Heavy duty springs, increased capacity brakes, mud flaps in front and back of rear wheels, 2 adjustable rear view mirrors, side tank extra, minimum 25-gal. capacity, lights to Highway specifications, fuses, all flash directional signals, heater, dual electric windshield wipers, 12-volt system, 360x20 10 ply tires on front, 360x20 12 ply rock grip excavator tires on rear. Brantford dump body (or comparable) with rock arm hoist 3-6 cu. yard capacity, size 8x7 ft. with approximate 28 in. tailgate, 1/2 cab shield, complete box made of 2-16 in. material. Color of cab red, name of municipality to be painted on cab as directed.

Specifications of truck to be enclosed with each tender. Please state firm delivery date.

Trade in allowance on two dump trucks to be stated in tender. Trucks may be seen at County Yard, Cayuga.
Lowest or any tender not necessarily accepted.

F. ROUSSELL, County Engineer,
Court House, Cayuga, Ontario.

On the Farm Front

By Haldimand Harry

It is around about this time of year that the first treatment for warble flies should be made. Here have nine of the ten townships under an organized plan as defined in the Warble Fly Act. This is insuring a more uniform job of being done and reports are to the effect that the incidence of the flies has been dropping steadily ever since these municipalities went under the act. According to the latest figures for 1956 there were 21,860 head of cattle treated and it is expected that a similar number will be done this year.

The cattle owner should be prepared to give the best of co-operation when the inspector and the spray gang comes around. The cattle owner, of course, has the option of doing this work himself and indeed he can do a very good job but so frequently it is much easier to have the cattle sprayed in the regular way for a very nominal charge. In every case, whether sprayed or treated by hand, the work must be up to standard and meet the requirements of the inspector.

Calfood vaccination is coming into its own in Haldimand as in most other places in the province. Figures have just been released to the effect that 6,135 calves were vaccinated in Haldimand during the calendar year of 1956. This would be about in line with the total number of calves in the county. This does serve to remind us however, that the onus is now on the cattle owner to see that all calves are so treated. Under the provisions of the new act, there are no inspectors to line up the calves for the veterinarian. Be sure to advise your "vet." in ample time to permit him to see the calf before the time limit has expired. Incidentally there were 304,209 calves vaccinated in Ontario last year, an increase of about 60,000 as compared with 1955.

This will be a repetition of something that has been covered in this column on many former occasions but it will still serve to remind us of the importance of seeing that cattle are provided with plenty of clean, pure water. It has been found that dairy cows given free access to water will use about 18

LORD'S DAY ALLIANCE

Rev. E. Moyer will appreciate a hearty welcome when he calls on friends of the Lord's Day Alliance in Jarvis. The aims of this organization is to preserve the Lord's Day in its integrity and to secure for the whole community the right to its full enjoyment and to promote the privileges of all Canadian citizens to their freedom from unnecessary toll on Sunday, our national weekly day of rest.

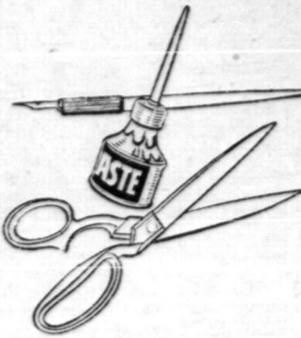

per cent more water than where they are only permitted to drink at specified times and furthermore has been found that they will produce 3-1/2 per cent more milk under such conditions. Automatic stock watering equipment should therefore be considered as essential to the well being of the animals and the profits that is to be made. Consideration now-a-days should also be given to the use of some type of heating equipment to take the chill off the water. There is now such equipment on the market and the cost of operating during the winter months is negligible compared with the results to be obtained.

With spring just around the corner this is another reminder of the importance of using good seed. Actually the difference in the cost of top-notch seed as compared with ordinary kind is very small but the results may be amazing and certainly will have a lot to do with the actual dollars that are to be made. Germination is only one factor to be considered in mind-important as it is but the seed must be more than just alive. It is also important that the seed be of good size and plump. This means that it will give the seedling a good start in life so that it may become better established and thus better able to grow into a sturdy plant to produce a satisfactory crop. Let us therefore use only the best of seed in our operations this Spring.

The evidence is stacking up that Roy Edwards has a great future in hockey and since this is his final year in Junior ranks it will be interesting to see where he goes for the 1957-58 season. The best wishes are with him from this corner.

This community was saddened again on the week-end by the sudden and untimely passing of a native Jarvis boy in the person of Arloff Jones. "Euck," as he was familiarly known to his friends and associates had an unusual personality. It has been ever annoyed he failed to show it. His manner was always extremely pleasant. He seemed to like people and people, in turn, liked him. To say the community is saddened by this tragedy is to put it lightly. We extend our sincere sympathy to his family.

If this column is missing next week, the reason can be answered right now. The annual Minstrel Show is (at this date) on the road. At time of writing the cast is being under the strain and that the condition will be after the show is presented on three consecutive nights remains to be seen. We have a premonition there will be a few casualties.

