HERD MANAGEMENT FACTOR IN MASTITIS CONTROL
 According to the Ontario Veterinary College future progress in the control of mastitis in dairy cattle will depend upon the application of known disease control measures. Treatment is only a part of a control program.

The solution to the problem lies in educating the dairymen and others interested in milk production. The veterinarian must be concerned about his responsibilities in the overall program control.

Officials at the Ontario Veterinary College recommend good herd management, proper milking procedure, veterinary diagnosis when the disease appears and veterinary treatment of infected cases to control mastitis in dairy herds. When these four principles are utilized with close co-operation between the herd owner and his veterinarian the huge annual expenditure for drugs and losses due to mastitis will be drastically reduced.

CONGRATULATIONS

Mrs. Martha Smith of R.R. 4 Jarvis celebrated her 85th birthday quietly at her home on Sunday.

The eldest daughter of the late James and Emily Hodges Miller she has spent her life in Walpole Township where she has a home, also a whole sale meat and sausage for sale. Mr. John Van Houten and Co. R.R. 1, Hagersville. Phone 6322 or 6412tp.

Her immediate family includes her daughter Emily, Mrs. George Lang of Hagersville, her husband, Mr. John Smith, with whom she resides, also six grandchildren and thirteen great grandchildren. Her husband, Mr. John I. Smith and son Ivan passed away some years ago. The Record brings in wishing her "Many Happy Returns".

HISTORIC PHOTOS
 Cowansville, Que. (CP)—Marion Phelps, one of the H.I.F. members and residents, gave an illustrated lecture on life in the community before 1900. The photographs showed the home, farm buildings and prominent citizens of those days.

BIG OPERATION
 Oshawa, Ont. (CP)—Whitby township council received only one application for the job of dogcatcher, and the applicant wanted \$9,000 salary. The applicant said later he expected the job would require him to take on an assistant and a bookkeeper. Action was deferred.

IMPROVED RECORD
 St. Thomas, Ont. (CP)—Fire losses here reached \$44,992 during 1958 compared with \$276,159 in 1957. The saving is attributed to fire department efficiency and an increased program of property inspections by the firemen.

BOY SCOUT WEEK
 BADEN POWELL SUNDAY

Canada's quarter of a million Scouts and Leaders will observe Boy Scout Week from February 16 to 22 with a series of special events. Parades, displays, hobby shows and other events will be featured in Scouting centres across the country. The week will conclude with "B. P. Sunday" on February 22 when special church services will be held to honour the memory of the Founder of the Boy Scout Movement, Lord Baden-Powell of Gilwell, whose birth date is February 22.

WHY?—Why would a man spend thousands of hours, voluntarily, working with all types of boys in the community? The answer is simple: Exeter, Ont. Times Advocate, in an editorial commenting on the retirement from active Scout leadership of Harold Whyte of Lucas, Ontario, after serving seven years as Scoutmaster in Exeter, then organizing and leading a troop in Lucan for 12 years. Mr. Whyte's answer: "When you have a little fellow come up to you with shining eyes and say 'Thank You', the reward is far greater than anything on which you can put a dollar sign."

CHIEF SCOUT TO HONOUR—In his capacity as Chief Scout for Canada, His Excellency the Rt. Hon. Vincent Massey, C.M.G., Governor-General, will announce the award of medals and awards for 71 Canadian Scouts, Scouters and Supporters of Scouting on February 22, sixth day of Lord Baden-Powell of Gilwell, Founder of the Boy Scout Movement.

Included in the awards are two Cornwall Scout Badges (sometimes termed the "C" of Scouting); eight Silver Crosses "for gallantry with considerable risk"; three Gilt Crosses "for gallantry with moderate risk"; one Medal for Meritorious Conduct; six Certificates of Merit for Gallantry; one Certificate of Merit for Meritorious Service; and one Certificate of Merit for Meritorious Conduct. Two Certificates of Merit for Good Services to Scouting; two bars to the Medal of Merit; 33 Medals of Merit; and three Silver Accolade "for Special Distinguished Services".

A CONTINUING GOOD TURN—This report on a good turn by the 10th Barmouth, S.S. Scout Troop:

The Troop cut a log, shaped it into a flange, poured a large block of cement for a base, dug the hole, erected two rails as guides for the pole, erected the pole, made a walk to it, planted flowers, and have raised and lowered the flag every day from May 1 to December 1st. Two Scouts in uniform perform the task, which is one of the duties of the Troop's Duty Patrol for the week. The pole is situated in front of the Church and because of the arrangement, adds much to the appearance of the Church property. The Scoutmaster of this Troop is Mr. Milton Dixon.

