Chicago Black Hawk Camp for the past three weeks. During that time he has seen the roster cut down from more than sixty-five aspirants to about twenty-five - and he is still in there tossing them out under the watchful eye of the big brass. Something definite should be forthcoming any day now. Tom Saunders, of Nanticoke, also spent three or four days over the past week end working out with the Black Hawk organization. It is possible we will be seeing both of these boys in action with the Simcoe Junior "B" club this sea-

## "WHAT'S GOING ON IN TOWN"?

Can you picture what life in your town would be like without a weekly newspaper? You'd have nothing to keep you up to date on happenings right in your own neighbourhood. If you had something to sell, you'd have to go out and look for a buyer. If you needed to buy something, you'd have to look all over town for it.

Your neighbours could marry, have children or even die, without you hearing about it until much later. Council could pass a by-law affecting you and you might never hear of it. Plans for worthwhile community projects might never get started for lack of news and support. And how would you keep up with the fortunes of the hockey team or the baseball club?

Fortunately, your town has a weekly newspaper, a source of local information that no other kind of publication can replace. Over the years, Canadian weekly editors have lent their support unstintingly to many a good community cause. This year, for the first time, they are celebrating National Weekly Newspaper Week, and Imperial Oil is glad to participate in paying tribute to your weekly newspaper.
