Why be tied to a clothesline?

A clothesline ties you down to weather-watching. But an automatic electric clothes dryer has its own "indoor sunshine." It frees you from the drudgery of lugging heavy baskets of wet wash to the line-it dries your clothes the way you want them-damp-dry for ironing, or completely dry for folding away-and it does all this automatically for less than five cents! There's a treat in store for you the first time, and every time, you use an automatic electric clothes dryer.