SAVE LIFE OF LADY DOCTOR—From Langley, B.C. comes a report that the life of an eminent lady doctor, Dr. Margaret Hurd, was saved by three Scout Leaders recently. While looking for a Scout campsite, three Langley men, the District Scout Commissioner, Fred Greer; District Scoutmaster, Neville Hutton and his brother, Ronald, saw Hurd on tracks going off the Hope-Princeton Highway, five miles east of Hope. They saw her bank between 30 and 40 feet above the river that parallels the road. Investigating, they saw a wrecked car resting against some rocks at the river's edge. Inside the car they found Dr. Hurd, trapped. She was suffering from broken ribs and shock. Frost had started to form on glass inside the car. The Langley Scouters got Dr. Hurd out of the wrecked car and took her to their own car to hospital in Hope. There they notified the police.

ELECTRICIANS AID SCOUTS—The Scout Hall in Weyburn, Sask., will not be closed! The day when the Scout building was condemned, and the hall would be closed, was less it was re-wired, five Weyburn electric firms volunteered to supply the material and re-wire the building. The Boy Scouts will pay for the material. Leston, and out in Vermillion, Alberta, the Beneficial and Protective Order of Elks voted a considerable amount of funds raised at a carnival, to carry out necessary repairs to the Vermillion Scout Hall.

Listen to "Faith for Today" over C.F.R.B. Toronto every Sunday evening at 10:05 P.M. Rev. Dr. Fitch, Knox Presbyterian Church.

ON THE FARM FRONT

Brief Notes for the Busy Farmer

By Haldimand Harry

The December hog survey certain-ly bears out the previous prediction that pork supplies will continue to be higher than on the same date of 1958. The 1958 fall pig crop (June to November) was 36 per cent greater than for the same period in 1957 and the expected 1959 Spring crop (December to May) is estimated to be 23 per cent higher than 1958. It has been forecast that there will be a 42 per cent gain in hog production in Ontario during the coming spring.

The year 1958 was a big year for butter production with an 11 per cent increase across the Dominion. On January 1st of this year butter stock on hand amounted to 217 million pounds or 23.8 million more than last year. In Ontario production was up by almost 13 million pounds and in Haldimand it was greater by considerably more than one million pounds. For the month of December last the production was 297,690 pounds more than in 1957.

The production of marmarine was also up some 15 million pounds more for 1957. Stocks on hand on January 1st were only 3.9 million pounds as compared with 4.4 million pounds a year ago. Mr. W. P. Watson, when addressing the Crops Council (December to May) is estimated to be 23 per cent higher than 1958. It has been forecast that there will be a 42 per cent gain in hog production in Ontario during the coming spring.

Canada has passed the 17 million mark in 1958 and at the beginning of 1959 there was an estimated total population of just over 17 1/2 million people in this country. Indications are that the population may approach the 18 million mark in 1959. This is all to the good as far as the farmer is concerned as it simply means that the production was 297,690 pounds more than in 1957.

(continued on page four)

RECEIVES "WINGS"

Shown above is F/S Harry Reynolds receiving his "Wings" from R.C.A.F. Greenwood Commanding Officer, G/C J. C. Scott, D.S.O., C.D. F/S Reynolds is the son of Mrs. Pearl Reynolds of Jarvis, Ontario.

F/S Reynolds was remustered to the R.C.A.F.'s new aircraft carrier, the Argus. Personnel selected for this new task will make in-flight repairs to the many complex electronic devices carried in this aircraft.

F/S Reynolds joined the R.C.A.F. at Hamilton in 1942 and is now a member of 405 Maritime Patrol Squadron at Greenwood. Greenwood is located in Nova Scotia's Annapolis Valley.

Is A Hospital Needed To Serve West Haldimand?

The question of Hospital needs for the West Haldimand area were discussed at a meeting in Hagersville last Friday night and the opinion of the thirty odd representative citizens of the area, the answer was a emphatic "Yes" to the question: "Is a Hospital needed to serve West Haldimand?"

Some may ask just what has prompted consideration of a hospital at this time and the answer is that the management of the Beckliffe Hospital at Hagersville has announced their intention of discontinuing their service within the next two or three years. This prompts the question: "What would be the position of the area without the excellent services provided by this institution over the past ten years?"

Until this year the Beckliffe Hospital was operated as a private hospital. Under the Provincial Hospital Plan the institution is temporarily operating with the approval of the Ontario Hospital Services Commission. The minutes of the last annual meeting of the Junior Women's Institute was read and adopted. A resolution was passed that the minutes of the last annual meeting of the Junior Women's Institute be read and adopted. A resolution was passed that the minutes of the last annual meeting of the Junior Women's Institute be read and adopted. A resolution was passed that the minutes of the last annual meeting of the Junior Women's Institute be read and adopted.
