SANDUSK 4-H CLUB On January 5th, the seventh meet-ing of the 4-H Club was opened with the 4-H Pledge. The Roll Call "A meeting About About the Pro-ject of the Club Which You Did Not Understand" was answered by seven girls. The minutes of the last meet-ing were read and moved that they were correct. The program of Achievement Day was discussed, and the part that our Club would be in this program. Each member gave a demonstration of one of the things she has learned from this project, as the leaders coached us along. Our next meeting for the arrange-ment of the program of Achievement Day is to be on January 17th in the afternoon. The meeting was then adjourned.

THE FARM FRONT

Brief Notes for the Busy Farmer

By Haldimand Harry

It has just been reported that 36 Holsday herds in Haldimand County have been on R.O.P. during the past year and that 28 of these had ten cows or more. It is rather interest-ing to note that the average produc-tion for the 28 herds was 10,323 lbs. of milk and 284 pounds of butterfat, testing 3.72 per cent. This is a very creditable showing and indicates the progress that has been made since the time a few years back when the herd average was nearer 6,000 pounds of milk.

The value of pasture in the feed-ing of brood sows should not be over-looked. Some investigation work has been done by the University of Alberta and it has been found that sows on one-third acre of 8 inch grass weaned twice as many pigs per litter while those on the same area of land with no pasture, but fed nor-mally otherwise, weaned only 3.6 pigs. The livestock supervisor at the University recommends cereal grains as making excellent pasture for sows although alfalfa is also highly satis-factory.

Speaking of pigs, another list of boys approved under the Boy Res-olution Policy has just come in. This list contains 54 boys that have been inspected for 17 breeders across the province. Davern Farms Limited at R.R. 1, York has three Landrace boys and the other 51 are all of the Yorkshire breed. Anyone interested in purchasing a boar and receiving the premium should have a look at the list. It can be seen at the office of your agricultural repre-sentative.

This is the season when ringworm can become a problem with cattle and more particularly young cattle. When an animal is noticed as hav-ing the disease showing up it should be tied away from the other cattle. The scabs or affected parts can then be soaked with mineral oil for a day or so and at the end of that time the scab can be cleaned off with a stiff brush using soap and water. Use lime or any other preparation recom-mended by your veterinarian when the scab is applied. These scabs that have been scrubbed off should be dis-posed of in some safe place so that they will not be re-used.

The farm tractor operator should make sure to change the oil more fre-quently in the winter than in the sum-mer. Part of the reason for this is that tractors are used more inter-mittently at this season of the year and indeed may remain idle for rather long periods of time. Then too there is often more stopping and start-ing at this time of year. All of these things tend to dilute the oil and thereby lessen its efficiency. To make a costly piece of equipment last as long as possible, it is well worth the trouble to change the oil more frequently during the winter months.

When speaking at the Annual meeting of the Haldimand County Crop Improvement Association the speaker, Mr. Wm. H. Urquhart em-phasized the need for an adequate supply of water of good quality. In making a herd of cattle, Mr. Urquhart, who was the judge of the Haldimand Pasture Im-provement Competition, stated that the minutes were read and adop-ted to consider in the judging of a good pasture program. Mr. Urquhart pointed out that a cow on high pro-ductive milk yield may need as much as 40 gallons per day.

In planning our pasture program for the coming season it would be wise to see that a plentiful supply of good water is available if we expect to get the highest returns from our herd.

Church Notes

WALPOLE REEVE ELECTED WARDEN OF HALDIMAND

The eighth meeting of the Jarvis Wooltecs was held at the home of Nancy Miller on January 14th. We worked on our skirts and record books while the girls were arriving. The meeting opened with the 4-H pledge followed by the roll call which was answered by 10 girls.

The minutes were read and adop-ted by Diane and Sandra. Then Mrs. Smuck showed us how to do in-voice mending. The treasurer took up the collection. We were to meet at the White Rose Ser-vice Station on Saturday Jan. 31st at 8.30 A.M. to go to Achievement Day.

The meeting ended with a deli-cious lunch served by Nancy.

