

for the average voter to reconcile this state of affairs. Everything the Government did—in the minds of the opposition—was bad for the country, but when it came to voting they lost to hear how the opposition will explain this during the coming campaign for support.

Although nearly three hundred attended the Defasco Choir concert in the Community Hall on Monday night it is still a matter of regret to us not to see the hall filled for an entertainment treat such as this. We think this may be a feeling shared by everyone of the three hundred who were present. If the Defasco Choir ever returns to Jarvis again there should be steps taken to see that every seat in the auditorium is filled. We guarantee no one will be disappointed.

They tell us there is going to be another Federal election. Well, we're not surprised. The division of support in the last House was such that another appeal to the people was inevitable. The last session was a strange one indeed. It was a fulfillment of the election promises of the Government prior to June 10th last with the voting support of the opposition. Despite this the opposition was more severely critical of every move the Government made than any opposition in memory. It is difficult

to take stock of the feed supplies on hand. For instance it is estimated that it takes about 2 1/2 tons of hay to carry an average dairy cow on liberal grain ration through the feeding season. With the season half over there should be approximately 1 1/4 tons per cow left to carry through to the pasture season. At this season of the year a ton of good alfalfa hay will occupy about 470 cubic feet of space in the mow. For this it is possible to figure out about how much you may have in the mow. If this hay is baled one can roughly estimate that it takes two bales to make 100 pounds or 40 bales to the ton.

Steve Peconi

ON THE FARM FRONT

Brief Notes for the Busy Farmer

BY HALDMAND HARRY

This may be a little early to be thinking about it but there is a revised list of chemical seed treatments for cereal grains that has just been issued. The list is divided into three parts according to the type of seed-borne disease that is to be treated or the combination of insects and disease to be controlled. Part one or group one lists 28 different organic or mercurials that are now on the market for the control of surface smut, seed rot and seedling blight in wheat, oats and barley.

The second group shows ten combinations of fungicides and insecticides that are now available for the control of those diseases given in group one and in addition wireworms. The third group covers the eight chlorobenzene that are useful in the control of wheat bunt or stinking smut only. One of these has heptachlor added to control wireworms. Because of the complexity of these lists it might be a good idea to have your seed treated at the same time you are having it cleaned at the mill. If you would like to have a copy of the list of materials on the market, drop a note to your agricultural representative.

The winter feeding season is just about half over and it might be

HYPOCRISY AND ADVERTISING

Grimsby Independent

Provincial laws against beer and liquor advertising, like the prohibition laws of a generation ago, have been futile and hypocritical.

The federal and provincial governments derive revenue they must get from selling alcoholic beverages. The former admits to Canada and delivers through postal channels foreign newspapers and periodicals, many of which are loaded with advertising of liquors sold in the provinces and taxed by the Dominion.

Yet Canadian advertising media, except in Quebec, are restrained at the provincial level—and must pay their way through postal channels. If they wish, they can use the perfectly legal device of publishing in Quebec.

Legally, Canadian brewers can advertise their products on U.S. radio and television outlets, which may or may not have Canadian audiences. Why not, when U.S., British and European brewers, vintners and distillers have never been restrained from advertising in publications imported into Canada and delivered without charge by the Canadian Post Office at the expense of the Canadian user of second class mail and the taxpayers generally?

On the other hand, if not harassed by provincial red tape, Canadian brewers undoubtedly would place their advertising in Canadian media, keeping more money in Canada, and saving more work to Canadians and swelling Canadian tax revenues.

With spiralling costs, Canadian publishers have felt increasing pressure to find more advertising. Facing the hypocrisy of the situation, the Toronto Telegram and the Globe & Mail have begun accepting brewery ads—the former in its TV section, the latter in its rotogravure magazine section.

However, to do this, both newspapers are printing and publishing these sections in New York State, while incorporating them in Saturday editions printed in Toronto. Hence there is less work for Canadian printers, and another challenge to an unreasonable law.

"The Government should get out of the business of regulating advertising in Ontario," says the Telegram. "It is no longer practicable for them to control it anyway. If daily newspapers and other publications exceed reasonable good taste, they will suffer from their own readers and from public opinion."

For many years our governments have persisted in weakening the competitive position of Canadian printers and publishers, while offering every facility in the Canadian market to U.S. and European publishers who contribute nothing or very little to Canadian employment and to Canadian public revenues.

In the case of beer and liquor advertising, provincial authorities have clung to an increasingly untenable position. There is only one thing to do with an unreasonable law—and that is to scrap it.

Regular Meeting of South Walpole School Area Board

The regular monthly meeting of the South Walpole School Area Board was held at the home of Mrs. R. A. Doughty, with an attendance of 16 members.

