THE JARVIS RECORD

HON. JAMES N. ALLAN

Not to be outdone by our contemporary, The Port Dover Maple Leaf, we follow the pattern set by that great Journal of opinion, last week, by running a two column front page editorial on the all important question of succession to leadership in the Ontario Government following the announced retirement

of Premier Leslie Frost. First of all we must commend the Port Dover Maple Leaf for casting aside political considerations and coming out in full support of the Hon. James N. Allan as the new leader of the Progressive-Conservative Party in Ontario and thereby assuming the mantle of Chief Magistrate of the Province of Ontario. For many years we have been urging the Port Dover Maple Leaf to throw their full support behind the candidate of our choice and at long last we are proud and happy to see they recognize the merits and qualifications of one of the most dis-

tinguished parliamentarians in our history.
Within a few days, it is likely, it will be known whether or not the Hon. James N. Allan will contest the leadership of his Party. It is known, or should be known, to everyone acquainted with him that he is not hungry for power. It is likewise known that few men have contributed so much to their constituency, the Legislature and the good Government of this Province, as has the Hon. Mr. Allan There are none who can equal his experience in municipal life, Legislative procedures and Minerial responsibilities. He has administered the most difficult

In choosing a new leader, to succeed a man who gained mself with distinction. such wide respect as Premier Leslie M. Frost, a heavy resconsibility rests upon the Ontario Progressive Conservative Party. It is obvious to us that those charged with top responsibility in managing the affairs of the Party should be going hat in hand to Mr. Allan in an effort to persuade him to take over. Any other course will be dangerous to the Party future, particularly if battle lines are spread too wide. There are many potential future leaders within the ranks of the P.C. Party but their "image" to date is not one that will replace the visvell as the strength and ability to do the job.

His many friends in the riding of Haldimand-Norfolk are hoping he will accede to the challenge of the new responsibility facing him. But whatever his answer may be, he will continue to enjoy the respect of his constituents for whom he has work-