Change In Date Announced For Haldimand Farm & Home Week

NEW THEMES CHOSEN

This Changing Agriculture" is the theme that has been chosen for the 14th Annual Farm and Home Week to be held at the Rural Youth Centre during March. This was approved by the Board of Directors and the various farm clubs called to prepare plans for the special pro-grams for each of the "Days". It was also decided to make a slight change in the date of this event be-cause of the conflict with other events both in and out of the County. The new dates will be in the second week of March starting with the Seed Fair and Crops and Soils Day on Monday, March 9th and followed by Livestock Day on Tuesday the 10th, Farm Equipment Day on the 11th, Poultry Day on the 12th and Federation and Farm Forum Day on the 13th. As has been the case for a number of years past the Junior Day program will be held on Thurs-day evening, March 12th, to enable those who may be working off the farm to attend.

Special programs for women are being planned for Tuesday and Thurs-day afternoons, March 10th and 12th. In the past these meetings have been well attended and with particu-lar emphasis being placed on an up-to-date program for this year. It is expected that the attendance should be even greater.

Programs for each of the "Days" are now in the process of being in-alized and announcements may be expected as soon as information is available. Current topics are being stressed for each program with the speakers being secured to discuss them. There will be a number of panel discussions as well with local farmers taking part. As might be expected, vertical integra-tion is one subject high on the list and according to early plans two outstanding speakers will be present during the week to deal with it.

The Seed Fair being held on Mon-day gives an excellent opportunity for everyone to see the exhibits as they will be on display for the entire week. Since the year 1958 was such

JARVIS, ONTARIO, THURSDAY, JANUARY 22nd, 1959

Two Valuable Business Blocks Destroyed by Week-end Fires

Lundy & Henderson Garage and Bowling Alley Burn Within Few Hours

The demon fire caused damage in excess of \$100,000 in the Village of Jarvis last week-end. The General Motors Garage, owned by Lundy and Henderson, was completely destroyed on Saturday afternoon when fire broke out in the paint and body shop about 5:30 A.M. The alarm sent the Hagersville Fire Department which arrived they drew their water from the cistern behind the Jarvis Meat Market on Main Street. All efforts to bring the fire under control proved useless and the firemen concen-trated their efforts on saving adjoining buildings.

The wind was blowing out of the north-west, directly away from the cistern. When the firemen were able to save the residence on the west side of the garage, the fire threatened for a time as well as two or three residences on the same side of the street. William Williams, who operates a TV shop in the Town Hall Building moved the ma-jor portion of his stock to the safe side. Some furniture was also moved from the nearby residences. The wind continued favorable how-ever and the flames were confined to the Garage building.

The Lundy and Henderson garage was built by Fred W. Reicheld during the winter of 1930-31. When the building first opened it contained a restaurant on the west side, an office in the front-center and the balance was devoted to the General Motors Agency, then operated by Mr. Reicheld. When the property was pur-chased by the present firm in 1942 the entire premises was devoted to the garage business. The restaurant was converted into a paint and body shop and the former office section was converted for lubrication ser-vices. A total of fifteen were em-ployed in the operation of the busi-ness.

The Jarvis Bowling Alley was re-duced to ashes in the same manner when fire broke out around 5:30 A.M. The flames were first noticed by the C.N.R. gateman at the Main Street crossing who turned in the alarm. The front of the building was a mass of flames when the firemen arrived and assisted by the Hagersville Fire Department efforts were concentra-ted on saving the American Hotel, located about ten feet to the south. The building was never seriously threatened. Those lines were run across the Wabash and C.N.R. lines and trains from both the west and the east were held up at the height of the fire.

The bowling alleys were built by Andrew Johnson in the summer of 1955 and have been the chief recrea-tional area for the community since that time. Mr. Johnson operated the alleys until this year when the oper-ation was leased to Mr. Alex Griev-er of Hamilton. The alleys were busy every night, except Saturday, for league bowling which meant that about five hundred enjoyed this re-creation weekly. Mr. Johnston es-timates the loss to run between \$40,000 and \$45,000.

While the cause of the fire was un-known the man who turned in the alarm said that there seemed to be an explosion which was heard from the front window. Mr. Johnson stated that the Bowling Alley would be rebuilt and hopes to have the building com-pleted by next fall.

