convenience and a comfort, all day long. It means fewer meals grown cold because youngsters or hus-band are late getting home. It means more security when you're alone at night. It means more things done with less time and effort . . . Yet this endlessly useful servant works for you for just a few cents a day.

Cafeteria Macro-Lactic Dairy Feeds are ringing the bell. Dairymen like them...the cows like them...they make more milk

Cafeteria 16% Dairy Ration is the foremost dairy feed on the market today. Half pellets and a bulky, heavy molasses base, it has the taste and texture that cows go for....together with the utmost in nutritive value.

Most customers prefer the regular mix...half pellets and half meal...but for those who prefer an all-pellet dairy feed we have Cafeteria 16% in that form too.

For customers with home-grown grain we also have Cafeteria 24% Dairy Supplement in bulk. You can have it mixed with your grain right here at our mill.
