R. BLAKE ERWIN, P.Eng.
Consulting Engineer,
2222 Murray Street,
Niagara Falls, Ontario

There is an old saying that if you build a better mousetrap the world will beat a path to your door. Now that is exactly what happened at the Knox Church Supper on Tuesday night. If the ladies over at Knox had asked us we would have told them they were headed for trouble. Of course they didn't ask us so there was no way we could warn them. We have hinted before in this column about the supper over at Knox Church. Perhaps we didn't say so in so many words but we knew they would eventually find it impossible to feed the hungry throng. So it happened on Tuesday night. The people came from far and wide as a result of the reputation built up in previous years and finally the last wash home had been picked clean. We happened to be in the last contingent to be called to the festive board and if it's any consolation to the Ladies we want to go on record as saying we still got twice as much as we

paid for. And, thank goodness, may be we can get through the night without resorting to the bicarbonate of soda.

Since we are on the subject of suppers we feel we would be remiss if we didn't mention that banquet for the ball club that was catered to by the Catholic Women's League. That supper was fit for a King. We may be mistaken but we believe the Ball Club dinner was the first time the C.W.L. has catered to a gathering in Jarvis. Certainly the first such function we have attended. We shouldn't be denied the culinary talents of this group.

We had the privilege of inspecting the Niagara Peninsula Sanatorium, at St. Catharines, recently and were greatly impressed by what we saw. Through the kindness of Dr. C. Shaver we saw at first hand what is being done for the treatment of tuberculosis for the combined counties of Haldimand, Lincoln and Welland. Dr. Shaver is dedicated to his work and it would be difficult to estimate what his efforts alone have done for the people of the area. The funds derived from the sale of Christmas seals make the continuing work of this institution possible. Each one of us has a definite responsibility in this work and should not fail to make a contribution, however small, when the Christmas Seal campaign gets underway.

The October meeting of the Lambs Corners Women's Institute was held at the home of Mrs. John Zacker. Twenty five members answered the roll call by naming a Canadian product used in the home. Four visitors were present.

Following the report of the Secretary-Treasurer the business on hand was discussed and completed. An invitation to all members was extended by Mrs. Clayton Weaver to an Institute all day quilting. The program under Canadian Industries was convened by Mrs. C. Weaver.

Mrs. Hubert Field capably dealt with the motto "Good Luck is a Lazy Man's Estimate of a Worker's Success".

Mrs. Russell Hare, Standing Committee Convener on Canadian Industries gave an interesting review of the local industries and many other recent events. A portion of the Hand Book was given by Mrs. George Hedges. Contests were conducted by the program convener. Prizes were won by Mrs. Charles Swarts and Mrs. Russell Hare.

Mrs. Grant Tyrrell of Fisherville thanked the Institute for gifts and acts of kindness received.

Mrs. William Lamb, President, on behalf of the Institute expressed good wishes to a faithful member, Mrs. John Zacker who is leaving the vicinity to make her home near Dundalk. Mrs. Lamb concluded with the presentation of a monogrammed fancy quilt designed and completed

...ARE **YOU** ONE OF THE **5,300,000 ONTARIANS WHO ARE REGISTERED FOR ONTARIO HOSPITAL INSURANCE?**

Registration for Ontario Hospital Insurance has been an overwhelming success. To date, more than 5,300,000 residents of Ontario (over 90%) are registered and will be eligible for benefits when the plan becomes effective on January 1, 1959. However, there are still some residents of the province who are not registered and it is to these people that this message is addressed.

It should be clearly understood, and remembered, that only insured residents will receive benefits under the plan.

ON AND AFTER JANUARY 1, 1959, THOSE PERSONS WHO ARE NOT INSURED UNDER THE ONTARIO PLAN MUST PAY THEIR OWN HOSPITAL BILLS IF THEY ARE ADMITTED FOR TREATMENT.

Registration for Ontario Hospital Insurance has been an overwhelming success. To date, more than 5,300,000 residents of Ontario (over 90%) are registered and will be eligible for benefits when the plan becomes effective on January 1, 1959. However, there are still some residents of the province who are not registered and it is to these people that this message is addressed.

NOVEMBER 29 IS DEFINITELY YOUR LAST OPPORTUNITY TO REGISTER AND BE ELIGIBLE FOR BENEFITS ON JANUARY 1, 1959

A NOTE TO ALL EMPLOYERS

If you employ 15 or more persons, enrollment is mandatory for every Ontario resident on your payroll. If there is any employer who has not yet registered his employees with the Commission, he must do so immediately to comply with regulations under the Ontario Hospital Services Commission Act.

EMPLOYERS OF FEWER THAN 15 PERSONS

Thousands of firms employing fewer than 15 persons have elected to enroll their employees as groups.

If you employ fewer than 15 persons you may do the same, and afford your employees the convenience of group participation.

Group registration forms are available from the Commission on request.

To be sure that every resident who is not yet registered may have a final chance to obtain the two months' free coverage, and also be protected as of January 1, next, the initial registration period has been extended to November 29, 1958. Residents who apply after November 29 will lose the two months' free coverage, and will have to wait up to three months before their hospital insurance becomes effective. This means that, if you are hospitalized during the waiting period, you will have to pay your own hospital bills at the "all-inclusive" rates. Register NOW and have no regrets.

- Have you a son or daughter 19 or over who should be registered at the single premium?
- Have you a relative or a friend who is aged or infirm whom you should encourage to register?

A NOTE ABOUT "ALL-INCLUSIVE" HOSPITAL RATES

Beginning on January 1, 1959, the hospitals of Ontario will charge "all-inclusive" daily rates, instead of basic daily rates, plus extras, as at present. The standard ward "all-inclusive" rate, which will include the cost of extra services (use of operating room, drugs, etc.), is expected to average about \$17.00 a day for the public hospitals of Ontario. However, as rates will vary from hospital to hospital, according to the type of services available, the charge may be \$20.00 or more a day in some hospitals.

The "all-inclusive" rates will apply whether the hospital bill is paid by the insurance plan or by the patient himself.

The ONLY Basic Hospital Insurance Available

The Ontario Hospital Insurance plan provides the most comprehensive hospital benefits ever made available to the people of this province. It will cover all the standard ward hospital services which are medically necessary to the treatment of "in-patients" in approved hospitals. It will also provide benefits for emergency "out-patient" hospital care within 24 hours following an accident.

The very low premiums of \$2.10 a month for the single person and \$4.20 a month for the family are made possible by substantial contributions toward the cost from the Provincial and Federal Governments. The "Family" premium covers husband, wife, and all unmarried, unemployed children under age 19, and children 19 or over who are financially dependent because of physical or mental infirmity.

AS OF NEXT JANUARY 1, THIS WILL BE THE ONLY STANDARD WARD HOSPITAL INSURANCE AVAILABLE TO RESIDENTS OF ONTARIO. IF YOU ARE NOT REGISTERED YOU ARE NOT INSURED.
