**HAPPY NEW YEAR**  
This life is a funny thing. It doesn't seem to matter how hard we try, we just can't seem to get over Christmas and New Year and remain even faintly normal. We have tried to analyze this condition but there is only one answer that seems to make sense. That answer is advancing age. Having reached this conclusion we feel duty bound to offer a little advice to others who are getting into the decrepit stage.

First of all if you think you can extend the glad hand of hospitality with your numerous friends on the day before Christmas without any restraint you're just kidding yourself. The only sure result is a headache.

Parties. Now here is a subject we can speak about with authority. Our records show case after case where we have attended parties and lived to suffer the following day. In fact our experience has even reached the point where we wondered why we kept on living. So we say to you, if you do go to a party extend your good wishes to the host at the front door and while he is receiving the other guests, sneak right out the back door and go home to bed. And we emphasize—when you get there stay there. Don't get up to answer the door if some character like Doc Austin starts ringing the bell.

These things are hard to give up, we'll admit. We have so many memories of times gone by that are pleasant to contemplate it's going to be hard to put on the slippers after the supper dishes are done and curl up in an easy chair with a newspaper and a book. But who can tell, there may be other compensations for us as we get over our childhoods.

Happy New Year, you celebrants!

**IMMUNIZATION CLINICS**  
DIPHTHERIA, WHOOPING COUGH AND TETANUS, JARVIS AND WALPOLE TOWNSHIP  
Clinics for infants and pre school children will not be held in the individual schools this year, but in four centres and parents are requested to bring their children to the centre nearest them.  
The first dose of combined Diphtheria, Whooping Cough Vaccine and Tetanus Toxoid will be given at the Jarvis Public School on January 10th, 1958 at 1.30 P.M. 2nd, 3rd and 4th doses on February 7th, March 7th and April 15th respectively.  
On January 16th the first dose will be given at Selkirk at 9.30 A.M. at Nanticoke at 10.00 A.M. and at Springvale at 11.00 A.M.; 2nd, 3rd and 4th doses February 12, March 12 and April 24 respectively.  
Infants and pre school 6 months of age and over are requested to attend the Clinic nearest them.

### HYDRO STANDARDIZATION MESSAGE

## TO ALL RESIDENTS IN JARVIS & District

During the next few weeks notices will be mailed to all customers scheduling the EXACT DAY AND TIME Hydro's representatives will be calling at your home or place of business to change over your electrical equipment from 25 to 60 cycles.

PLEASE REMEMBER that they will be prepared to work only on those items of equipment which were reported when Hydro's representatives took inventory, plus such additional items as you may have reported to your Hydro area office.

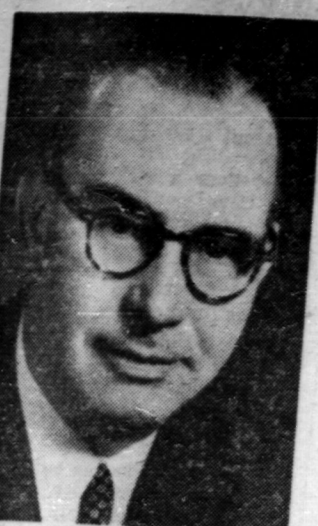

PLEASE REMEMBER ALSO... if you are not at home when the technicians call, your power service will have to be DISCONNECTED in order to safeguard your electrical equipment and your property, and you will have to contact Hydro Frequency Standardization Area Office before it can be turned on again! If this happens, the work of changing your electrical equipment over to 60 cycles may be delayed.

THIS IS WHY it is so important that you BE AT HOME ON THIS PARTICULAR DAY... AND AT THIS PARTICULAR TIME.

HYDRO FREQUENCY STANDARDIZATION AREA OFFICE  
160 SOUTH DRIVE, P.O. BOX 531, SIMCOE, ONT.
