Reeve Cox first entered municipal politics in 1947 when he successfully contested for a seat on council. Three years later he was elected Deputy Reeve. Three years after that he contested the Reevehip and was successful. The voting on Monday marked his third successful appeal to the voters and he is now one of the oldest men in County Council from point of service.

In the event Reeve Cox continues as head of the Walpole Council until 1958 there is every likelihood he will become Warden of the County. Reeve Lloyd Baker of Canboro Township, who was returned to be the election this year appears to be the likely choice for the Wardenhip in 1956.

Reeve Cox will have for his council in 1956: Deputy Reeve Harold Hopper and Councillors Charles Sheppard, Clarence Harvey and Edward Montague.

Noted Speaker Will Address Jarvis Meeting

A TREAT SPONSORED BY THE JARVIS WOMEN'S INSTITUTE

The Jarvis Women's Institute has been fortunate in securing the services of Thor Hansen as guest speaker for its special treat to the community on the evening of January 13, at 8:15, in the Community Hall.

It is seldom that such an outstanding speaker comes to a village of this size. Speaking in Hamilton at the Royal Connaught Hotel recently Thor Hansen addressed an audience of 800 on "Canadian Arts and Crafts" based on folk lore. Canadian wild life and wild flowers. He stressed the happiness to be derived from handicraft and urged the developing of a basic Canadian culture. Not only does the tourist trade demand such handicrafts but they provide an outlet for nervous energy and as such have a beneficial influence on the nation's health.

Thor Hansen is a Dane who 56 years ago traded a ticket for Japan, which he had won in an Art Contest, for a one way trip to Canada. Working on Saskatchewan farms while learning English he was able to help the housewives in their designs for rugs, needlepoint and other handicrafts, using the animal plant life about him as his inspiration. In Ontario his designs have been used in education and community groups and by the Ontario Government. Working with the Simcoe County Arts and Crafts Association he planned the first rug and quilt fair at Midland in 1948.

His great work has been with the British American Oil Company whose new office buildings in Toronto and Vancouver are decorated to "Tell the Story of Canada" by Hansen.

The B.A.O. Canadian program received the annual award for encouragement of interest in Canada by Canadians at the American Public Relations Association in New York City last year.

The lecture will be followed by pictures and a question period. A light lunch will follow. It is hoped that every family in the community will be invited to this treat. Everyone who is interested in Canadian Culture is cordially invited to attend.
