Premier Frost has scheduled a debate in the Ontario Legislature on the report tabled last week by the Committee on the Status of Women.

The new edition of "Field Crop Recommendations for Ontario 1959" has just recently been issued.

Never let it be said we make an effort in this direction. We have a drama club in Jarvis and if that organization can just provoke sufficient interest in the club we have no doubt something better will be heard from them as time goes on.

Can any recommendations be made now for Ontario growers of field crops in Ontario in 1959? Yes, states Dr. N. Huntley, Head of the Department of Field Husbandry, Ontario Agricultural College.

A new variety of spring barley, called York, appears on the recommended list for the first time in the spring and fall, and after cutting to elite seed growers last year and several thousand bushels are available for seeding in 1959.

When it was finished just in time for the formal at nine o'clock the girls and their beaus were greeted by the entrance by the reception committee.

After the reception you walked in to a new land-Paris. The huge Art Deco Tribuna first greeted you and after leaving it you saw Le Cafe de Paix and Le Garpon, Joe Maggino's which the punch bowl was being quickly emptied.

Al Gallagher's six piece orchestra kept the dance floor crowded were one side of Paris was the fountain around it and the hundreds of glittering silver stars hanging from the ceiling made everyone feel as if they were dancing in the outdoors under the heavens.

As the evening progressed the main thought in everyone's mind was "When will they crown our Queen?"

Finally, about eleven o'clock everyone's attention was directed to the one of Paris was the fountain around it and the hundreds of glittering silver stars hanging from the ceiling made everyone feel as if they were dancing in the outdoors under the heavens.
