The service around here is terrific!

LIVE BETTER ELECTRICALLY

Two pair of jeans come out of the puddles and fun of wet weather—go into the careful heat of an automatic electric dryer. And before you can ay "terrific" they're ready to be worn again.
This gentle speed and efficient service are just

two of the dozens of benefits you get when you put electricity to work in your home. More and more people every day discover the

value of electricity's low-cost versatility. In the past few decades it has helped us take charge of our chores . . . reduced housework to something that's almost enjoyable and helped raise our living standards to a new high.

In the 60's it will do even more to help fill our working days with pleasure and turn spare hours

National Electrical Week - Feb. 7th - 13th
