Tourists In San Francisco - By A. L. M. - element of frivolity. So, naturally, we were happy of the opportunity to see in person and to dance to the music of Anson Weeks and his Orchestra at the Sheraton Palace Hotel. First a word about the Sheraton Palace. Before the Sheraton Chain took it over it was known as the Palace and is one of the oldest Hotels in San Francisco. It escaped the fate of the 1906 earthquake and continues to hold an important place as a home away from home for travellers. In the old days it was truly a Palace. The old days it was truly a Palace. The old days it was truly a Palace.

Christian Viewpoint - By "Simon" - YOU AND YOUR SHADOW What is true of nations is also true of individuals. For the life we live has far-reaching implications for our neighbours. I wonder how many of us ever stop to consider how our daily actions affect others in either good or bad; making the world a better or worse place in which to live? We live in a complex society and not one of us can avoid affecting and influencing the lives of others.

ON THE FARM FRONT Brief Notes for the Busy Farmer By Halldimar Harry Several announcements of improvement of farm folk have recently been made for the testing of bull sires. Formerly this has been paid for by the farmer, but now it is done by the government.
