

"I wonder what's happened to Nancy..." "Oh! I'm glad you called—I was worried!"

### The telephone rings and everything's OK

So many of the calls you make every day say "Don't worry!" When someone has to work late, or can't keep a date, or has to cancel an appointment, the telephone lets other people know.

At times like this—whether you are making the call or receiving it—the ready reassurance provided by your telephone can be precious beyond words.

This is just one of countless examples of how your telephone pays its way, as it makes life happier, easier, more secure.

## RADIO AND THE RURAL AUDIENCE

You can take all the radio stations in Ontario—and there are a lot of them—and you can cut a line right down the 85-15 line and you'll arrive at those that are serving Rural Ontario.

And I don't mean the 86% of radio stations that never get a "bum dose" when it comes to their share of Radio News. That is why Rural News is in no way a "bum dose" to the farmer. It is a "bum dose" to the farmer in general—but the farmer who gives almost its all! It is the one farmer reader!

Radio has ceased to be the high competitive field it once was—and we could stand a few more rural radio stations! It stands to reason that the city radio station pamperers its advertisers and its urban listeners.

True, it gives a modicum of recognition to the farmer—but check its programming! Not much of interest to the farmer there is there? So, we address this Editorial to the Department of Transport and our Members of Parliament! And in all sincerity for rural consideration that are considered.

Let's not confuse "hoe down music" as the farmer's need! There are lots of rural items that he needs knowledge of and on—and radio hours at a timely need in the early hours of the morning and the relaxing hours at the close of the day! Give this matter a little thought! It sure needs it!

During the winter months, Radio and where possible, T.V., provide most of the rural "touch with the world" however, a radio program geared to the needs of the city folk is too high pitched to meet with the village dweller's ears. Comedy, of course, ex-
