## NOTICE RE WEEDS

NOTICE IS HEREBY GIVEN TO Owners of All Properties  
in the County of Haldimand, and if unoccupied the owners thereof  
that unless all Noxious Weeds thereon are destroyed before the  
25th DAY OF JUNE 1957, and also through the season in ac-  
cordance with the Weed Control Act, the Inspector under author-  
ity given in Sections 3, 7, 10 and 12 of the Act will cause the  
Noxious Weeds or Weed Seeds to be destroyed and the cost there-  
of will be placed on the Collector's Roll for collection in the same  
manner as taxes under the Assessment Act.

## CHEAPSIDE

Mr. and Mrs. Arbuckle of Hamil-  
ton spent Sunday with Mrs. Metcalfe.  
The old landmark—the chopping  
mill—has been demolished by Mr.  
Keith Atkinson & Son. It will be  
moved to the corner lot, where it will  
be a feed store.  
Another village change is that the  
pea harvesters have been removed.  
The Progressive-Conservatives of  
Brant and Haldimand gathered at  
the Cheapside Community Hall Mon-  
day evening. Guest speakers were  
Hon. Jas. N. Allan, Minister of High-  
ways, and John Charlton, M.P. for  
Brant-Haldimand, and others. There  
were over one hundred in attendance  
to hear the speakers and enjoy the  
lunch.

## THE JARVIS RECORD, JARVIS, ONTARIO

One other feature of the current  
election campaign which arouses  
interest and speculation in this de-  
partment is the assignment of Gov-  
ernment big guns to the Norfolk  
theatre of operations. Harris at  
Simcoe; Garner at Port Rowan;  
Pichers at Waterford; Howe at  
Port Dover; St. Laurent at Delhi.  
We would have thought that the  
shining new Post Offices in these  
thriving centres might have been  
considered sufficient within them-  
selves to have given the Government  
confidence of the return of the sit-  
ting member. The evidence as pre-  
sented lends one to entertain sus-  
picions of uncertainty in the minds  
of the strategists. And, oh yes, there  
were over one hundred in attendance  
to hear the speakers and enjoy the  
lunch.

Down here in Haldimand we have  
little time for matters concerning  
the election. The Victoria Day Cele-  
bration saw the softball season get  
away to a good start and there promises  
to be plenty of exciting games this  
season. Jarvis soothed their 1-0 loss  
to Selkirk on Victoria Day by chal-  
lenging up a 5-1 victory over Joey Den-  
tis' squad on Tuesday night in a reg-  
ular league fixture. Mount Hope beat  
Waterford on Monday night. Wat-  
erford carried home an earlier vic-  
tory from Selkirk so it looks as if  
every team is capable of winning at  
any time. In the victory on Tuesday  
night Johnny Edwards batted in the  
winning runs and kept the visitors  
bats silent at the same time. It  
looks like a great season.

Never let it be said the P.M.L.  
(abbreviation for Lakeside Bugle)  
doesn't do its best to entertain its  
readers. The bold banner line on last  
week's P.M.L. said: "HOWE SAYS  
THAT PREMIER FROST APPROVED  
ED CLOSURE." Now any Canadian  
who has been keeping up to date on  
public affairs knows quite well that  
Mr. Howe doesn't ask anyone for ap-  
proval of anything. Quite naturally  
anyone would know he could get bet-  
ter advice from anyone than Premier  
Leslie Frost, but that is aside from  
the point.

The point is how much longer can  
Howe retain his dictatorial status in  
the public affairs of Canada? In-  
dignities are that he has lost consid-  
erable prestige west of the Great  
Lakes and judging from the estimat-  
ed attendance at his Port Dover ap-  
pearance he isn't developing any  
heart throbs in this area. Contrast  
this to the public acclaim for John  
Diefenbaker in his tour from one  
end of Canada to the other. These  
two gentlemen are real opponents in  
Parliament and the only conclusion  
to draw from the apparent attitude  
toward the two men that the public  
has reached the conclusion that the  
claim of Diefenbaker of the weaken-  
ing of Parliamentary authority has  
some substance to it.

## CUBS AND SCOUTS

The Troop met Monday night with  
18 members present and turned in  
what one will call one of their best  
meetings. So far, they should be  
congratulated on the fact that they  
went. The Scout leaders find it a  
pleasure to attend meetings of such  
calibre. I will say I think the Troop  
on a whole are really grasping the  
scouting spirit.

