

The Jarvis Cherries deserve the accolades this week. They have brought home their second Intermediate "A" O.R.H.A. Championship and also have the pleasure of designating their Intermediate "B" and Intermediate "C" Champions in former years. Not bad for a team without a home arena.

Ross Pordien, a newcomer to the ranks this year, proved his value to the team by scoring the winning goal in the final game. Harold Nixon topped all previous efforts with a four-goal spurge. The Nixon boys have, in fact, been the key to the championships, both in hockey and ball, that have come to this burg in recent years. Let's hope they will be around for awhile yet.

Never again will we criticize the public address system in our own community hall. We watched the O'Keefe Center in Toronto, last week and strained so hard to hear the artists that we developed rheumatism in both ears. Perhaps the artists were projecting themselves satisfactorily but they couldn't get over the heads of the orchestra in the pit. Otherwise we would recommend a night at the O'Keefe Center for theatre-goers.

Someone asked us the other day what the difference is between Adolph Eichmann and the members of the plane crew who dropped the bombs on Hiroshima. Ask someone else.

We're glad the hockey season is over locally. Now our team Captain, George Anderson, will be able to apply his well-known talents more assiduously to bowling. The Championships in the Monday night league get under way next week and we're waiting patiently to learn the strategy George intends to apply to take the title. There is no doubt he is going to win it since we are on his team.

Norm Graham always has one good night at the bowling alley and he had it this week. Norm bowled an 877 triple to top anything we have heard of yet. We're glad he has it out of his system because when it comes to the Championship we're figuring,

## 4 H CLUBS ELECT OFFICERS

Was your boy or girl included in the 4-H Program in Halldamand County last year? Will he or she be given the opportunity to join a 4-H Club this year?

In 1960 over 200 Halldamand farm boys and girls were in 4-H Agricultural Club projects alone. In addition, there was a large number of girls in 4-H Homemaking Club projects throughout the year.

The 4-H Club idea is aimed at the development of better citizens among our farm youth. In local 4-H Club meetings this actually takes place. Club members learn to conduct their own meetings and older members frequently take part in the program. Judging contests make the work more interesting, and teach club members to be more observant in all of life. Oral reasons in judging help develop confidence and the ability to win on his bowing a reasonable 600 triple. George Anderson says that if we can hold Norm down to that score it's on the Championship we're figuring,
