

championship.

Last Friday night we had a very enjoyable outing with the Championship Garnet Softball Club when the team was feted for the honours brought to their community. Attractive jackets were presented to the team members for their achievement. The team started in organized competition about five years ago and reached the top in that short period. It was also recalled that Garnet had a team about twenty years ago that did something of the same thing. Three of the stalwarts on that squad were present the other night. They were Jack Pihlak, Bruce Meehan and Gordon Hazlett. They even reminded those present that the team of twenty years ago won the league. Of course they may have mentioned that for our benefit because the performance of Mrs. Cause played on one of the opposing teams.

We have heard some favorable comments on the play presented last Friday night by the Jarvis Drama group which, unfortunately we were unable to attend. These present were particularly enthusiastic concerning the performance of Mrs. Cause who was called in on three days notice to substitute for the lead part.

Now that the Turkey Lamboree is over for another year we can settle back until our next big outing which comes on New Year's Eve. At our age we find one has to ration social events very carefully. In talking to Sandy Keen the other night we decided that four outings of this kind a year would be quite sufficient for our constitutions. These are the Turkey Lamboree, New Years Eve, Victoria Day and the celebration of sports championships. This year has been kind of hard on our constitution because we had a hockey championship and a softball

Several of the merchants have decorated their premises most attractively for the Christmas season. More important, however, is the fact the stores are well stocked with attractive Christmas merchandise and there should be no difficulty for customers to find suitable gifts for all members of the family right here in Jarvis. We hardly need say it pays to shop early.

We're a little envious of other towns with their brightly decorated willows which have, in nearly every instance, been installed by the Public Utilities Commissions. We have this year on such a platform. We'd bet they would get some votes.

CHALMER'S (STONE) CHURCH

Jarvis with a staff of permanent employees and, therefore, it is not quite so easy to do work of this kind. It does remain, however, to state that it is not beyond the realm of possibility to have this work done with the resources. All we need is a bundle of enthusiasm and the will to accomplish something that has too long been neglected. May be some one will run for public office this year on such a platform.