Local Civil Defence officials will hold an open meeting in the Commu-nity Hall, Jarvis on Wednesday, Janu-ary 28th, at 7.30 P.M. for the pur-pose of organizing a home nursing course of training. Mrs. Newton Marshall will be in charge of the course, which can be completed in seven weeks of once-weekly classes. Several of the ladies who had tak-en a similar course several years ago have expressed a desire to re-fresh their skill and knowledge, and it is hoped that some new trainees will be secured. Any lady who is in Jarvis and District who is in-terested in learning the basic prin-ciples of the Civil Defence course will be warmly wel-comed at this meeting.

At this same meeting, certificates are being presented to those mem-bers of the local Civil Defence Organization who passed the tests for the first time. The first group of the Jarvis play Moulton in the second game of the night.

Next Monday night in Port Dover Jarvis play host to Selkirk in the first game of the night and South Cayuga play Moulton in the second game of the night.

NOTICE

On Thursday, January 29, 1959, in the Jarvis Community Hall, Miss Jeanne Armour of the Ontario Home Economics Service, will give a short course on "Treasures in Your Attic". This meeting is arranged by the Jar-vis Women's Institute and anyone in the district interested in antiques and old furniture is welcome. The course will be held from 1.30 P.M. to 4 P.M.

Nursing Course to Open For Jarvis and District

Local Civil Defence officials will hold an open meeting in the Commu-nity Hall, Jarvis on Wednesday, Janu-ary 28th, at 7.30 P.M. for the pur-pose of organizing a home nursing course of training. Mrs. Newton Marshall will be in charge of the course, which can be completed in seven weeks of once-weekly classes. Several of the ladies who had tak-en a similar course several years ago have expressed a desire to re-fresh their skill and knowledge, and it is hoped that some new trainees will be secured. Any lady who is in Jarvis and District who is in-terested in learning the basic prin-ciples of the Civil Defence course will be warmly wel-comed at this meeting.

Hockey Notes

Hockey news this week is kind of scarce as last Monday night's game in Marshford was postponed because of the weather. They will be play-ing in the Cayuga Arena on Satur-day, January 24th. Nanticoke play Selkirk in the first game at 8 P.M. and Jarvis meet South Cayuga in the second.

Tonight, Thursday, in the Dum-fries Arena, Jarvis met Moulton in the first game of the night and this will be a four point game to make up for the December 29th game which was postponed. In the second game of the night Nanticoke play South Cayuga.

Next Monday night in Port Dover Jarvis play host to Selkirk in the first game of the night and South Cayuga play Moulton in the second game of the night.

OBITUARY

RICHARD ARNOT DOUGHTY

The death of Richard Arnot Doughty, R. R. 2, Nanticoke, occurred on Friday, January 16, 1959, in Nanticoke Hospital, Nanticoke, following a lengthy illness in his 86th year.

He was born in Walpole, a son of the late William Doughty and Agnes Arnot and farmed all his life in the Nanticoke district. An active mem-ber of Nanticoke United Church, he served in former years as Sunday School Superintendent and Treasurer of the Board of Stewards and Treasur-er of the Nanticoke Agricultural Order of Foresters.

Surviving are his widow, the for-mer Ida Boustfield, whom he married in December 1915; one son Robert Doughty, one daughter, Joan, Mrs. Roy Hedley of Canfield; one granddaugh-ter, Anne Doughty and three grand-sons, Harold, Ralph and Allan Hed-ley; also three brothers, Wm. E. Walpole, Stanley of Jarvis and Allan of Mt. Brydges.

Mr. Doughty rested at Senn and McKenzie's Funeral Home, Hagers-ville, when members of the Canadian Order of Foresters conducted their service on Sunday evening.

Funeral services were held in Nan-ticoke United Church at 2 P.M. on Monday with Rev. Gordon Harris officiating. Pallbearers were Reginald Hedgie, Clayton Volk, Gerald Donaldson, Harvey Evans, Wray Dennis and Hubert Snowden.

Interment was made in the family plot in Nanticoke Union Cemetery.

STOPPING ON ICE AND SNOW - SAFELY

Pumping rapidly on the broke is the safe way to stop on ice or other slippery surfaces. The pumping prevents continuous locking or skidding of the wheels. If the wheels lock, your car is out of control
