the cubs had to head for the Lairs of home. Appreciation is recorded by each cub for the assistance of Mr. Fred Fish in driving the boys to the lake, along with Akela.

The next regular meeting will be held in the fall on or about Monday September 20th at 7.00 P.M. Till then good luck. Good Hunting. Akela, Baldo, Kaa and Mowgli.

(Finance Minister Abbott, External Affairs Minister Pearson and Immigration Minister Harris) are currently rated ahead of the Minister of National Defence. Trade Minister Howe would be the number one choice in the event (said to be unlikely) that he out-stayed Prime Minister St. Laurent in active politics.

Some $67,000,000 worth of new federal buildings will be added to the Ottawa landscape under the current Government building programme. This figure covers construction work in Canada's capital, which is planned, under contract, or under construction It does not, however, include land costs or outlays for equipment and facilities. Land costs could bring costs to (or past) an estimated $80,000,000.

British cars enter Canada duty-free. Entering the U.S., they are subject to a 10 per cent tariff. Yet the U.S. price to the consumer is far lower. Here is how it works out. The British manufacturer's list on one specific car is $1,600. Going to the U.S., the tariff adds another $140. The distributor takes his profit. Price to the consumer $1,695. The same car enters Canada tariff exempt. But there is a 10 per cent federal sales tax adding $140. to the price. There is also a 15 per cent excise tax accently fixed which is the factory or distributor takes his profit. Cost of the same car to the Canadian buyer is $1,805.

Christian Education was the theme of a very fine address by Rev. Frank P. Fidler, B.Sc., B.D. of Toronto Mrs. C. C. Ramage, of Vineland, President of the Hamilton Conference Branch of the W.M.S., presided for most of the sessions.

Mrs. Reg. Hedges who was in charge of the program, thanked Mrs. Saunders for her report.