The first part of the meeting the  
scout hall received a pretty thor-  
ough cleaning and it is hard to be-  
lieve it is the same hall. The re-  
mainder was spent in a Kings observ-  
ing game in which some of the  
scouts did very well.

The patrol competition for the  
month of May was won by the Night  
Hawk Patrol which makes it four in  
a row for them, as in addition to win-  
ning the cup once more they were  
presented with a compass. Congrat-  
ulations Night Hawks.

The next regular meeting will be  
on Monday, June 3rd, starting at 7:30  
p.m. at the scout hall. It is hoped  
that the meeting will be on time and  
prepared for the spot inspection.

On the Farm  
Front

By Haldimand Harry

It is interesting to note in the 1956  
census that just about half of the  
hog producers in Canada are located  
in the two provinces of Ontario and  
Quebec. Out of a total of 257,000  
farmers producing hogs last year  
there were 73,053 or 28 per cent here  
in Ontario and 68,257 or 25 per cent  
in Quebec. During 1956 Ontario pro-  
duced 37 per cent of the commercial  
hog marketings and Quebec sold 18  
per cent.

Have you done anything about  
Yellow Rocket? It will soon be too  
late to spray and do a good job. In-  
deed there is some evidence to show  
that when a poor spray job is done  
it is better to leave it alone. The  
reason for this is that spraying poor-  
ly done, and not making a complete  
kill may result in the formation and  
growth of a number of mis-  
shapen seeds which make it even  
more difficult to remove in the  
future. It should be re-  
membered that even one Yellow  
Rocket seed in a sample will throw  
the whole lot out of top grade. The  
weed has now been declared as a  
primary noxious weed and as such it  
could be a very serious menace to  
the seed production business.

So far during the month of May  
(that is up to May 24th) the official  
rainfall at the Rural Youth Centre  
has been 2.87 inches. This has been  
plenty and the fact that it has been  
spread out over a large number of  
days has only added to the trouble  
by keeping the soil wet. Actually  
it is only a little over half of the  
amount that fell during May of last  
year when the total for the month  
was 4.6 inches which created a re-  
cord for the month at this station.  
April had 3.62 inches as compared  
with 3.4 inches a year ago.

Very little corn has yet been plant-  
ed and while the season is becoming  
a little late there is still plenty of  
time to get the crop in. Most farm-  
ers would like to see this crop plant-  
ed between the 24th and the end of  
May. There will have to be several  
days of good dring weather before  
any work will be done on the land.  
With the season being a little later  
than normal it will be a good idea  
to use an early variety of corn, es-  
pecially if it is being grown for  
grain. A 90-day corn should still  
mature satisfactorily and give a rea-  
sonably good yield. Some difficulty  
might very well be experienced  
should the maturity be much later  
than this. Certainly the 115 and 120  
day corns would very likely be in  
trouble unless there is a very late  
fall with no early frost.

The modern methods of weed con-  
trol through the use of chemicals  
may look rather complicated but in  
reality with a little care and having  
a thorough knowledge of what the  
various chemicals will do, the job  
can be done very well and much more  
easily than by the old-fashioned  
methods. There is plenty of infor-  
mation available these days to aid  
the farmer in becoming acquainted  
with the newer types of weed kill-  
ers and their uses. Extension cir-  
cular No. 792, which is available  
from your Agricultural Representa-  
tive, gives up-to-date information on  
a wide variety of those now on the  
market. Be sure to get a copy and  
in addition get one of the companion  
circulars dealing with the specific  
crops in which you are interested.  
It is not too early to be doing some  
of this work.

At present it doesn't look as  
though there will be any shortage  
of pasture for a month or six weeks  
at least. However conditions can  
change rather rapidly and if your  
acreage is likely to be short then  
you might want to have a little em-  
ergency pasture to carry your herd  
over until some of the aftermath is  
ready. A good emergency pasture  
is sudan grass and it should be sown  
as early in June as possible on a  
30 pounds per acre is an average  
seeding. If a somewhat earlier pas-  
ture is needed then you might use  
two to two-and-a-half bushels of oats  
and twenty pounds of sudan grass.  
The oats are usually ready when  
about twelve to fifteen inches high  
and should be pastured heavily  
into June.

