

With a Provincial election drawing near, we suspect some of our friends will anticipate nothing but election talk in this column. Well, we're going to fool them. If we say anything that shows any tendency of bias on our part it will be purely unintentional. Criticism notwithstanding, we are going to mention that the election takes place on Thursday June 11th. The polls will be open from 9 A.M. until 8 P.M. daylight.

saving time. The location of the polling booths (there are 27 in Haldimand County) should be well known to every qualified elector. It takes about five minutes to receive a ballot, mark it, hand it back to the D.R.O. and get out of the polling booth. It shouldn't take anyone more than a few minutes to travel from their work and back again on polling day. It seems to us this is a pretty minor demand for the benefit of exercising the right of free vote.

Now if anyone wants to get our dander up all they have to say is "what difference does it make anyway?" Another comment that is distasteful to us is the suggestion that all politicians are feeding in the pork barrel. Well now, there probably are politicians with this object in view but we'll never believe there are any more crooked politicians than there are preachers, lawyers, farmers or newspapermen. And, what's more, there wouldn't be any crooked politicians if every John Doe took his political responsibilities seriously.

Just a final word of comment about the election. We hope a few people will take time off to try and get the qualified electors out to vote. People who do this are, in our opinion, performing a fine service. We have heard critical comment from time to time concerning people who vote, but it is thoughtless criticism. Any effort that is made to ensure as nearly a 100 per cent turnout is a commendable one.

prevention of opinion as possible is worthwhile. And certainly there is no valid reason for anyone to say, "I don't know who to vote for." The one who wants to think seriously about it should have little difficulty in making up their mind.

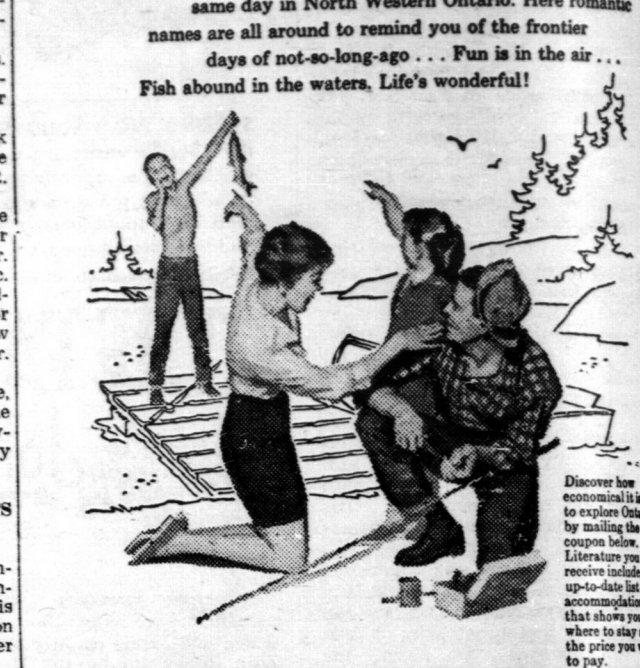

So just remember Thursday, June 11th is Election Day. It is the duty of every qualified elector to cast a ballot, and elect a truly people's Government, no matter what the political label may read.

"Governments long in power tend to deteriorate and disintegrate. Corruption and arrogance infect them, along with downright carelessness and lack of interest in the people. We Liberals appreciate that the people of Ontario will not be satisfied with anything less than a whole new approach to provincial affairs. We pledge that a Liberal government will give to this province a progressive and stable system of legislation to serve our people in a modern, growing society."
