as much as any other hospital and

tions was the fact that the Victoria. Hospital could not offer a suitable and attractive Nurses' residence. It was pointed out to Mr. Raven that the present program of the Haldimand War Memorial Hospital calls for modest accommodation comfortably furnished and he said that was all that was required. It was not necessary that it should be luxur ous or elaborate but just sufficient to provide comfortable and happy living quarters. Mr. Raver also said that it was very important that accommodations are suitable at the home of their leader termon. The Renton 4-H Club held its final meeting at the home of their leader. Mrs. Lewis liffe, on Saturday afterson. Mrs. Lewis liffe, on Saturday afterson, and Mrs. Earl Duncan and Mr. and Mrs. Paul Weidendorf altended the hockey game in Toronto on Saturday night.

Several ladies from this district were entertained at the home of Mrs. Paul Weidendorf on Wednesday afternoon.

was very important that accommodation should be modern. He said that a great many small hospitals in Onand tario were struggling to provide the nurses with residential quarters in old houses that had been made over.

These houses ware calls and that Mr. and Mrs. Jack Pollard and family of Dundas, spent Sunday at the home of her parents, Mr. and Mrs. H. McCawill.

These houses were only a make shift and could seldom be made attractive.

mr. V. S. Milburn, Secretary-Manager of the O.F.A. broke the news of a special marketing meeting to be held on the 13th and 14th during his address to the Directors on the occasion of their Annual Dinner Meeting at the Rural Youth Centre, at Kohler last Wednesday, Feb. 29th.

Mr. Milburn in his address stated that "we farmers of Ontario are not going to stand idly by while our net incomes shrink far below those of other industry now enjoying their highest prosperity in history — we must revise our marketing program with self help — review the situation and put it before the public — then we can realize our responsibility and the government's responsibility and the government's responsibility and the government's responsibility.

bility.

We hope to bring out all the facts in this regard, to explain the farmer's position in our present day economy and to prove to everyone that, contrary to opinions which appear to be rather general, agriculture is not enjoying a boom with other sections of our economy. Agriculture is in a squeeze. If we can impress on the public that depressed farm income can have serious effects on the economy of other groups we will have accomplished a good deal.

In closing he said "There's a great challenge for us to make it a bright future for our succeeding generations."

Fifteen percent of the Forums thought the disadvantage of a compulsory plan would be that its pr'villeges would be abused. Churchivalleges would be abused. Churchivalleges would be abused. Churchivalleges

On Monday night, Feb. 27th, the Farm Forums discussed hospitalization under the heading "Paying for our Health." Most of the Forums felt that the Co-op. plan such as we have here in Haldimand to be more satisfactory as we have low administrative costs and a coverage that is quite satisfactory to the average person. However, small minority expressed that dollar for dollar, compulsory coverage would be quite reasonable despite abuse by some people. For this reason they all favoured a deductable amount.

According to the Forums the average including dental services, was \$71.00 per family.

BOGGED DOWN

Men who might take a keen interest in government at the local level find themselves burning the midnight oil to supply governments at the higher level with information and figures that are of little use to anyone, except those who are paid to file them.—Stansiead (Que.) Journal. or lower rates

PUBLICITY
