

We have long since discovered that the road of life is strewn with obstacles, both big and small, and yet nothing has convinced us that there is any wisdom in seeking to find detours of a less hazardous nature.

The roadblocks we refer to can be examples of dedication to service or related to life by the responsibilities we face from day to day. It is obvious to all that many of us will take a detour every time we are challenged during our existence.

This week we feel inclined to pay tribute to Stan Mitchell because he has just concluded a term of office as head of the Mutual Fire Underwriters of Ontario. In so doing we are, in a sense, paying tribute to the seventy-eight Mutual Presidents who have preceded him and to all others who assume the responsibilities of such an office.

The person accepting office in

LETTER TO THE EDITOR

Mr. Editor: It would seem that an emergency in our local schools has arisen and will become even more acute in September. As has been apparent for the past several years, enrollments are increasing and facilities for handling these are inadequate.

Every child has a right to all of the learning and education he can absorb, but how can he even attempt to reach his maximum, when he is situated in a crowded classroom, among several grades and with only one teacher?

Consolidation is the answer to the problem and it must come about. The school board and the municipal council should be working together to find a solution.

We have some personal knowledge of the contribution made by Stan Mitchell to the cause of Mutual Insurance Underwriting and of the fundamental grasp of the business he has attained in the relatively few years he has been associated with it.

This, of course, is just one man's opinion, but we hold sincerely to the belief it is well merited. We hope the subject of this sketch may subsequently feel some sense of achievement because he certainly has discharged the onerous duties he assumed one year ago with great credit to himself.

EDITOR

council can achieve this. For the ultimate good of all of the community they must be urged to do so.

SANDUSK SMILING STITCHERS

(Intended for last issue) The first meeting of the Sanduski Smiling Stitchers was held at the school on February 8th at the home of our club leader Mrs. Wm. Bray.

There were five members present. We opened the first meeting with the 4-H Pledge followed by the election of officers which are as follows: President, Ruby Bray; vice-president, Shirley Stewart; secretary, Janet Hoover; assistant-secretary, Gail Pond; treasurer, Margaret Stewart; Press Reporter, Janice Krauss; We then decided the colour of our 4-H book would be pink with black letters. We chose the name of our Club to be "The Sanduski Smiling Stitchers." We closed the meeting with "The Queen."

We opened the second meeting with the 4H Pledge followed by the roll call "One thing to consider with the next meeting." It was answered by six members. The minutes were read and adopted by Janice and seconded by Shirley. Next meeting will be Tuesday, February 20 at 7:30. Lunch committee Gail and Margaret. Roll call next meeting: "A line in clothes that suits me." We turned the meeting over to the Leader and then we served a delicious lunch.

Home Assignment: 1. Buy the material and pattern and take to the next meeting. 2. Study instructions and pattern and check measurements. 3. Prepare dress material for cutting. 4. Practice bound buttonhole. 5. Work on Record Book.

CANADA and CHINA

Canada has been a nation for not quite a hundred years. In that time Canadians have earned a way of life unequalled outside North America and not even approached by countries whose histories go back thousands of years... countries such as China.

Part of Canada's success comes from her ability to produce steel. Canada, with a population under 18,000,000, produced 660 pounds of steel per person last year. China, with a population of 600,000,000, turned out 25 pounds per person.

This higher productivity comes from the factories Canadians have built. For example, The Steel Company of Canada, Limited has invested more than \$300,000,000 in its plants and equipment since 1940.

Canadians produce more mainly because Canadian companies are continually improving their plants and equipment.

THE STEEL COMPANY OF CANADA LIMITED. MONTREAL GANANOQUE HAMILTON BRANTFORD TORONTO. Canadian-made steel from Canadian-owned plants.

PERSONALS

Mrs. Harry Belbeck on Tuesday from Ottawa, where she visited with her daughter Dorothy who is eighth birthday.

Mrs. Fred Weir, a former resident of Jarvis, was in town for two days last week.

Mrs. Wm. Nicol of Walpole had the misfortune of fracturing her ankle and is at present in Simcoe Hospital.

Mrs. C. Brown of Bracebridge is visiting with her cousins Rev. and Mrs. R. J. Warren.

Mrs. Clara Smitherman has resumed her duties at the Jarvis Public School after an absence of three weeks in hospital.

Mr. James G. Weir of Ancaster has been engaged as Principal of Jarvis Public School, his duties to commence in September.

Mrs. Belle Fisher of Victoria B.C. and Miss Marian Elmore R.N., of Hamilton called on relatives in Jarvis on Thursday, also attending the St. Patrick's Supper in Knox Church.

We are happy to report that Mrs. John Walker and Mr. Les Porter, who have been in hospital in Hamilton for some weeks, have returned to their homes in Jarvis.

Mrs. R. J. Warren left Sunday to attend a Christian Education Course being held at the Christian Workers Training Centre, at Five Oaks near Hamilton. Five Oaks serves the five central conferences of the United Church of Canada.

FEDERATION FACTS

The annual meeting of Haldimand County Hog Producers was held on March 1st at the Rural Youth Centre, with the president, Wilfred Louke as chairman. Mr. Charles McInnis, President of Ontario Hog Producers Association was the guest speaker and told the 120 hog producers present that they have to stick up for their rights if they do not want to be second-class citizens.

Mr. McInnis told how the Hog Producers Marketing Board are benefiting the producers by giving them a chance to sell their own produce.

Also he stated that the opposition offered only one method of sale that they considered satisfactory while the Hog Producers Marketing Board offered four different methods, but these and are sticking to their idea of auction selling on the open market.

Who spoke were Mr. J. Kohler, general manager of Ontario Hog Producers Co-operative; Mr. Wilfred Bishop, zone representative and Mr. A. G. Steiner, agricultural representative.

ANOTHER ALL-GAS HOME

more home builders choose GAS

Now... nearly all new home buyers and builders select GAS for heating and other household services!

Nothing equals GAS for cooking, water heating, refrigeration, house heating, air conditioning, incineration and clothes drying. GAS is fast, economical, clean, dependable, modern and safe, entirely automatic.

Before you build, buy, or remodel, ask your gas company, architect, builder, heating contractor and appliance dealer how GAS modernizes old and new homes and keeps them modern at low cost.

UNION GAS COMPANY OF CANADA, LIMITED

ON THE FARM FRONT

If you haven't arranged for your supply of seed for the coming season, it is certainly to be recommended that you do so at once. As far as can be determined there is still a fairly reasonable supply available but by getting your supply now you will likely be getting the better quality and will not have to depend on leftovers. It is expected that farmers generally will have made up their minds as to the number of fields they intend to put down with spring grain and will likewise know how many bushels will be needed. Be sure to have your seed treated for smut. The cost is low and the benefits are many.

With 19 Accident Reporters still to hear from in Haldimand County, there have been records turned in on 236 accidents in which Haldimand farm people have been involved during the past year. In several cases more than one person was injured. It would therefore seem that some sort of campaign was necessary to focus attention on this problem. Most certainly some effort should be made to prevent loss of life to say nothing of the property loss and time loss. Let us make the farm a safe place to live and to live safely when off the farm.
