

There were a few people from Jarvis who didn't make the ball game at Fergus last Saturday afternoon, but not very many. The rabid Fergus fans who were obviously disappointed in losing the game could scarcely make themselves heard above the din of the Jarvis fans led by cheer leader George Anderson. George did a magnificent job and even enlisted the support of a Fergus resident in cheering the local team to an easy victory.

This week saw the start of bowling action for the winter months. Doc Austin is looking for a team to play with since the coach of the team he played on last year has not yet seen fit to offer him a contract for this season. Unless Doc shows some improvement we feel the coach is quite justified in withholding his contract. He was known last year as "old glass arm" and there is nothing to indicate yet that he is likely to improve. Of course the Lions No. 1

team will be weakened this year with out "Striker John Martin" in there supporting them. The rumor is that John is going to accept a transfer to the north country, but we're not going to report that as a fact until we see the moving van pull in.

There are a number of local folks in hospital at the present time and concern for their welfare is felt throughout the community. We are hopeful that medical care will restore each one of them to good health and they will be back in our midst again soon.

Progress is being made on the new municipal building on Talbot Street. The construction is in the capable hands of George Reu and Sons and since the foundation was poured on Tuesday we can soon expect to see the building take shape.

Our San Francisco report was so well received it has left us a little dazed. While we are grateful that we are unable to fill several requests for back numbers of the paper, as we have only our file copies left, we might also say that Charlie Clark's suggestion last week that we now take a trip to Mexico and report our experiences in one we are wholly in agreement with. Better still, after seeing Nikita S. Khrushchev and hearing him tell about all the wonderful things in Russia, we'd like nothing better than to hop a jet to Moscow. It's an interesting thought just contemplating what one might write about from that locale.

HAGERSVILLE H. S. NOTES

The first party of the season was held last Friday night from 8.30 to 11.00 in the Gym under the auspices of the Student's Council. A special invitation was extended to the Grade Nine students to attend this Frosh Frolic. The attendance was excellent. Tom Lettner did a good job as M. C. and director of novelty dances. A good time was reported by most students.

Sunday night six Senior students and teachers attended the special school presentation of the Stratford Shakespearean players. We saw AS YOU LIKE IT, and thoroughly enjoyed the play and lively presentation. We were given two hours on our own afterward to look around the theatre and Stratford itself.
