

"It's for you, Dad!"

When one of the family calls you to the phone and whispers, "I think it's business," it reminds you how important calls of that kind are, even at home.

You don't have to upset your evening's plans, because your telephone gets things done quickly, nearby or far away.

Whether it's a matter of sales, or service, whether it's early evening or late at night, you can depend on your telephone. Just give it a thought next time one of the family says, "It's for you, Dad!"

THE BELL TELEPHONE COMPANY OF CANADA

Mr. and Mrs. A. L. Belbeck called on the former's Aunt, Mrs. T. Horton at Simcoe on Sunday.

Mr. Ben Johnson and daughter Springdale, spent Saturday at the Myrtle and Ruby, Mrs. A. L. Belbeck home of their brother, Mr. and Mrs. and Mr. and Mrs. Arnold Roberts of H. W. Roberts in Toronto.

We don't know what it is General Motors Corporation has hidden under the sheet which is said to contain the new 1955 Chevrolet, but it better be pretty good. Bill Henderson is having an unveiling today so the mystery will soon be over. The primary thing about a new car, in our opinion, is how much it will cost to own. We hope when the unveiling takes place the price tag will show something around \$1,600, including all the extra gadgets that seem essential to modern day driving. If we could get about \$600 for our old job we figure we could manage to finance the balance over a period of two years.

Saving money... and writing cheques

A bank offers you two types of deposit account - Savings and Current.

If your main purpose is to save, to accumulate funds, it's good to have a Savings account.

If you write cheques frequently, you will like the many advantages of a Current account.

The money you leave in a Savings account earns interest, and your bank book gives you an up-to-date, continuing record of your financial progress. If your funds are active, with frequent deposits and withdrawals, a Current account provides a special service; a monthly statement, together with your cancelled cheques - useful as receipts and a ready reference for budgeting, bookkeeping and other purposes.

NO. 10 IN A SERIES YOUR HYDRO AT WORK FOR YOU AND YOURS

YOUR HYDRO ...Lighting the way

Adequate, reliable, street lighting, made possible by low-cost Hydro electricity, is one of the great benefits of modern living. Automatic traffic lights speed and integrate the flow of traffic... help prevent accidents... protect pedestrians.

Street lights safeguard the citizens of a community in other ways too... Brightly illuminated streets are an important factor in reducing crime.

Thanks to a dependable supply of electricity, provided by Ontario Hydro and your local municipality, the streets of our Province are better lighted than ever before. Another example of...

Low...and behold! The motoramic Chevrolet for '55

Chevrolet and General Motors took a whole new look at the low-cost car — and just look what happened!

NOW BEING SHOWN!

The valve-in-head V8 as only the valve-in-head leader can build it!

You can choose from two new sizes, too

Now Chevrolet, the leading builder of valve-in-head engines, introduces the "Turbo-Fire V8." It carries the V8 design to a new high in efficiency with its high horsepower (162!), high-compression (8 to 1!), high performance and surprisingly high gas mileage. Available with standard transmission, or with the extra-cost options of Overdrive or Powerglide.

Chevrolet also offers the last word in six-cylinder performance and economy. There's a new "Blue-Flame 136" teamed with Powerglide and a new "Blue-Flame 123" with either standard transmission or Overdrive.

Can't you tell just by looking that Chevrolet and General Motors have come up with a completely new idea about the low-priced car? The idea is this: to build a car that offers the very newest thing in styling, the most modern features, the finest kind of performance and the highest quality of manufacture — all at a modest price. It's something that took a lot of doing and that only the world's largest car builders could do. Everything's new in this Motoramic Chevrolet from its lower top right down to its timeless tires. Come in for the most fascinating visit you ever made to an automobile showroom!

More than a new car — a new **concept** of low-cost motoring