## DELINQUENT VOTERS

In the 1953 Dominion election  
only 67 of every 100 eligible voters  
went to the polls.  
This showing reflects a lack of  
appreciation on the part of many  
Canadians of both their privileges and  
responsibilities under Canada's par-  
liamentary system of government.

Roughly one-third apparently over-  
looked the continuing significance of  
the long historic struggle in Eng-  
land between parliament and throne  
from which the present form of  
parliamentary government evolved.

It would also seem that they are  
unaware of the equally long struggle  
between the people themselves and  
parliament which brought gradual  
widening of the franchise until now  
in Canada every person 21 years  
and over has the right to vote.

Some of the fault may lie in edu-  
cation. How can children who find  
history dull be expected to grow up  
with an understanding of the drama,  
the violence and the heroism of the  
conflict between king and parliament?

How can they appreciate the  
deep sense of conviction that led  
men on both sides to risk property  
and life for their beliefs?  
Men and women with an aware-  
ness of these things of the past will  
not let trivial modern obstacles or  
inconveniences keep them from the  
polls.

Some folks stay home from sheer  
indifference. They are doing all  
right, they say, and what does it  
matter who governs who governs  
country? Only a major issue or one  
that affects them personally will  
stimulate them to vote.

What is the solution? Some  
people favour compulsory voting. An-  
other way is a continuing process of  
education, not only by political parties,  
but also by individual men and  
women possession of the sense of civic  
conviction that to keep the ballot they  
must use it.

THIS IS WHY YOU SHOULD VOTE FOR YOUR  
LIBERAL CANDIDATE  
GARFIELD DISHER

His accomplishments prove he can get things  
done for you.

GARFIELD DISHER, through his influence  
at Ottawa has obtained new Post Offices  
in Hagersville, Jarvis and Selkirk.

He has obtained for the Township of Sher-  
brooke the Naval Reserve land for a Public  
Park.

GARFIELD DISHER has been instrumental  
in obtaining from the Department of Public  
Works large grants for sheet piling at Port  
Maitland and Nanticoke harbours.

During his term as Mayor of the Town of Dunnville 25 low rental housing  
units were established.

GARFIELD DISHER, as Mayor of the Town of Dunnville promoted the  
Municipal Parking Lot, and his INFLUENCE AT OTTAWA obtained for  
the Town of Dunnville the land for this lot, plus a \$5,000.00 grant for fill,  
along with much additional free work by the Department of Public Works.  
Under his chairmanship of the Grand Valley Conservation Authority here  
are some highlights:

1. Assistance for the Town of Paris with remedial work in the Nith River,  
and further plans under way.
2. Extensive scheme for remedial work in Grand River at Brantford in  
preliminary stages.
3. Establishment of Pinhurst Park.
4. The accomplishment of many conservation measures.

GARFIELD DISHER, at forty years of age, will be a young, aggressive and  
vigorous member, whose experience will get things done for you. A  
capable debater, his contribution to discussions, and sound thinking, are solid  
and constructive, and his advice is often sought because of his sound  
judgment.

You should vote for a man whose influence with the Liberal Govern-  
ment at Ottawa has already obtained many benefits for this riding.

## Nanticoke United W.M.S.

The May meeting of the Nanticoke  
Auxiliary of the Woman's Missionary  
Society was held in the church, with  
the president, Mrs. Robert Doughty  
presiding, and welcoming guests who  
were present from the Anglican W.A.  
and Chesapeake W.M.S.

The worship service took the form  
of a service of intercession for House  
Mission, and was made impressive by  
the leader, Mrs. George Saunders.  
Mrs. Russell Miller read the scrip-  
ture lesson. Mrs. Reg. Hodges was  
pianist. A piano solo by Miss Nancy  
Lindsay was much enjoyed.

Mrs. Doughty introduced the guest  
speaker, Mrs. Veldhuis of Waterford,  
who with her husband has been doing  
missionary work in Dutch New Guin-  
ea.

Mrs. Veldhuis, who is a very pleas-  
ant speaker, told a story of advent-  
ure and sacrifice, as they worked  
among the natives of the village to  
which it had taken them thirteen  
days to walk, natives carrying the  
four children.

The speaker said they were well  
rewarded by seeing the changed lives