Mrs. Robert Doughty opened the meeting with a brief business period, when the minutes of the last meeting were read by Mrs. Harvey Vokes, and the offering was received.

Announcement was made of the World Day of Prayer, which this year falls on February 21st.

Members of the program committee gave out the new W.M.S. program for 1958—the February meeting to be held at the home of Mrs. Arthur Vokes. This will be the birth day meeting. A worship service, conducted by Mrs. A. B. Doughty, was followed by a discussion, after which Mrs. Roger Dennis gave a most interesting paper on the study for the month—"Women in the News," dealing with the status of women in Japan before the days of Christianity, and now. A revolutionary change has taken place—there are now 50 girls' schools in Japan. Formerly a woman must always walk a few steps behind her husband. Christianity has set a new pattern for the government—women in Japan now have a vote, and may work in business offices, on an equal status with men.

Nanticoke United W.M.S.

The January meeting of the Nanticoke Auxiliary of the Women's Missionary Society was held at the home of Mrs. R. A. Doughty, with an attendance of 16 members.

Mrs. Robert Doughty opened the meeting with a brief business period, when the minutes of the last meeting were read by Mrs. Harvey Vokes, and the offering was received.

Announcement was made of the World Day of Prayer, which this year falls on February 21st.

Members of the program committee gave out the new W.M.S. program for 1958—the February meeting to be held at the home of Mrs. Arthur Vokes. This will be the birth day meeting. A worship service, conducted by Mrs. A. B. Doughty, was followed by a discussion, after which Mrs. Roger Dennis gave a most interesting paper on the study for the month—"Women in the News," dealing with the status of women in Japan before the days of Christianity, and now. A revolutionary change has taken place—there are now 50 girls' schools in Japan. Formerly a woman must always walk a few steps behind her husband. Christianity has set a new pattern for the government—women in Japan now have a vote, and may work in business offices, on an equal status with men.

Anglican Church Notes

The first regular meeting of St. Paul's Social Club on Monday evening, was a very successful event. Quite a large number attended and an enjoyable time was spent. Mr. Murray Hodgson showed a film on "Fossils" which was more interesting than it sounds, and an amusing one of three bear cubs. Several games were played and then followed a social hour during which refreshments were served. The president, Mr. John Martin, conducted the business session.

The A.Y.P.A. enjoyed a toboggan party on Tuesday evening, after going down (and up) the hills on toboggans, and even skis, the party returned to the Hall for a "snack" of cinnamon toast and cocoa. Several games were played before the group dispersed. The weather was ideal for such a party.

ERIE NEWS

Mr. and Mrs. Wesley Carpenter visited Mr. and Mrs. Ed. Miller in Port Dover on Sunday.

A number of ladies of the Stone Church Auxiliaries attended a meeting of the Hamilton Presbyterian in Hamilton last Wednesday.

Miss Betty Spies of Fisherville is assisting at the home of Mr. and Mrs. Hubert Lint.

A group of friends met at the home of Mr. and Mrs. Murray Biggar on Friday evening to celebrate their thirty-fifth wedding anniversary.

Miss Margaret Biggar of Toronto spent the week-end at her home here.

Mr. and Mrs. W. J. McBurney and Mr. and Mrs. Malen Wilkins celebrated their wedding anniversaries at the home of the latter on Saturday evening.

Miss Reita Lou Schauenberg of Lovett Academy, Hamilton, spent the week-end at her home here.

Mr. and Mrs. Robert Honeyman and Billie visited friends in St. Catharines on Sunday.

There was church or Sunday School here on Sunday as the supply minister failed to arrive.

Balmoral Ladies' Auxiliary

The regular meeting of the Ladies' Auxiliary met on Thursday, January 23, at the home of Mrs. Donald Slat, Jarvis. There were 21 ladies present.

The meeting opened with the singing of a favourite hymn, "New to the Heart of God," followed by prayer by Mrs. Kenneth Bousfield. The devotion was given by Mrs. Gordon Marshall, reading a portion of Scripture from Genesis 1-10. Her topic she chose was entitled "Beginning." How God created the Heaven and Earth. This was very much enjoyed.

Roll call was taken by each lady reciting a favourite verse of scripture. Several missionary letters were read by the secretary-treasurer, Mrs. William McNeice, thanking the Auxiliary for the parcels of layettes, that were sent in December. Minutes of the last meeting were read and adopted. A biblical quiz was also given.

A delicious lunch was served by the hostesses, assisted by Mrs. Charles Wheeler and Mrs. William Henderson. A vote of thanks was extended to the hostesses and those assisting in serving such a delightful lunch.