Things have been quiet on the hockey front in Jarvis since Loyd was eliminated and the team is waiting for the winner of the Princeton area quarter-finals. A third game is being played this week to determine a winner there and then the semi-finals will get under way with the first game being a home game for Jarvis.

They tell us that Jarvis was well represented at Maple Leaf Gardens on Sunday afternoon when the St. Catharines Marlboros, last year's champions, were defeated by the team from the Globe & Mail report of the game—"Ravitch and net minder Roy Edwards were the difference for the home team. Edwards, a 165-pounder from Jarvis, playing his first Junior season, turned in a stellar performance. He scored 37 goals and was particularly prominent in the final frame when the Ducks threw 14 drives at him in an effort to reduce the deficit. By comparison, Marlboro's Len Brodick made only 24 saves."

The evidence is stacking up that Roy Edwards has a great future in hockey and since this is his final year in Junior ranks it will be interesting to see where he goes for the 1957-58 season. The best wishes are with him from this corner.

PLAN FOR INDIANS
Abolition of the present Indian Act and its replacement with a "bill of rights" is recommended by a 20-man research team from the University of British Columbia. The plan, included in a 1,000-page report was released at Vancouver as a guide for treatment of Indians "right across Canada."

The March meeting of the Woman's Association was held March 21st, at the home of Mrs. Wilbert Edard. The meeting was opened with singing "He Lived Long Who Lived Well," and all repeating Psalm 23. Mrs. Don Chambers read the scripture, taken from Exodus, followed by comments and prayer by our president, Mrs. L. Lamb. The hymn "Jesus Keep Me Near The Cross" closed our worship service. The roll call was answered by 17 members and 4 children. Details were completed for our bake sale to be held in Mott's Store, Waterford, on March 20th at 9 a.m. We decided to hold a rummage sale in the fall and all members to collect what they have in the meantime. The next meeting to be held at the home of Mrs. Clay-ton Hall with Mrs. D. Chambers as program convener. The following program, prepared by Mrs. Caswell, was given: Reading "The Letter B" by Mrs. L. Lamb; reading "A Salute to a Lady" by Mrs. B. Priest; solo "Because You Smiled at Me" by Mrs. W. Lemery; reading "The Ladies' Aid" by Mrs. C. Caswell. The meeting was closed with the Lord's Prayer. Lunch was served by the hostesses, assisted by Mrs. B. Priest and Mrs. D. Chambers.

Rockford W.M.S.
The March meeting was held at the home of Mrs. A. Stephenson, with 12 members and one visitor present. Mrs. W. Howard conducted the worship service. "Put on the Armour of God," taken from the lentil book, "Christ and You," was used with Mrs. Howard and Mrs. Lemery taking part. The Easter meeting will be on April 8th, at the home of Mrs. A. Buck. Mrs. Harold Pond of Simcoe, is to be our guest speaker, and the Salem Ladies are to be invited to attend. Mrs. E. Fisher reported on special supply projects for 1957. These will be decided on at our April meeting. Several other business items were discussed. Mrs. A. Buck consisted of poems by Mrs. J. McGibbon, Mrs. C. Hill, Mrs. E. Fisher and Mrs. D. Chambers. An article on "Religion and Life" was read by Mrs. C. Hill. Our Guest Every-United Church Woman a member of the Missionary Society," was given by Mrs. Buck. Mrs. Don Priest gave the study chapter on "Singapore and Malaya." Mrs. Buck closed the program with a humorous reading, "Motor Romance." "Blest Be The That Binds," and the Lord's Prayer concluded the meeting. Lunch and a social half hour followed.

THE MORE YOU LOOK... THE MORE YOU LIKE CHEVROLET!

EYE IT... TRY IT... BUY IT!

The more you look, the more you find in Chevrolet that other cars just can't match! The solid body by Fisher coachwork, the conveniences, the finer materials—no other low-cost car, no previous Chevy even, has ever given you so much to be proud of! Come feast your eyes. Get the inside story—you've been a street-side spectator long enough!
The more you drive, the more you like Chevy's exciting edge in engine-response. Even the world's most dependable Six—Chevy's best-selling Blue-Flame—has that velvety Chevrolet eagerness that leaves many a happier powered car behind at the stop-light! Chevy brings you five advanced engines this year—come try 'em. And try the famous easier handling that goes along with all that wonderful action! The more you reckon up "what-you-get" against "what-you-pay", the more you'll surely like Canada's sweet, smooth and sassy favorite! Nothing comes close in value—nothing comes close in sales! So come eye, try and price the car that's sweeping the country. The sooner you do, the sooner you too will be a happy '57 Chevrolet owner! See your Chevrolet dealer—he's making Chevy as easy to buy as it is to like!

EVERY MONTH SINCE THE 1957 CHEVROLET WAS INTRODUCED, CANADIANS HAVE BOUGHT MORE CHEVROLETS THAN ANY OTHER CAR
