

Harrison Arrell, Q.C., has attended the past forty-six consecutive Warden's Banquets in Haldimand County. Harrison Arrell is probably the most widely respected citizen of the County.

because throughout that forty-six years he has been a faithful public servant in the County. Having known him for a long time we have often wished we might emulate him in a possible way to do just that. Strange as it may seem we began to count up and amazed ourselves by the fact that we have now attended nearly twenty consecutive Warden's Banquets. So if we can keep going long enough and if the Warden's continue to be kind enough to ask us to this delightful affair we might finally attain Mr. Arrell's reputation as a Warden's banquet attendee. We can never hope to emulate his many other fine qualities.

We've known some lucky people in our time but nothing to equal that luck experienced by Doc Austin. It doesn't matter whether it's bowling, playing the pin ball machine, horse, or holding draw tickets the cards always turn up in his favor. Now take the other night for instance: He draws the lucky ticket to win \$2,500, which would satisfy most people, but he couldn't let it go at that. He also wins the hockey pool that he claims was just to keep him in small change until he could get going to throw a party, or is he going to help us pay off our bank loan? Only thing we can say is that any fellow who gets that kind of money whatever for failing to buy his wife a new fur coat or a diamond ring. We'll just wait and see. If something doesn't turn up soon we're going to turn the whole thing over to Bob Fitch up in Lindsay and we'll bet Bob will find some way of prying some of that loot loose.

PRICE TAG ON A JOB

A MAN working for himself provides his own tools and machines. For example, a farmer buys the tractor, cultivator and other equipment for his farm.

In industry, equipment is too expensive for one man to buy, and plants and machines are bought with the invested savings of shareholders. At The Steel Company of Canada, Limited, the average investment per employee in plant and equipment is \$21,700.

Besides paying shareholders for the use of their savings, profits replace worn out equipment and provide for factory expansion.

A company without a profit is a company without a future.

"So we phoned the doctor and..."

An accident... a sudden illness... One of the first things you do is summon medical help, by telephone. In an emergency your telephone gives you prompt and priceless aid. Just knowing it is there, ready to serve you day or night, is a comfort in itself. It's hard to put a value on these things. Yet your telephone provides them all--and more--at minimum cost.

ST. PAUL'S WOMEN'S CLUB ENJOY CHRISTMAS PARTY

The Women's Club of St. Paul's Church held their annual Christmas dinner at the home of Mrs. E. More on Thurs. December 10th at 7 P.M. A beautifully decorated Christmas tree lent a very festive air as the members placed their gifts under it. A sumptuous turkey dinner was enjoyed by nineteen members. After a short social time Mrs. E. More called the group together for the business period. Some items of business were discussed and reports of a very successful bazaar were given. The election of officers took place as follows: president, Mrs. George Keefe, vice-president, Mrs. Wm. Cassidy, secretary-treasurer, Miss R. Doll. Gifts were then distributed to all present, bringing to a close a very happy occasion. Much credit is due to the hostess for the warm welcome given the Club and the splendid arrangements for the dinner.

Meet Charlie, life of the party

Quite a guy, Charlie. Tall, handsome, everybody liked him--and Charlie was the life of the party whenever they crowd got together. Take Christmas. The party finally broke up around an evening. The party finally broke up around an evening. The party finally broke up around an evening. You can lose out so easily, just as Charlie did. If you intend drinking, don't drive. You'll have an easy conscience and more fun.
