sistant Scout Master and all the Troop appreciate it.

A short skit was put on by the Hawk Patrol during the campfire session which was enjoyed by all.

The Troop are now working on their plans for the 21st of May and are reminded of the work meeting being held at 5. P.M. at K. McDonald's house on Friday night. There is considerable work to be done, so lets have a good turn out.

All cubs are reminded to work on their bird houses, they have two weeks to complete them and then they will be judged by members of they will be judged by members of the Group Committee and prizes will be awarded by same.

## BULK DELIVERY CAFETERIA FEED

Saves You \$4.00 a Ton if We Deliver Saves You \$6.00 a Ton if You Haul It

We will deliver any order of 1 TON or more with our new Auger Truck

We will fill YOUR bags from our bulk bins - any quantity you want

Here is the most important notice we have ever issued to the

We now have four big bins filled with Cafeteria feeds IN PULK ... and the reduction in handling costs enables us to offer these feeds at a saving you can't afford to overlook

For dairymen, we have a bin of Cafeteria 16 Per Cent Dairy Ration. For hog raisers we have a bin of Cafeteria Pig Grower Pellets. For poultrymen, we have a bin of Cafeteria Chick Grower Crumbles and a bin of Cafeteria 20 Per Cent Laying

We will deliver any of these bulk feeds to your farm, in any quantity from one ton up . . . augur them into your bins . . . at \$4.00 per ton LESS than we have to charge for the same feed in bags.

Or, if you bring in your own empty bags, we will fill them from our bulk bins and deliver to your farm at the same \$4.00 per ton saving. If you haul the feed yourself, we will deduct another \$2.00 per ton.

This is no price cutting venture. This is a straight saving in bag costs and handling costs, which we are passing on to you.

We don't need to tell you that Cafeteria feeds are good. You already know, from experience or observation, that Cafeteria is right at the top among high quality feeds, as good as any and better than most. There is plenty of evidence in this area to verify that statement... This saving in handling costs put Cafeteria head-and-shoulders above all others in value.

So build yourself some bulk bins . . . if you haven't already got them . . . and take advantage of this "new deal" in feed service. Plans for farm bins are available from our George Williamson.
